ison of consecutive heights will in-  
dicate whether it is high or low  
water. High tide on the bar one  
hour and 54 minutes earlier than at

**SUNRISE AND SUNSET**  
Thursday  
December 2 — Sun rises  
at 7:54 and sets at 4:27.

**Change Meeting Day**—On ac-  
count of the Men's Fellowship Club  
banquet in Guild Hall next Tuesday,  
the Episcopal Ladies Guild have  
changed their meeting day next  
week from Tuesday to Wednesday.

**Elks Initiate**—The Elks lodge  
met last evening and F. J. Kelly, of  
Marshfield and J. G. Horne, of  
North Bend, were initiated into the  
order. Both were able to be about  
today. There was a "feed" follow-  
ing the initiation.

**Men Not Known**—Police say they  
know nothing about the identity of  
two men apprehended a few days  
ago in Roseburg by Sheriff Quinn,  
on suspicion of their having stolen  
a gun from a Coos County wood-  
man. The effects of the men were  
examined and no gun was found and  
the men were released and left on  
their way to Portland. The fellows  
said that they had been working in  
the woods of this county.

**Opening is Postponed**—Because  
the date of the opening of the new  
Moose headquarters and the Fel-  
lowship Banquet were both slated  
for next Tuesday evening, the lodge  
men have kindly consented to put  
off their date until the following  
Tuesday evening, December 14. The  
conflict of dates was made ac-  
cidental, and inasmuch as the Fel-  
lowship Club made the first an-  
nouncement, the Moose voluntarily  
changed their plans.

**Mill Starts Again**—The Porter  
mill resumed operations again at  
the regular time this morning after  
having closed down at 2:30 p. m.  
yesterday, on account of no logs  
inside the big boom at the mill.  
There were large rafts of logs avail-  
able outside, but the tide would not  
allow their being brought in at that  
time.

**Warrants Are Up**—On account  
of the demand for city warrants  
which are discounted five per cent  
at the banks, or at least would be,  
providing they ever got there, the  
paper is rising in value. This month  
city employees got rid of their  
checks at only a four per cent dis-  
count, or 96 instead of 95 cents  
on the dollar, and even at this,  
there weren't enough of the war-  
rants to supply the demand.

**Adjusts Matter**—Mrs. Ida Patter-  
state that the filing of the garnish-  
ment proceedings against W. O.  
Hamilton and B. B. Weldy of the  
North Bend Tide yesterday was an  
error. Mr. Hamilton had made a  
partial adjustment with her  
but somehow the attorney was  
not notified. She says that  
Mr. Hamilton is in no way to  
blame, that the fault lies in his em-  
ployer not paying him his salary.

**Chamber to Meet**—The Decem-  
ber meeting of the Marshfield Cham-  
ber of Commerce has been called for  
tomorrow at eight o'clock. The ex-  
ecutive committee will meet at four  
o'clock. Arrangements will be  
made for a membership campaign  
that is soon to be launched. It has  
been decided that the annual elec-  
tion of officers for the Chamber of  
Commerce shall be held on January  
7.

**Dolphins Put in**—Dolphins much  
needed at the ferry slip on this side  
of the Bay have been driven in place  
by a pile driver and now Captain  
Alex Hall, of the Transit, can wear  
a broad grin again. Twice he ap-  
peared before the Council, asking  
that the dolphins be put in and the  
work was done as soon as pile driver  
could be procured. The dolphins  
protect the ferry boat in making its  
landing during stormy weather.

**Night Class Formed**—A class  
for the study of chemistry has  
been formed under the direction  
of Prof. Robertson, of the Marsh-  
field High School. The class is  
composed of working men and will  
meet two evenings each week  
Monday and Thursday, in the labo-  
ratory of the high school. The  
school authorities have granted the  
use of the building and equipment  
for the purpose of extending the  
work of the school.

**California Dry**—S. B. Cathart  
and wife who have been visiting at  
Suisun, California, left there a few  
days ago for San Francisco where  
they expected to see the closing of  
the Exposition. They will leave  
there sometime this week for Marsh-  
field. Mr. Cathart writes that they  
have had a fine trip, no rain or wind  
to detract from weather conditions.  
He says that in some parts of the  
valley, they have had only one-  
fourth of an inch of rain this fall.

**Docs Unchristian Act**—Christian  
Nelson did an un-Christian act last  
night. He got full, clear full, and  
was found stumbling on Front street  
nails all aback, his rudder having  
been put too far to windward. Offi-  
cers hove in sight just as the weather-  
cock of the mizen sky's! began  
to lift a trifle too free, and a mo-  
ment later the canvas was flapping  
on the backstays, and he came near  
to jerking the sticks out before aid  
arrived. With his wheel put over  
hard alee, Nelson saved himself and  
was brought into port for the night,  
over the starboard rail.

**Ben McMullen**, of Myrtle Point, is  
at the Mercy Hospital where he has  
been for several days but he is said  
to be much better this afternoon and  
is rapidly recovering. Mr. McMul-  
len a short time ago had a sudden  
attack of heart trouble which came  
near being serious.

**J. J. Kandle**, at the C. A. Smith  
mill, sustained a fractured hip yester-  
day when a timber from the edger  
struck him. He was removed to the  
hospital and at present the doctors  
do not know whether or not his in-  
jury is a permanent one.

**Reuben Hendrickson**, of north  
Coos River, underwent a successful  
operation yesterday for appendicitis.  
His condition was dangerous as gan-  
grene had already set in.

**Ballots Received**—The ballots  
for the Eastside election have been  
received, five days ahead of the elec-  
tion as required by law. Next Monday  
is the date when the voters will se-  
lect their ticket for the coming year.

**Port Tax Is One Mill**—The Port  
of Portland tax for 1916 has just  
been assessed and amounts to one  
mill, a reduction over what it was  
last year. The Port of Coos Bay  
maintains again for 1916 a four mill  
levy, this however continuing to aid  
in the payment of the recent harbor  
improvement.

**Ribs Still Showing**—The ribs of  
the Santa Clara are still projecting  
out of the water, say those who have  
been in that vicinity lately. Prac-  
tically all of the planking is gone  
from her hull and only the big tim-  
bers are remaining. The boilers  
are still visible above the water in  
the stern.

**Beckett Is Captain**—Johnnie  
Beckett, 195 pound tackle for the  
University of Oregon and very well  
known here among many old stu-  
dents, has been chosen captain of  
the 1916 football team at the state  
university. He is finishing his  
third year in college. This season  
he has been a wonderful player in  
the Oregon line. Much talk is now  
rife on the campus at Eugene, it is  
said, regarding the charges that  
have been made that several Mult-  
nomah Club men of the football  
team were approached with bribes to  
"lay down" during the Turkey Day  
game with the university.
