Fisk Bicycle Tires

It Will Pay You To Use FISK Tires

During the past Spring and Summer we have sold 208 FISK bicycle tires. Two of these 208 tires failed to measure up to the standard of FISK perfection and we immediately replaced them.

We believe this to be a phenomenal record that should convince every bicycle owner that FISK bicycle tires are the kind he should use.

Lien on Land.—A lien has been taken on property belonging to J. J. Burbridge in eastern Oregon for payments of debts left here. Suit has also been instituted against him in the justice court by Lockhart and Warner for \$40 left owing the Warner Grocery store.

Gets Hay Shipment.—Lew F. Price, the dairy kind of Summer, is already shipping in winter feed for his cattle. The last boat brought him 50 tons or 350 bales from San Francisco and today this was scowed to his ranch on Catching Inlet. Many farmers have to bring in hay from the outside for their cattle through the winter.

Wins Race, but in Vain.—Visions of court opening at Coquille without him in his regular place loomed big in the mind of A. B. Loud this morning as he rounded Broadway into Hall avenue this morning and saw the train already pulling out of the yards. He sprinted, put on more speed and just did climb aboard. The train sallied on down to the switch, backed up and spent the next ten or fifteen minutes loading baggage at the depot, while the genial court reporter received the gibes of his legal friends.

Pastor Returns.—Rev. H. B. Foskett, pastor of the Marshfield Baptist Church, will return Saturday via Drain, from a two weeks' visit to Portland in the interests of the work of the Oregon Baptist State Convention. Mr. Foskett will preach morning and evening in the church on the following subjects: "The Shepherd Ministry of the Gospel" and "Taking Account of Stock." Sunday will be a Rally Day in all departments of the church, with special music at all sessions. A cordial invitation is extended to all.

Low On Money.—The government is not very liberal in its fees sometimes. This is evidenced by a letter received by Justice Penneck this morning from the U. S. Marshall's office in Portland in connection with the William Shook white slavery case. The fees of the justice courts were cut slightly in accordance to those allowed in federal courts and Constable Cox loses about \$5 for serving papers and Marshal Carter two or three dollars for the same trick. Also no fees are allowed for the defendant's witnesses.

Would Write Article.—There has been received at the Chamber of Commerce a letter from a newspaper and magazine writer of Battle Creek Michigan, asking for pictures and information on several places of interest on Coos Bay. He says that he can make use of them in articles to eastern publishers. Especially the man wants a photo of the Life Line. His letter was referred to Rev. Hall who states that not a week passes but what some one somewhere wants a picture of the novel boat that does missionary work on every arm of Coos Bay. A picture of a fallen tree out near Fairview being used as a bridge across a stream is also asked for.

A special program, with appropriate music, has been prepared for the occasion.

EXTRA QUALITY POTATOES

This season it has been difficult to secure good potatoes. Owing to the blight that struck many fields, consumers have been complaining of the potatoes cooking poorly, turning black and undesirable.

So far we have had hardly a complaint about our potatoes. We have secured them from some of the best Coos County growers and can assure you of satisfaction.

We sell them for a cent and a half per pound.
