A MERRY CHRISTMAS TO ALL

THE spirit of Christmas is shown in the happy faces of the people we meet on the street, in the jolly good-natured bustle of the late shoppers and in the mysterious hiding of bundles. It is in the very air we breathe and it draws us closer to friends and relatives.

All through the Christmas - New Year holidays the telephone will be flashing thousands of greetings and good wishes far and near over its network of wires. It will be carrying the slightest inflection of the human voice out to the far-away friend and relative. Kindness and laughter will be on the wires, old-time friends will be reminded that they are not forgotten and where in the old days one Christmas visit was made in person, ten can now be made by the telephone.

If you have a surplus of happiness during the holiday season, why not telephone a part of it to someone who has less? The telephone, you know, is the great and almost limitless roadway over which the Christmas spirit can travel.
