

Protecting You

Which do you prefer—the work of the master, the originator—or a copy, the work of an imitator? In which lies your protection?

From an ordinary inspection you might think both were the same. But you soon realize that the similarity is all in form—nothing in substance.

The Chaminaide Club held a meeting on Friday morning. The entire time was devoted to rehearsal and the two papers, one by Miss Clara Myren and the other by Mrs. Benj. Ostlund. Poultry Ranches

The CARNIVAL is now HISTORY. Every one had a fine time. But it's now time to rehabilitate our purses.

Mr. Daylaborer, have you really been thinking? Can you give one valid reason why Coos Bay should not easily equal Petaluma as a poultry center?

We have the land and the prices, the climate, the corn, the buckwheat, the sunflower, the lime, the grit, the proteid elements, and the market.

We need many families with the grit, gumption, a desire for a home and independence and who have a love for honest labor, to go into the pioneering of Coos Bay poultry business.

Let us quote you some desirable places at \$7.50 an acre and up.
