Back From Hunting.—Mr. and Mrs. Burt Doremus returned on the Messenger this morning from the head of Haynes Inlet, where they have been duck hunting since last Friday. They enjoyed fairly good luck and after eating a good share of the bag, still had a few to bring home with them.

Peddled Razors.—A. L. Castle was arrested this morning for peddling razors on the street without a license. He had bought two for 50 cents a piece and sold them outside later at 75 cents a piece. He was jailed for a short time and, on recommendation of Judge Butler was told to "beat it." He did.

Wife Operated On.—This morning C. F. McGeorge received a letter from Al Jensen, who recently went east, saying that he had just brought Mrs. Jensen back from Minneapolis where she underwent a slight operation. They are now at their old home at Fall River, Wisconsin, and expect to stay there this winter.

Shoots an Otter.—On Sunday while while duck hunting near the head of Ten Mile lake Captain Monson, of the Messenger, shot a good-sized otter. He expects to sell the skin in Portland. The ducks are coming in steadily now, he said, and the hunting is improving. He succeeded in bagging 19 that day.

Can See War Pictures.—Tom James today put the pictures received yesterday from Dr. E. V. Morrow, who is in Belgium, in the Chandler Hotel, for display, where they attracted considerable attention. Many remark that it is surprising the pictures were allowed to pass through the rigid line of censors.

Water Is Raising.—Captain Herman Edwards, of the Millicom, said this morning that when the boat left Allegany, he found that rains of the past two days raised the depth of water about three feet. With this continuing, he says the C. A. Smith company should be able to get some of the logs out very soon. There is a big jam above Allegany.

Talks Are Interesting.—The addresses of the Rev. H. B. Foskett, each night at the Baptist Church, are meeting with good attendances. His topic for this evening is "Higher Ground" and Mr. Foskett asks that members of all churches come, if possible. The meetings open exactly at 7:30 o'clock. The Rev. G. LeRoy Hall is leader of the songs and the chorus.

Have Special Train.—Swan Benson came back last evening from Lakeside, where he looked after the work of the Hauser & Hauser Co., leaving this morning for Portland. Through his efforts and those of Mr. Hindmarsh and Mr. Hauser, a special train was secured to take the party tonight into Eugene instead of delaying until tomorrow afternoon at Florence.

Many Go On Stage.—The Atlas this morning carried a good passenger list down the bay for the beach stage out via Mapleton. Mr. and Mrs. R. E. Miller left for Seattle, Mr. and Mrs. V. G. Hindmarsh and Mr. and Mrs. Harry J. McKeown left for a visit at the exposition and Mr. and Mrs. Kenneth D. Hauser left for Spokane, where they will spend Thanksgiving with Mrs. Hauser's parents.

Meets Accident.—Mrs. Charles Sneddon was the victim of a painful accident last evening when she slipped and fell, badly spraining her left ankle. Mrs. Sneddon was just recovering from a few weeks' illness and was out yesterday for the first time. The accident, while not dangerous, is likely to be serious at her advanced age, she celebrating her 72nd birthday last Saturday. It is feared the mishap will lay her up for some time.

Test Out Transmissions.—W. D. Scott, division equipment engineer of the Pacific States Telephone and Telegraph Company, from Portland, and S. H. Hess, chief transmission engineer of the company, from San Francisco, have been here two days testing out the transmissions of the local telephone company. This is for the purpose of bettering the long-distance talking to San Francisco. The line goes via Portland where are used repeaters, the P. T. & T. Co. being the only subsidiary company of the A. T. & T. Co. using this equipment.
