Wind: Southwest, cloudy.

SUNRISE AND SUNSET
Thursday
January 13—Sun rises at 7:50 and sets at 4:50.

BORN
SIMON—Born to Mr. and Mrs. J. A. Simon, at their home at McGregor, N. D., Jan. 10, a daughter, Mrs. Simon is a sister of Mrs. Dwight Wolcott who is now at McGregor visiting at the Simon home.

almomy and a share of what property there in.
Boys Allowed to Go.—There was no charge on which the three boys arrested night before last while drinking at the entrance to the postoffice, could be held and they have been turned loose. The matter was taken to the district attorney but he stated they had not violated the state law. The boys protested that the bottle had been found at the rear of the skating rink.
Final Hearing Held.—The last testimony taken in the Pine street case was being taken today in the law offices of J. W. Bennett. A good share of the testimony is already in the transcript form and it is expected that next Wednesday the matter will be taken up before Judge Skipworth in Eugene. C. R. Beck and J. W. Bennett are intending to go out at that time. A. B. Gidley, city engineer, testified as to some calculations made, for the defendants, and E. W. Bennett appeared as a witness for the plaintiffs, regarding a deed received from E. B. Clement to land outside the Clement plat.

PERSONAL MENTION

E. L. DEXTER of Coos River was a Marshfield visitor today.
LOYD CUTLIP and wife, of Coos River, were here today on a short trip.
T. J. THRIFT, county assessor, was among the callers in Marshfield today.
JUDGE COKE returned last evening from Coquille where he has been holding court.
FRED M. STORA and wife, of Daniels Creek, were down shopping yesterday.
D. W. SNYDER, of Myrtle Point, was a passenger north on the Kilburn yesterday.
JOHN BIASCA, of Coos River, was among the business visitors in the city this morning.
POSTMASTER M'GUIRE, of North Bend, was among the business visitors here today.
J. W. M'INTURFF was called to Coquille on the morning train on account of legal business.
B. F. MATHES, who conducts a store at Powers, was down today looking after business matters.
MRS. FRANK BLACK is confined to her home on South Fifth street on account of an attack of illness.
W. R. FONTAINE, assistant engineer on the Willamette Pacific, came in this afternoon from Eugene.
J. E. PAULSON, timber man of Coquille, was here yesterday and today, being interested in a timber cruise at the present time.
MRS. COHAN who has been here visiting her son, Frank D. Cohan, left on the Adeline Smith, returning to San Francisco after a two weeks stay in the city.
W. L. CLAPHAM, from the Portland branch of the Ford Motor Company, came in from the north this afternoon. He is going over the local Ford business with I. R. Tower, who is agent here.
L. W. PLANZ, formerly of Marshfield, who has been living at West Berkeley, Cal., is expected back here soon to locate again. Mr. Planz formerly conducted a tailoring establishment in this city.
MISS MAY PREUSS and Miss Bees Douglas were south bound passengers on the Adeline, returning to the University of California after spending the holidays in Marshfield.
RAYMOND E. BAKER, County School Superintendent, came over last evening to attend to some school business. Eighth grade examinations are going on today all over the county.
TOM TENNYSON and Phil Flagg, wiremen of the Coos and Curry Telephone company, left on the morning train for the other side of Bridge to aid in repairing the lines of the Pacific States company.

TO BUILD NO DEPOT

RUMOR S. P. STARTED STATION IN NORTH BEND IS QUASHED
Officials Deny Report—All Steel Work Finished by March 15 Latest Prophecy Now
Rumor became rife that the Southern Pacific would immediately start the construction of a depot in North Bend because men were seen clearing off a tract of land owned by the company near the junction of the tracks with California avenue. Railroad men denied the report, stating the company when it bought the land from the Coos Bay Manufacturing company, reserved a portion of the purchase money until the tract had been entirely cleared off. The manufacturing concern now seeks only the remaining portion of this money, it is claimed.
The late reports seem to indicate that the steel will be through to the Umpqua from Coos Bay sometime between February 1 and the 15th and from the north to the Umpqua by about March 15.
Long Piling Scarce Article
Most of the steaming has been completed, but for some parts of the work on Lake Takenitch 140 foot piling is necessary and this is very hard to secure.
It is not believed that the Umpqua bridge will be finished for a "shoo-fly" track, providing one is put in, before some time in July. This type of track is built only for temporary purposes and until the main structure has been completed.
May "Shoo-fly"
However, it is not known whether the Southern Pacific will "shoo-fly" in order to get trains across the Umpqua or not. But it has been said that most of the ballast for the line will come in from Eugene and, this being the case, the indications are that an arrangement will be made to get trains across the Siuslaw and the Umpqua as rapidly as possible.
The big draw span in the lower bay is operating, but one of the large castings has been broken, necessitating the use of a donkey engine at the present for turning the big span, but this will immediately be remedied as soon as the new casting arrives.

WM. HOOD COMING

CHIEF ENGINEER OF S. P. AND OFFICIALS ON WAY IN
Expected in Late This Afternoon Over W. P. Right-of-Way—Are Inspecting New Line
William Hood, chief engineer of the Southern Pacific, accompanied by his wife, and company officials, is coming in over the Willamette Pacific right-of-way from Florence and are expected to arrive here late this afternoon. Word was received at noon that they had reached Gardner. W. R. Fontaine, assistant engineer on the W. P., is already in the city.
With Mr. Hood will be D. W. Campbell, assistant general manager of the S. P., Ralph Moody, attorney for the company in Oregon, and H. P. Hoey, assistant engineer in charge of construction on the Willamette Pacific.
The party is inspecting the new line and it is probable they will be brought in from the north end of the steel by a special train over the division of H. G. Hindmarsh into Marshfield.
No definite motive can be attached to the coming of the party, unless it be that there will be an effort made to open the line with train service as far as Lakeside. But it is probable that the trip is mostly by one of inspection to see the present status of the railroad.

EDITS A BULLETIN

"METHODS OF CLEANING" PUT OUT BY MARSHFIELD GIRL
Miss Ruth Smith, Issues Bulletin From O. A. C.—Is Domestic Science Instructor
"Methods of Cleaning" is the name of a bulletin that has just been issued from the Oregon Agricultural College by Miss Ruth McNary Smith, instructor in Domestic Science, and who is a daughter of Senator and Mrs. I. S. Smith of this city.
Dust and dirt are banished into exile and given their final death blow, via the arms of the mop, the broom and systematic methods of cleaning the house.
In the bulletin are explained many kinds of timely machines and contrivances, many of which may be made in the home, for cleaning purposes.
One of these, for instance, is a collapsible ironing board which most any amateur carpenter can make and which, when not in use, can be thrown back to the wall on hinges and out of the way. Legs that fold in, when the board is collapsed, hold the board in place when the housewife is ironing.
Most people lay the linoleum in their kitchen flush with the mopboards. This is unsanitary and incorrect. The linoleum should be turned up on the edges for about two inches and fastened there on the mopboard. This is so that water,

CZARINA WAS WRECKED SIX YEARS AGO TODAY
This is the anniversary of the wreck of the steamer Czarina off the north spit of Coos Bay. On the afternoon of January 12, 1910, the vessel got into trouble on the bar and was carried around the jetty into the breakers north of the bar. That evening some of the men were washed off. On the morning of January 13 all were lost, excepting one man, Harry Kenzell, the only survivor. There were 25 deaths. At the time it was thought there were only 24 but it was later found another man was lost. Before noon nothing but a mast of the vessel showed. The weather was bad, a storm about like the present one being on.

AT THE HOTELS
Chandler Hotel
W. G. Eggleston, San Francisco; George J. Senk, Eugene; W. T. Jane, San Francisco; J. L. Goss, Chicago; F. L. Landless, Seattle; F. A. Mosher, Des Moines; Felix M. Wolff, San Francisco; T. T. Gillard, Baker; Mrs. H. L. Hopkins, Bend; Mrs. B. B. Watkins, Bend; H. B. Donahay, Portland; F. C. Stone, Coquille; J. E. Paulson, Coquille.
St. Lawrence Hotel

COOS COUNTY HEADQUARTERS
Many People from This Section Stop at the St. Regis Hotel
The St. Regis hotel in San Francisco of which J. E. Schilling, formerly of this city, is manager, is a popular stopping place for Coos County residents when visiting in the city on either business or pleasure. Among those who have stopped there recently were Dwight Wolcott and wife of Marshfield; A. A. Nicholson, Coquille; E. M. Elliott, Bandon; E. O. Beckett, Coquille; Ben Currie, Coquille; H. B. Bultmann and wife, Marshfield; Ben Currie, Coquille; Don Gardner, North Bend; Pat Rackerff and wife, Coquille.

DRUNK ON MILK
Now that Oregon has gone dry the Oregon Dairywomen Association has adopted resolutions to the effect that an unusual opportunity is afforded for the extensive sale of milk. We have yet to learn of a single case of a man getting drunk on milk and just how the dairywomen expect to impart to their product the desired "kick" is arousing much curiosity. If you are looking for something with a "kick" don't buy a lot in Perham Park, not on account of the restrictions, because you can drink anything to your heart's content, but you would have no kick coming, either in price or terms. Before investigating the milk proposition, however, investigate values in Perham Park. See held about it; it will be more to your interest.
