

## Telephone Power

We can give you Power. Power which your ancestors knew not. This is Telephone Power which enables you to buy and sell promptly in this town or the next—any time day or night. Always consider whether you cannot transact your business by phone instead of by personal visit. If you must see your man, call him up before you go. It may save a disappointment. Use our Service and you will know Telephone Power.

## Dividends of Service

Telephone service costs less in proportion to its value than anything else you buy. A single conversation is frequently worth more than the cost of your exchange service for a month. A two-bit long distance call may be worth a hundred times the amount in time and expense saved. This excess of value over cost is your Dividend of Service. Are you getting it? It is here for you.

This company feels a real responsibility for the proper development of Coos, Curry and Western Douglas counties.

There is no institution on which this country is more dependent for its rapid progress.

Our success in furnishing the community with a Universal and Efficient Service depends on the co-operation of each individual.

Every man who puts himself in direct communication with his fellows by the installation of a telephone not only saves himself time and money, but he contributes a large saving to his business and social acquaintances.

Let us serve you and through our service you will help in the upbuilding of the community.

**"The telephone helps the town"**

## The New Directory

The January Telephone Directory will go to press December 30th. Subscribers should advise us at once of listings desired in this issue. Advertisers should not fail to be represented in the most widely circulated and persistent medium in this territory. Extra listings and display listings are great business getters and the rates are low. Ask about them.

## A Christmas Hint

A telephone adds to the safety, comfort and happiness of your home. Make a Christmas gift of telephone service to your family. It will be appreciated every moment of the year. If you already have a telephone service, an extension telephone, properly placed, will save many steps for your wife. New subscribers between now and Christmas will be listed in the new January directory.
