SUNRISE AND SUNSET

Saturday January 15 — Sun rises at 7:49 and sets at 4:52

Both Teams Won.—The Sophomores and Freshmen girls' teams of the high school played Friday when the Freshmen won. Earlier in the week there was another game, when the Sophomores won with a score of 2 to 0.

In Justice Now.—R. J. Montgomery, formerly of this city, who is now a rancher at Bridge, has been appointed Justice of the peace for that district. Henry Bright Sr. has been named as constable for the same district.

Take More Than Month.—In all probability it will take more than a month to get the stock of the Coquille Valley Telephone Company transferred over to the Coos and Curry Company. Charles Hall was in Coquille yesterday. April 1 is set as the date now for the taking over of the service.

Suit Started.—Suit was filed in the Justice court last yesterday by the American Druggists Syndicate against

sum of \$214.88, claimed to be due on goods. It was stated by Judge Penock this morning that the bill had been adjusted.

Is Quite Ill.—Mrs. Jas. Forty, a well known Coos Bay pioneer, is reported quite sick at her home in Bunker Hill.

To Supreme Court.—E. H. Joehnk will leave Monday for Salem to argue the case of Dr. LeVelle vs. J. D. McNeill in the Oregon Supreme court.

Due Here Tomorrow.—Arno Meeren of the C. A. Smith Company is expected to arrive here on the Adeline Smith early tomorrow. He has spent the last few weeks in California.

Adjust Case.—In the case of Wm. Henry against whom garnishment proceedings were instituted by some outside firms, an adjustment was being made in Justice Penock's court today whereby Mr. Henry will be able to continue his shoe repair business.

Mail Comes Last Night.—The letter mail and the papers also came through last evening on the train, after a hard trip in from Roseburg. However, there was no mail this morning, though there is always the chance that it will come in the evening.

Mail Comes Last Night.—The letter mail and the papers also came through last evening on the train, after a hard trip in from Roseburg. However, there was no mail this morning, though there is always the chance that it will come in the evening.

Rate Book Is Big Job.—The fixing of a 140 page rate book containing 8,000 listings for Coos county, is a big task. Earl Powell, of the Business Men's Association, today had printed pages stacked all over his office and was still a going. The leaves will be later bound together and a copy of the book given to each member of the association.

May Close Deal.—It is understood that Paul Dimmick, of the Swayne & Hoyt Company, who is here now will close arrangements with Archie Kruse whereby the latter will install his plant, which he recently moved here from Bandon at North Bend in conjunction with the North Bend Mill & Lumber Company's mill, using the rough and common lumber from the latter.

No More Ducks.—Tonight marks the end of the duck season. Hunters caught out seeking the elusive fowls after this evening will have to face the Federal court in Portland, and Uncle Sam does not, as a rule, deal gently with infringers on his laws. Right at the end of the season, say the hunters, the ducks are coming into the bay and the hunting is at its best.

Are Happy Again.—Two days ago The Times printed a notice of the filing of a divorce suit at Coquille. Mrs. Maud B. Strong, of Myrtle Point, had instituted suit for a divorce from John C. Strong. This morning the couple left together on the train, returning home together and with all their differences amicably adjusted and the suit is called off.

Glee Club May Com.—The University of Oregon News Bulletin says that a "spring vacation trip to Coos Bay towns is in contemplation by the University glee club, which will end the club's out-of-town appearances. During the recent Eastern Oregon tour a loss of \$205 was sustained." The quartet visited here last year and were very well received.

Court to Resume.—On Monday Judge Coke will return to Coquille and pass sentence on Arthur Baker, who has pleaded guilty to taking booze from the old Eagle Bar, and to hear several equity cases. On the return of Chief Carter it is expected that the trial of Mert Jennings, charged with robbery, and Fred Halsey, charged with theft, will be held. Carter is a witness and is now in Portland on the Shook case, though should be home this afternoon.

WILL BE REUNITED

MANY SYPHERS TO SEE LONG LOST RELATIVES

Girl in Portland Finds Brother and Sisters Reside in Coos County and is Coming

Mary Longnecker, who is now in Portland, whose real name is Syphers and is soon to come to Coos county to see her brother and sisters from whom she was separated twelve years ago. The story is told in a Portland paper. When the mother died the father was too poor to keep the children. The family was broken up and Mary was with eight different families and was finally adopted by a family named Longnecker. Her real name was Mary Syphers. She was finally left in charge of the Boys' and Girls' Aid Society. She believed that she had once lived in Coquille and knew that her father's name was George F. Syphers. Friends wrote to Coquille Valley people, one of whom was Steve Gallier, and it was learned that Syphers was formerly known here and had driven a stage. Mary's brothers are with Edward B. Syphers, an uncle who was formerly a stage driver and her sisters are living with families near Bandon. She is now to see them.

WILL HAVE SURVEY

COQUILLE RIVER TO GET DESIRED GOVERNMENT AID

No Action On Coos Bay Jetty After Further Reports Have Been Made

Coquille river will get the desired government survey while Coos Bay must wait until further reports on the condition of the channel has been made before the jetty matter will be considered at Washington. These facts are given in the following press telegram from Washington of a few days ago: Representative Hawley was given a hearing today by the army board of engineers on the desired surveys of the Coquille bar and river, Yaquina bay, Coos bay and the Clatskanie river. The board decided to grant the survey of the Coquille bar. The local engineer reported unfavorably upon the river survey, but Congressman Hawley urged its importance and called attention to the large local expenditure for improvements. He also urged the rebuilding of the Coos bay jetty. Action on this will be deferred pending the receipt of a report on the channel conditions following last season's dredging operations. A further hearing will be granted on the Yaquina bay survey and the argument for the Clatskanie river survey was taken under consideration.

CASE IS PRESENTED

F. B. WAITE MEETS WITH NORTH BEND COUNCIL

Decided That Joint Meeting of the Boards Interested be Held to Consider Matter

F. B. Waite was present at a meeting of the North Bend City Council last night with his attorney, A. S. Hammond, to discuss the matter of the taxes on the Kinney property.

The proposition made by Mr. Waite is to have the interest and penalties on the taxes cancelled. The amount due in all is about \$62,000 and about 40 per cent of this is interest and penalties. Mr. Waite wanted to learn the attitude of the city regarding the matter.

The members of the Council were not willing to commit themselves at this time, as they did not want to influence other boards in the matter, and it was decided that the best thing to do would be for the representatives of the city, the county, the Port Commission, and the school district to meet together and arrive at some conclusion.

City Recorder Maybee took the matter up by telephone with Judge Watson this morning, and the judge said that he would try to arrange a meeting for next Monday, though the date has not been positively decided upon.
