THE race ain't always to the swift. VELVET is way ahead of those quick-cured tobaccos, even if it does wait two years for agein'.

There are less expensive ways of curing tobacco than Nature's way-not less than two years of mellowing in sealed wooden casks. But that ageing gives VEL-VET its smoothness, and brings out to the full the natural fragrance and flavor of the choice Kentucky Burley tobacco.

[By Associated Press to Coos flay Times.] PORTLAND, Sept. 23 .- The seals took another victory yesterday and shoved the Beavers down to a fighting place in the cellar with the Oakland Commuters. There was gloom too, for with the marriage of Captain Spees the locals had a favorite hunch that there was going to be a turn for the better.
