Soft Water

The advantages of soft water such as afforded here are many and of such importance that a great number of cities with hard water supplies have installed water-softening plants at large expense. The saving of soap required for washing is considerable. The labor of washing is much reduced. The wear and tear of clothing is consequently diminished. Less fuel is required to heat soft water and hot water is obtained more quickly. Soft water is highly desirable for steam boiler use in mills, etc. Soft water is more desirable from a health standpoint than hard water. Soft water brings a copper colored iron stain from alder tree leaves at the time of heavy rains, but it only affects the color and appearance of the water. This stain cannot be removed by filtering or chemical treatment. Do not make the mistake of heating your hot water supply to higher temperature than necessary as it causes needless rusting of the hot water piping.

'HERE'S MY STOCKING. WHERE'S YOURS?'

this had been appropriately decorated with German and American flags, German pictures, and German mottoes—supplemented by Oregon greenery including the Christmas tree—for the Germans love everything suggestive of Christmas. For program the students sang songs, recited poetry, gave a dramatic presentation of Jacob's Haus and concluded with a spell down on German words in German alphabet in which the reward for the correct spelling of a word was a candy kiss. Games followed and the presentation of presents from the Christmas tree. Light refreshments of Brot, Kuchen, and Coffee were served. Not the least important was the enthusiastic German way the students had of entering into the spirit of the occasion. The whole affair was in the nature of a treat to her pupils by Miss Stehno.

The sale of art work by the school brought in about \$20.00. It will be used by Miss Volz in fittings for the Art studio that is being furnished in the High school buildings.

The senior girls have received and accepted a challenge from the Freshmen girls to matched game of basket ball.

The Freshman boys are in receipt of a challenge from the Freshmen boys of North Bend H. S. to a matched game of Basket ball to be played at either place in the near future. The challenge will undoubtedly be accepted. If several games could be arranged for it would be a good thing.

The State Teachers' Association (Western Division) will meet at Medford during the holiday recess.

A MERRY CHRISTMAS—NO SPEEDS LIMIT THERE

Christmas, as the most joyful of all times of the year, leads people to song in the expression of their jubilant spirits. In keeping with the spirit and the time of the year, Miss Anna Volz, singing instructor on the local schools, put some songs on the board the other day for the children to learn.

But in making room on the blackboard for the Christmas song part of an arithmetic lesson was erased, though not all of it, as it later transpired for in high glee the kiddies a few minutes later, "The angels" descended from on high," and the arithmetic line continued, "at the rate of 33 miles an hour."

They all enjoyed a good laugh, and finally erased the last of the arithmetic, thereby entirely removing all speed limits.
