## Among The Schools

### HIGH SCHOOL NOTES

(Edited by Supt. F. A. Tiedgen.)  
 There are 32 non-residents in the High school.

Seven contestants appeared in the debate tryout Thursday evening. Messrs. Seaman, Walters, Hongel, Bolt and Misses Harris, Cowan and Hansen. Jesse Franz had entered and was present but was kept out at the last by a bad cold. The question was the adoption of the Swiss military system to United States. The Judges were E. L. McClure and J. T. Brand. The judges were instructed to choose four regulars and two alternates. They chose as regulars: Miss Hansen, Miss Cowan and Mr. Seaman with Mr. Walter, as alternates Mr. Bolt and Miss Harris. Mr. Bolt was a strong contender for the regular team. He had good thoughts thought logically, but lacked fluency. Walter and Seaman lacked fluency. Hongel presented some of the best thinking on the program but it had not been organized. Miss Harris' manner and tone of voice did not carry conviction. Miss Hansen and Miss Cowan received the highest rating of the evening but they, like all the other speakers, gave the impression that they had not given the question more than cursory investigation. It was a good tryout.

An effort will be made to arrange a debate for the alternates with North Bend.

The committee of Primary teachers appointed to work out a course in arithmetic for Marshfield schools that would comply with the state course but go into much greater detail, reported in favor of the New York course.

Pupils in the Elementary Teachers' Course have just finished the seven weeks' consideration of Arithmetic. Reading is the next subject for consideration. There are six pupils in the class; the Misses Sargeant, Brown, Stack, Hansen, Escott, and McCune.

Students and teachers of the high school chose sides Friday afternoon and engaged in gridiron contest. A right good idea. "Exercise for everybody."

The Seniors won this week's "spell."  

Class	Average	No.	Perfect
Senior	98	19	
Junior	94.67	12	
Specials	94.	11	
Sophomores	93.12	18	
Freshmen	91.70	20	

**English Department**  
 The English department is emphasizing composition this year. Each class devotes one day exclusively to oral composition and includes oral work each recitation in literature and written composition. The freshmen have current events, fairy stories, impromptu discussions of public questions, and book reviews. The literature work is progressing well. The Seniors are ready to take up Emerson; the Juniors are preparing for a Shakespearean play; the Sophomores are studying the "Idyls of the King"; and the Freshmen are reading "Irving's Sketch Book."  
 As an aid to discussion of public questions, the department will subscribe for a number of current magazines.

Miss Schmidt of North Bend who expects soon to teach in one of our neighboring schools, visited Mrs. Wilbur's room last week.  
 Mrs. Jensen and Mrs. Gettings were also visitors.

 Miss Doris Sengstacken will leave next week for California where she will spend two months.  
 Blanche Copple, Elvie Grant, and Katherine Nicholson of the A seventh grade had perfect grades in their arithmetic test this week.  
 Chester Bascom has been absent on account of illness.

**PARIS RENT NOT SO HIGH AS FORMERLY**  
 (By Associated Press to Coos Bay Times.)  
 PARIS, Oct. 30.—There are evidences that the upward movement of rentals in Paris has received a lasting check. A luxurious apartment in the Avenue de l'Alma that rented for 25,000 francs a year has just been leased for 17,000. In the quarter of the Parc Monceau apartments that were in great demand at 6,000 francs are now offered at 5,000.

Before the war in the quarter where commerce in luxuries flourishes particularly, the landlord has never to seek a tenant. He simply marked up the rentals 10 per cent in anticipation of the expiration of the lease and waited for his customer; he was never obliged to advertise. Today one of the striking features of these same quarters is the long wide band of canvas that here and there advertise an apartment or a store for rent. There are dozens of them on the grand Boulevards from the Place de la Concorde to the Place de la Republique; there are four in the Place Vendome, several in the Avenue de l'Opera and Rue de la Paix. Some of the former tenants have gone out of business, some have sought other less expensive quarters and others have simply compromised with the landlord; unable to pay rent they have given way for anyone who can.

Real estate experts predict that the decline in commercial rents and rents for luxurious apartments will continue after the war while small and modest apartments will be unchanged or higher. A great many families broken up by the war and with finances more or less tied up will abandon large apartments and increase the demand for smaller ones.

**KOREA CONTRIBUTES CLOTH FOR RUSSIA**  
 (By Associated Press to Coos Bay Times.)  
 SEOUL, Korea, Oct. 30.—Korea's contribution to supplies for the Allies is chiefly cloth for Russia and upon this almost every fireside is engaged. The Chosen Tanning Company, is, however, turning out a large number of boots and ammunition pouches and cases for the Russian armies.

Orders to the value of one and one half million yen or about \$750,000 have already been filled by this concern. The Russian military authorities are already negotiating for another large order. This vast extension of business has obliged the company to take on a big force of extra workmen who are mostly Koreans with some Japanese. The plant is running day and night. Some prison inmates have also been employed in the work.

Big orders for cattle, rice and miscellaneous leather goods are being filled in Northern Korea for Asiatic Russia. The people throughout the country are thus benefiting by the war, for almost every worker has an opportunity of placing his services.

**SELLING GOODS**  
 The big problem in selling goods is getting the customer into the store. Coos Bay Times ads will help you solve this problem.

## Coos River School News

(Special to The Times.)

THE Coos River School opened in their new building at the forks of the river on September 13 with an enrollment of 76 pupils and four teachers. Since then the number has grown to 85. The high school, under Mr. Tavenner, has 16 students; the grammar grades under Miss Buetow, 18; Miss Sprague's intermediate room numbers 17, and in the primary department are 34 pupils in charge of Mrs. McLeod. The school is completing the seventh week of very successful school work.

All of the pupils, with the exception of a few that live near the school house, come to school in boats. The Rainbow brings those who live on the South Fork, the Hope those from the lower river, while from the North Fork there are six high school students in regular attendance.

A rivalry has sprung up between the pupils from the different boats and is taking various forms. A song contest was the first thing that came up, for which a prize of a flag in the school colors has been offered for the best school song composed. Songs have been composed by the three groups, and a decision is to be made by disinterested judges at the assembly hour next Tuesday, when the songs are to be sung by the authors.

Last Friday during the afternoon recess a cross-country run around the large school grounds was run by teams from the Rainbow and the Hope. The latter won by a score of 42 to 35. There is talk of basketball contests between the boats and we understand that challenges have been issued and accepted and the games to be played in the near future.

The high school boys have taken up basket ball as an outside game and expect to continue it until the bad weather sets in. They have the grounds in good shape now and are developing skill in a game which is new to nearly all of them. Hutton O'Conner has been elected captain of the school team.

The fourth and fifth grades have sent letters written in their language classes to a school in Tampa, Florida. They hope to receive answers and thus start correspondence that will continue for a long time.

George and Lawrence Bessey, of the high school, are varying their education by a two-weeks trip to the exposition at San Francisco. We know they are enjoying the trip, but fear that they were sea-sick on the run down the coast on the Santa Clara.

The lower grades gave a short program in honor of Halloween on Friday afternoon, to an audience composed of the rest of the school and a few parents. Witches, brownies, jack-o'-lanterns, and other characters seen only at this season, turned the familiar school building into a strange fairyland for the hour.

Plenty of good, sound sleep is the answer.

## Consider First Your Home

Aeroplanes, joy-riding, amusements, luxury and things that last but for a day—let them wait. Your homes affect your very natures. They influence your lives in more ways than you can realize. It is false economy to skimp on things which make for a better, more comfortable and happy home.

Why not get the most out of home life? Electrify your home and know what living really is; what a comfort and what a saving in time and strength an Electric Flat Iron and Washing Machine will be; how an Electric Cleaner will improve the appearance of your home—make it brighter, cleaner, better to live in; how you will enjoy a breakfast that is prepared with the Electric Toaster, Electric Percolator or Grill.

Take the first towards all this comfort by installing Electric service. See us today and let us explain "how" and "how much."
