

### New Hub Store News

THE FIXTURES for the new Hub Store in the Irving Block on Central Avenue have arrived and have been installed. They are the latest type, designed not only for beauty, but for service, and we would be glad to have you drop in and view one of the handsomest store rooms in Oregon.

The majority of the stock for the new Hub Store has arrived and much of it has been opened. Additional shipments are constantly coming, some having been delayed in transit. In order to take care of immediate needs and to accommodate the public, we have opened the store to serve you.

Our formal opening will be announced later, just as soon as the complete stock for the new store has arrived and been placed on display. At that time we will make the detailed announcement of the stocks and lines that the new Hub store will handle.

This announcement will be one of the most gratifying that Coos County people has ever read—it will be a message announcing merchandise of a higher standard than it has ever been possible for a store on Coos Bay to supply until the new Hub Store was started.

Drop in and see the new Hub Store for yourself.

### MAY PROSECUTE BUYS LANDO STORE

#### JUNK DEALERS MUST NOT BUY LINOTYPE METAL

Is Also Illegal to Melt up or Purchase Plates Taken From Santa Clara Wreck

Junk dealers who purchase linotype metal which has been stolen from the newspaper offices are liable for prosecution. There has been some quantities of metal taken from the newspaper offices lately. The metal is expensive and if it is learned that any dealers purchase it from anyone who attempts to sell it, they will be prosecuted.

#### Plates Are Taken

Some boxes of plates were taken from the Santa Clara wreck and it will be illegal to purchase these. The plates used by the newspaper are never purchased. The papers pay certain sums for the use of the plates and then they are sent back to the American Press Association which furnishes them and which company owns the metal. The American Press Association is a big concern which transacts business from the Atlantic to the Pacific, and protects its plate matter traveling about almost as carefully as the United States mails is protected. Anyone who melts up these plates to secure the metal or sells or buys them will be likely to be prosecuted.

### SHOWS CITY VALUES

#### ASSESSOR GIVES TOTALS FOR DIFFERENT PLACES

Amount of Property in Each of the Port Districts is Also Indicated

Assessor Thrift is quoted in the Coquille Sentinel as furnishing the following as to the assessed valuations in the cities and ports of this county, not including, however, the half million dollars worth of property of public service corporations to be assessed by the State Tax Commission:

Bandon	\$ 843,812
Coquille	594,815
Eastside	199,246
Empire	139,580
Marshfield	2,700,137
Myrtle Point	369,245
North Bend	1,190,336
Beaver Hill	51,690

Total .....\$6,088,861  
Port of Bandon .....\$5,401,685  
Port of Coos Bay ..... 8,883,111  
Port of Coquille River ..... 5,897,303

Total in Ports .....\$19,882,099

#### WILL LECTURE TONIGHT

Dr. Masson To Tell of Milk and Meat Inspection

Dr. J. L. Masson, of Myrtle Point, was invited here by Dr. E. E. Straw, the city health officer, to lecture tonight before the members of the city council on the subject of milk and meat inspection in the city. Dr. Masson will give some valuable pointers to the members of the city council.

#### IN NEW UNIFORMS

Western Union Messengers Present Military Appearance

Ernest Drews and Robert Peters, the two Western Union messenger boys, have blossomed out in new Western Union messenger uniforms. They are dark blue suits of heavy cloth with caps to match and are adorned with brass buttons and decorations sufficient for a Bulgarian general.

The company furnishes the suits to the boys as long as they hold the job but each is to spend forty cents a week to keep the uniforms cleaned and in good order. There is no mistake taking the "speeds" of the Western Union office now. To add to their efficiency they both ride bicycles, and are prompt in getting about the city delivering and collecting messages.

### SHIPPING NEWS APPEAL FOR SURVEY

#### COQUILLE RIVER PEOPLE WANT AID WHICH WAS REFUSED

Data Furnished in Support of Appeal Made by Port of Bandon and Others

The Coquille river people are making a hard fight to secure the government improvements of the waterway which were refused. In this connection the Coquille Sentinel says:

The matter of the survey of the Coquille river from this city to its mouth which was turned down by Major Williams, head of the U. S. engineering service at Portland, is being appealed to the Board of Engineers for Rivers and Harbors at Washington. The time given for such an appeal expires tomorrow, but Secretary Norton has telegraphed Congressman Hawley to endeavor to secure an extension of time. He also forwarded to Mr. Hawley the papers in the appeal case, which are signed by the secretary of the commission and by the mayors and presidents of the Commercial Clubs of both Bandon and Coquille.

Ten very good reasons are given why the aid should be granted. In support of the appeal the following data regarding the shipments from the Port of Bandon for 1913 are given:

Lumber, 87,586,000 board feet. Ties, 5,835,000. Pieces of piling, 3,420. Poles, 5,019. Shingles, 5,325,000. Cords of matchwood, 563. Bundles of splints, 12,914. Shook, 223,539. Tons of coal, 803. Other miscellaneous freight going out is estimated at 2378 tons; while the inbound freight is put at between 1000 and 1200 tons a month.

A list of vessels operating over the Coquille bar and in the Coquille river during 1913 is appended, numbering 19 and ranging in tonnage from 1361 to 140, with an aggregate of 8,302 tons.

#### SANTA CLARA WRECK STILL PRODUCING

Yesterday Men Were Taking Metal and Parts of Machinery From the Stranded Ship

Men were still taking metals from the wreck of the Santa Clara yesterday. There was quite a lot of brass and other metal parts to the vessel and this is being taken off. One or two of the smaller engines were taken out whole and the larger engines were stripped of the more valuable metal.

#### BANDON TAKES LUMBER

The steamer Bandon, of the Estabrook Company, which formerly was on the Coquille River run, loaded 600,000 feet of lumber at the Geo. W. Moore Lumber Co. mill at Toledo.

#### VESSEL MOVEMENTS

Arrived  
A. M. Simpson, San Francisco, 9 a. m. today.

Due Here  
Hardy, San Francisco, Wednesday. Kilburn, San Francisco, Wednesday. Adeline Smith, San Francisco, tomorrow.

A. M. SIMPSON IN  
The steamer A. M. Simpson arrived this morning at 9 o'clock and will load lumber at the Porter mill of the Simpson company. The Hardy is expected to arrive about Wednesday.

#### RUSTLER IS HERE

The gasoline schooner Rustler, which came in Saturday night from Rogue river is due to leave out about Tuesday or Wednesday for the south again.

#### MAY BRING FREIGHT

Stated That Vessel Will Make Extra Trip From Portland

A local business man received a telegram from Portland stating that a boat was leaving there Wednesday morning to bring the freight which has congested in that city, to Coos Bay. There was also a story that the steamer Yucatan, which has just returned from Alaska, was to make one trip here to bring freight. The local agent of the North Pacific Steamship Company stated that he had no advice on the Yucatan coming.

#### TO SHOW EXPENSES

CANDIDATES IN PRIMARIES REQUIRED TO BY LAW

Must File Campaign Expenditures—Judge Butler Says Must Make Filing Even if No Expense

Candidates for nominations at the city primaries held on the eighth of this month are required by law to file with the City Recorder within 15 days after an election or the primaries, a sworn statement of their expenditures in the election. If they had none, they are required to make a statement anyhow.

This means, according to Judge Butler, that these would have to be filed anyway by tomorrow, that being the last day of the 15.

Judge Butler said he didn't spend anything. He didn't believe that anyone else did, but nevertheless, should this point be overlooked and the candidate later elected, his position might be attacked on a technicality.

### BATTING AVERAGES IN THE NATIONAL BASEBALL LEAGUE

(By Associated Press to Coos Bay Times.)

NEW YORK, Nov. 22.—The following are the batting averages of the ten highest men of the National League who participated in games during the season of 1915:

Boston	13	4	8	9	34
Pittsburg	11	4	8	11	34
New York	12	7	9	8	36

### SHOW IS A SUCCESS FOOTBALL SCORES

#### COQUILLE LAUGHS AT RAIN AND TURNS OUT EN MASSE

Corn Is Seen On Every Hand and Big Crowds Attend Final Festivities on Saturday Night

Coquille laughed at the rain and turned out en masse to the corn show held here on Friday and Saturday, according to John Motley, of the Chamber of Commerce, who was a visitor there. Hundreds of people from the surrounding country were in attendance and almost the entire population of the city came.

Business houses on both days were closed from 1:30 p. m. until five o'clock. In spite of the rain running and the auto races were held in the streets, with the crowds so thick the contestants could hardly get by.

When the time came for the fat men to compete, they jerked off their coats in the rain and set out. The corn exhibits were arranged around the four sides of the hall and in the middle was a triangular tower that held the prize winners of Myrtle Point, Coos Bay and Coquille.

The displays of the merchants elicited much admiration for much money and time had been expended in their preparation.

Frederic J. Lawson, of O. A. C., who spoke to the farmers at the three corn shows in the county, returned home yesterday. He declared that the enthusiasm over the growing of corn in Coos has been a surprise to him, and even greater surprise is the corn that actually has been grown.

#### Awards of Prizes

To J. C. Neer, of Dora, was given the grand prize of the county for the best ensilage exhibit. The prize was a Wisconsin silo given by the B. E. Johnson Lumber Mill, of Coquille.

The grand prize of the county for the best single ear of corn exhibited was won by W. H. Myers, of Lee. This was a prize of \$5 put up personally by J. L. Smith, County Agriculturist.

For the best 10 ears of corn, Cal Ray, of Norway, won first; Aasen Brothers, of Arago Brothers, of Arago, second; P. H. Brewer, of Fishtrap, third; and J. M. Hodge, of Fishtrap, fourth.

For the best acre of ensilage G. C. Gauthier, was first; Miller Bros., Coquille, second, and Aasen Bros., Arago, third.

There were 33 exhibits in the 10-ear class; 10 in the bushel class and six for the ensilage prizes.

#### CALIFORNIA DECISIVELY DEFEATS UNIVERSITY OF NEVADA

Both Are New At American Game After Nine Years Dickering With Rugby—Utah Is Victor

(Special to The Times)  
California 11, Nevada, 6. Southern California, 13; Utah, 20. BERKELEY, Nov. 22.—Showing speed in a tag end of the season sport, the University of California Saturday retrieved its almost lost football reputation by downing the University of Nevada, 81 to 6. Both institutions are back to the old style football this year for the first time in about nine years.

Since the defeat of the Blue and Gold so decisively three weeks ago at the hands of Gilmour Dobie's huskies, the Californians have taken on new life, have braced up in every department and are finishing the season with a creditable team.

The University of Utah, supreme in the intermountain football region, added glory to the name by defeating the University of Southern California, 20 to 13 on Saturday.

#### CAPTAIN IS KILLED

Head of the Wheeling Football Team Meets Death

BUCKHANNON, W. Va., Nov. 22.—William Parker, aged 20, captain of the Wheeling High School football team was fatally injured in a game here Saturday.

Parker's head was hurt in the first play, but he remained in the game until the close of the first half. He died an hour later from hemorrhage of the brain.

### TO BE NUMBERED

#### NEW INNOVATION FOR LOCAL FOOTBALL ON TURKEY DAY

On the backs of every player in the Thanksgiving football game will be a square piece of canvas, sewed to the jerseys, and bearing a number. In this way, spectators from the sidelines can follow the plays and the players at all time by means of the printed list. This is an innovation tried several seasons back in eastern football where it proved a great success.

Dr. Straub, who arrived last evening from Eugene says that the Freshman team is training hard for the contest and has been out on the field rain and shine. He says they are looking forward to the trip and should leave Eugene either tomorrow or Wednesday.

#### Should Preserve List

On Wednesday evening in The Times will be printed the list of players for Thursday and their numbers. This should be cut out and carried to the game, thus enabling the readers to know the men and the plays so much the better.

#### Field Laid Out

Yesterday Harry Butler and several assistants laid out the field, putting in pegs to mark the five and 10 yard lines.

Autos will be allowed to line up on Second street, while the stand of the spectators will be on the corner of Fourth and Elrod streets.

### ESTATE VERY LARGE

PETER A. B. WIDENER'S FORTUNE IN THE MILLIONS

Son Is To Give Art Collection to Either Philadelphia, New York or Washington

(By Associated Press to Coos Bay Times.)

PHILADELPHIA, Nov. 22.—The will of the late Peter A. B. Widener, submitted to probate today, leaves the bulk of the estate, estimated at between fifty and seventy million, to a son, Joseph E. Widener, in trust.

The son is given uncontrolled discretion to present the father's art collection, one of the most valuable in America, either to the city of Philadelphia, Washington or New York.
