"The Shoe Tax"

Father's income knows what it is and to mother
it is also a very real thing.
It means the high cost of keeping a growing boy
or girl properly shod.
When father and mother figure out all the new
shoes they have to buy they are apt to conclude
shoes are made out of paper rather than leather.
Care in purchasing will cut down this tax—care
in choosing the right shoes and care in buying at
the most favorable time.
And the first step in the right direction is a
study of the advertising in THE TIMES that
gives the helpful information.

Star Past Matrons Society will meet
tomorrow afternoon for a business
and social session with Mrs. E. G.
Flanagan.

Fix Up New Office.—August Fri-
zeen and M. G. Duncan are today fix-
ing up their new offices at 186 South
Broadway where they expect soon to
make their headquarters, having re-
cently sold out the bookstore on
Front street.

Buys Fine Home.—L. A. Lille-
qvist has purchased through I. S.
Kaufman agency the northwest cor-
ner of the Merchant block, known as
the Tennis Court, as a home site. The
property is at Ninth and Elrod and
is one of the finest locations in the
city.

New Roadmaster.—According to
a report from Coquille, the Coos
County Commissioners expect to
elect a new roadmaster soon to fill
the vacancy caused by the retirement
of P. M. Hall-Lewis. The idea is
said to be to have him take office
January 1.

Many Ducks.—Jay Tower and
Claude Nasburg killed 24 ducks
yesterday at the island in a few
hours. Mr. Tower says that there
are more ducks around the bay, all
varieties, than he has seen in a
long time. The cold weather in the
Willamette Valley and the cold
weather in the north has driven
them in here.

For Mrs. Dix.—Considerable
amusement was caused at The
Chandler today when a letter came
addressed to "Dr. and Mrs. Geo. E.
Dix." It is expected that Dr. Dix
and Frank Laise will be home in a
day or two from their trip to the
exposition, unless Mr. Laise
succeeds in getting Dix to accom-
pany him on a long-desired trip
to Honolulu.

SUNRISE AND SUNSET

Thursday
November 18—Sun rises
at 7:16 and sets at 4:37.

New Orchestra.—Jeno Sevely has
decided to organize an orchestra to
furnish music for public functions on
the Bay. He will have local parties
as members and the instrumentation
and personnel will be different, ac-
cording to the program required. He
expects to raise the standard of music
for such functions on the Bay.
His excellence on the violin and abili-
ty as a director will insure a wel-
come for his new project.

Sudden Flash Scare.—As he look-
ed through the doors of the Cham-
ber of Commerce this morning John
Motley saw a flash of fire slit across
the window. He rushed out think-
ing the building where the corn for
the corn show had been placed was
on fire, as he had left an oil stove
burning in there a few minutes be-
fore. The building was alright and he
concluded the flash was either
one of lightning or from the power
wires in front.

Wife is Anxious.—In The Times
yesterday appeared the account of
the trip of passengers down the
beach on Tuesday afternoon from
Florence and how Prof. J. E. Lar-
son, of O. A. C., fell off the baggage
stage into Ten Mile Creek on his
hands and knees. The account was
wired to Portland, appeared in a
paper there and this morning Mr.
Larson got a wire from Mrs. Lar-
son asking him if he had been in-
jured and his friends since then
have been having fun at his ex-
pense. He took his ducking very
gamely.

Walter Holmes, for some time fore-

Comes As Surprise
The announcement of Mr. Rus-

alluring that he could not reject it.
The Diamond Coke & Coal Company

sequently there is an added induc-
ement of returning there.
