#### EUROPEAN WAR ONE YEAR AGO TODAY

SEPTEMBER 29, 1914

The Allies are reported to have broken through the German right and are pursuing the enemy. Petrograd announces that the Russians have repulsed the Germans at several points with fierce fighting.

In Galicia the Austrian rear guard suffers another defeat near Doukha. An official announcement at Nish says that San Posak has been captured by the Serbians.

The German cruiser Emden sinks the British steamers Tumeric, King Lud, Ribberl and Foyle.

#### WILL DEVELOP MINES

THE production and shipping of coal promises to be greatly increased when the railroad is finished and will develop into a big industry for Coos County. Assurance is given that there will be a rate on coal which will allow its being shipped from Coos Bay to the interior of the state to compete with other markets. Judge Skipworth in a Eugene paper calls attention to the fact that Coos Bay coal will be burned in that city when the road is finished. There are large sections of the state which will want one coal and the market with the road done will be a big one. The result will be a greatly enlarged industry for this section. C. A. Smith once said that while the lumber business was a big thing in this country he firmly believed that the coal would in time turn out an even greater industry. With the rail transportation the business will quickly grow and many sections of the state which have no coal and want our coal will be using it. On account of the lack of transportation to the interior, the coal business in Coos County has never before had the chance to develop to the great extent that the resources would allow.

#### WITH THE TOAST AND THE TEA

##### GOOD EVENING

Wherever a man is there is an opportunity for doing a kindness.

##### HILLS

I never loved your plains—  
Your gentle valleys,  
Your drowsy country lanes  
And pleached alleys.

I want my hills!—the trail  
That seems the hollow—  
Up, up the ragged shale  
Where few will follow.

Up, over wooded crest  
And mossy boulder  
With strong thigh, heaving chest,  
And swinging shoulder.

So let me hold my way,  
By nothing halted,  
Until, at close of day,  
I stand, exalted.

High on my hills of dream—  
Dear hills that know me!  
And then, how fair will seem  
The lands below me.

How pure, at vesper time,  
The far bells chiming!  
God, give me hills to climb,  
And strength for climbing.

Some Coos Bay married men only get homesick when at home.

If some Coos Bay men had their way the alphabet would be changed around and "I" would be the first letter and "Y" would be the last letter.

You may not realize it, but the man who keeps his hits scattered, is a more valuable man than the one who has a no hit game to his credit.

It is a wise Coos Bay girl who knows enough to pretend that she doesn't know too much.

It makes a man despondent when he stops to think what a fine fellow he would be if his grandpa and grandma had been compelled to pass a board of eugenics before they were married.

Religion is a great factor for keeping men out of trouble. But hard work is also entitled to some credit.

There isn't much class to a Coos Bay man who knocks his wife or his home town.

##### THE TROUBLE

"The Trouble is," remarked Claude Moon.  
"With any self made slob is that he knocks off work too soon and brags about his job."

#### APPOINTED AGAIN

Many in Attendance at Oregon Ministers' Conference—Rev. Ruthledge in Ill Health

Falling health in Oregon has again cut short the labors of Rev. H. I. Ruthledge in this state and he has returned for the second time to Canada, according to Rev. Joseph Knotts who has returned from Roseburg where he attended the Oregon Conference of the Methodist church. Rev. Alfred S. Hisey for the seventh consecutive year has been returned to the pastorate at North Bend.

##### Goes to Canada

Rev. H. I. Ruthledge, who formerly was in the Methodist church in Marshfield and is very well known here, with his wife attended the conference. Ill health caused him to leave here and he then went into Canada for a time. Three or four months ago he thought he was better and answered a call to Lebanon but again he is forced to give up the work here and go north again. He will probably accept a pulpit in Alberta.

All of the Coos County appointments excepting North Bend were announced yesterday.

#### TOBACCO CULTURE NOT SUCCESS HERE

The producing of tobacco in the Coos Bay country which was attempted by several Greeks who understand the business, has not proved to be a marked success. The tobacco will grow all right but it does not cure well here. The Greeks rented the Gage farm at Allegany and there made an experiment with tobacco. They understand the culture of the plant and they say that some of the tobacco grew six feet high but on account of the rainy weather it does not cure well. The only way that it could be handled would be to have a dry kiln and it would not pay to build one for the amount of the plant that they could produce.
