 Maximum 47
 Minimum 44
 At 4:43 a. m. 46
 Precipitation 1.23
 Precipitation since Sept. 1, 1915 50.27
 Precipitation same period last year 46.03
 Wind: Southwest, cloudy.

SUNRISE AND SUNSET
 Wedn'day
 February 2 — Sun rises at 7:14 and sets at 5:14.

BORN
MALONEY—To Mr. and Mrs. M. C. Maloney, Wednesday, Feb. 2, a 10 1/2-pound son, their second child and first son. Mother and son are doing nicely, and so is Father, who will probably have to add "Sr." to his signature, as the presumption is that the boy will be named M. C. Maloney, Jr.

RITCHIE—To Mr. and Mrs. Paul Ritchie at Mercy Hospital a seven-pound boy.

Gets Place Again—C. A. Schlabede has been reappointed referee in bankruptcy for this district for a term of two years. The appointment is made by Clerk Marsh of the Federal Court.

Sail on Adeline—Aboard the Adeline when she left this morning for Oakland were the following passengers, Carl Lind, Mr. and Mrs. R. A. Copple and two children, Parley Jones, S. H. Erb, R. H. Lee, J. A. Marcus and H. M. Jones.

Wheel Is Found—John Brockmuller, night policeman, picked up a perfectly good bicycle the other night and is still holding it at the station, waiting for the owner to come along. He found it lying by the curb in the street.

Finish Hearing Tomorrow—The last of the testimony in the case of Charles Sneddon versus Ellen Sneddon will be heard tomorrow in the offices of Stoll & Hodge and the case will then be submitted to Judge Skipworth at Eugene. The plaintiffs are through with their witnesses.

Open Postoffice—The branch station of the Marshfield Postoffice was opened at the Busy Corner yesterday. A special desk has been put in to facilitate the handling of stamps and other Postoffice supplies. Manager Parsons has arranged to extend every possible accommodation.

Not In Storm Area—According to a letter received here by Gordon Smith from his wife who is with her mother at Willowbrook, near Los Angeles, they have been very little inconvenienced by the late storm in that section. She said that where they are the storm did practically no damage and they had only a heavy rain.

Valentine's A Coming—Its the time of year when the youthful poet, moved by the far off signs of spring, writes burning verses of enthusiasm to the lady of his heart. And for those who are not so gifted, dozens of Valentines, red, green, blue and yellow are making their appearance in the stores. In fact from all indications, Valentine Day will again be on February 14 this year as usual.

Creamery Meeting—A meeting of the stockholders and patrons of the Coos Bay Creamery will be held February 9 at the creamery to receive the annual reports of the officers. At this meeting an adjustment will be made of the affairs. Through an error, some of the patrons were overpaid during the past season, being allowed more for their butterfat than the market permitted.

Wants Exemption—J. A. Ward, who has been in charge of the Coos and Curry exhibit at the San Francisco Exposition the past year and who formerly was promoting the Millicoma Coal mine property, who filed a petition in voluntary bankruptcy wants \$300 worth of effects kept exempt. Aside from \$175 worth of household goods and \$588 worth of accounts, he says he has no assets while his liabilities total about \$6,000.

Ask for Tests—Venders of cider and other soft drinks are beginning to ask District Attorney Liljeqvist to have tests made of their lines to see that they do not violate the prohibition law. Some Bandon parties sent a couple of samples but Mr. Liljeqvist says that he cannot afford to have free analysis made for the public as each one costs \$1.50 when he has J. Lee Brown as an expert chemist report on it. The endeavor of the dealers to comply with the law is appreciated by the authorities and it is likely that a special effort will be made to get a county appropriation to cover this.

AMONG THE SICK
 Fred Gettins was down town yesterday after several days illness with the grippe.
 Constable William Cox came down this morning. He has been laid up for 29 days, suffering with the grippe and eye trouble.
 Miss Reese, of the high school faculty, is ill at the Bungalow, suffering from an attack of la grippe.

—THERE IS—

Something New Under the Sun

—A substance just discovered as a substitute for sole leather—is better than leather because it is absolutely waterproof and is more flexible than leather. It is light, strong and durable and does not crack or break in stitching. You can't believe all you hear, nor all you read, but you must believe all you see with your own eyes. So we expect to get two cases of men's shoes with soles made of this new discovery absolutely waterproof. Every pair will be guaranteed by the manufacturer. We will sell them at a very low profit to test them and to get them known in Coos County. —Come in and let us tell you about them.

We repair your old ones or show you other good shoes.

REPUBLICANS ARE IN THE ASCENDENCY

According to Registrar James T. Brand, a trifle more than 100 voters have registered with him since the first of the year. Of this number, the Republicans are far in the lead. Only about 20 have been Democrats, and not a Bull Moose has been even heard of. Registration so far has been very slow.
