Consider First Your Home

Aeroplanes, joy-riding, amusements, luxury and things that last but for a day--let them wait. Your homes affect your very natures. They influence your lives in more ways than you can realize. It is false economy to skimp on things which make for a better, more comfortable and happy home.

Why not get the most out of home life? Electrify your home and know what living really is; what a comfort and what a saving in time and strength an Electric Flat Iron and Washing Machine will be; how an Electric Cleaner will improve the appearance of your home--make it brighter, cleaner, better to live in; how you will enjoy a breakfast that is prepared with the Electric Toaster, Electric Percolator or Grill.

Take the first towards all this comfort by installing Electric service. See us today and let us explain "how" and "how much."

SUNRISE AND SUNSET

Saturday
 October 23 --Sun rises at 6:39 and sets at 5:12.

New Corporation--Articles of incorporation have been filed at Salem by the Pacific Herb Company. The capital is \$325,000.

Corn Exhibits--Among the ranchers bringing in corn exhibits for the corn shows yesterday were V. K. Rood, W. G. Bessey, W. A. Collier, George Ross and A. Gunnell.

For Operation--Mrs. Wilson, a Sumner pioneer, who left this week for San Francisco will undergo an operation for cancer there. Her son, F. E. Wilson, and Mrs. F. E. Wilson, and daughter, accompanied her south.

Injured in Woods--John Dashney, foreman at Camp 5 of the Smith-Powers Logging Company near Powers, had his leg badly injured yesterday morning while aiding in moving a donkey engine. He was brought down on the train last evening and taken to his home on South Fifth street, where he probably will be laid up for some days.

Decides for Plaintiff--Judge Penock, in Justice Court, this morning decided in favor of the plaintiffs, the Woolen Mill Store, the case brought by them against Mrs. Lydia Keller for the collection of \$59 claimed to be due on goods bought there by her son. A desk and typewriter were attached and a stay of execution for 60 days was granted to make payment.

Now Totally Blind--When Mrs. W. F. Byerly, of Eastside, went south to San Francisco some time ago seeking aid of an eye specialist, she expected her sight would be helped. She has returned from the south and has lost the sight in her other eye and it is feared will be totally blind. Her many friends sympathize with her in this serious affliction, hoping that perhaps there is still a chance of her seeing again.

Motor Car Off--When the motor car ran into the back end of the Coquille train the other day the accident laid the former up in the shop, and, inasmuch as there are only two locomotives on the local railroad and both are in daily use, there has been no hourly service of the S. P. between Marshfield and North Bend. Supt. Miller said the motor car will be out of the shop this morning.

Phone to Station--C. E. Martin has been here the past week aiding in putting in a cable to the new life station site went to Bandon yesterday morning to inspect some work at the station there. It is likely that arrangements will be made to get better phone service to the new station than to the old one although it has been a government rule not to connect up their lines with privately owned lines.

ROAD FOR MAYOR

Some friends of D. L. Rood were talking today of bringing him out for Mayor.

Dr. Geo. W. Leslie and J. O. Langworthy are also talked of as possibilities for Councilmen.
