Among The Schools

SCHOOL NOTES

"The Test of Efficiency in Student
Life" was the subject of an address
by Rev. Robert Browning to the stu-
dents of the High school Friday
morning at ten o'clock. Efficiency
consists in not an over stressing of
the physical, and the mental but in
a proper balance of the physical, the
mental, and the spiritual. Attention
was called to some marked defects
of the student life of the present and
the appeal was made that these be
corrected.

Lunch will be served in the kit-
chen daily beginning Monday. The
hour for grade pupils will be 12:00
o'clock, for high school students
12:25 and 1:10. Menu and cost
will be tentative for the present.

Menu

Soup—per bowl 3c
Chocolate—per cup 3c
Milk—per glass 3c
Sandwiches—each 2c

The prices charged will be just
enough to cover cost. The service
will be cafeteria. Students who
wish, may bring something from
home and order soup, milk, or choco-
late. For the present students are
asked to give in their names before
eight o'clock of the morning on
which they expect to take lunch.

It was roughly estimated that
about twenty-five all told might wish
to be served daily. On Friday night
however, twenty-four had enrolled
from the High school alone.

The specials win the "spell" this
week; the juniors win out over the
seniors, the freshmen outrank the
sophomores.

	Aver- age	No. Per Cent 100s of 100s
Seniors ...	91.22	8 25.8
Juniors ...	92.95	8 38.9
Sophs ...	89.9	10 35.7
Freshman ...	90.73	14 35.1
Specials ...	97.3	3 50.

The High school phone is now
416.

The emergency case in the Chemi-
cal laboratory is the work of the
manual training students.
Debaters are hard at work in the
library every Monday evening.

Remember the "Community Sing"
at the High school auditorium Wed-
nesday evening—the night before
Thanksgiving.

A debate is announced for Con-
gress next Tuesday between Davis
and Franz vs. Storgard and Hongell.
Congressman Wright will be allowed
part of the time for the presentation
of arguments recommending an in-
crease in the U. S. navy.

The department of Chemistry
stands ready to offer night class in
Chemistry to any who may wish the
work; providing, of course, a class
of three or more can be organized.
Communicate with Mr. A. J. M. Aob-
ertson.

Remember we are willing to send
our commercial students to assist
business men with their clerical
work. We intend to solicit that priv-
ilege for some of them if we can
ever get time to make the interviews.
In the mean time if you have any
office work call 416 and we shall
make it our business to see that some
reliable help is sent. If you need
help at the first of the month in
mailing out statements, let us know.
We have been permitted to supply
two business firms so far.

Class 4 A high school averaged 89
on home spelling assignment, Friday,
Elmer Sampson, Alma Wieser, Mary
McKinnon made 100.

The third issue of the Purple and
Gold came out Wednesday. It was
the best yet. That department of
student opinion was a welcome addi-
tion. The issue did much to con-
vince many that a live student paper
can render good service in a school
like ours. And there are greater
possibilities yet.

School will close Wednesday night
next week and remain closed until
the following Monday.

COOS RIVER SCHOOL NEWS

The Hope Song
We are the Coos River High School
With colors white and green
And it is painted now and so
With colors red and green.

Coos River School house keep it up
For you are a dandy
Mind the scholars be not late
And with their books are handy.

We hear the whistle of the Hope
And he away in the morning
George grabs from each wharf a lit-
tle dwarf

Without a word of warning.
And there comes the Rainbow
Our South Fork sister boat
With the boys and girls we all know
With dinner pails and coat.

The Millcoma first is seen
With boys and girls a few
Hope, Millcoma and Rainbow
Are just the three we view.

At the Tuesday assembly a pro-
gram was given by the Rainbow pu-
pils. The audience consisted of the
Hope and Millcoma pupils, Mr. Bes-
sey and Mr. Bischo of the board of
directors, and Mrs. Bessey. The
program started with a verse by John
Smith explaining the purpose of the
entertainment. There followed a
"Rainbow Song", and a "stunt" with
flags with the different letters com-
posing the word "Rainbow." The
performers in the stunt were Ervin
Storm, Edith Stanley, Henry Smith,
Ruth Bessey, Erna Hodson, Agnes
Hall and Alton Hall. It ended with
the entire crowd singing the Rain-
bow song.

The fourth and fifth grade pupils
received answers to the letters
that they wrote to the corre-
sponding grades in Tampa,
Florida. Some of the letters
were very interesting. One stated
that there were 144 cigar factories
in Tampa, another said that there are
1100 children going to their school
and that there are fine summer re-
sorts out there where the orange
trees are now in bloom.

George and Lawrence Bessey re-
turned to school this week after a
three weeks absence while they vi-
sited the exposition at San Francisco.
There was a school meeting at the
school building Tuesday. There
were seven people in attendance and
an additional school tax was voted
for and carried.

The students of the High School
have organized a student body. The
time set aside for the meetings are
Friday morning. At the next meet-
ing the permanent officers will be
chosen.

A club has been formed in the
high school English department cal-
led the Autobiography Club. Most
of the students are members and they
are to write their autobiographies
and read them before the club.
Painting and drawing were started
this week in the Intermediate and
primary grades.
