#### KRUSE AND BANKS WILL BUILD TWO VESSELS

Both Will Be Lumber Carriers for Bixby & Clark of San Francisco—Adds Greatly to Payroll

The Kruse & Banks ship yard at North Bend will soon be employing about 125 men working on two vessels which the firm will build for Bixby & Clark of San Francisco. The first vessel ordered will be 225 feet long. The keel has been taken out and will be laid soon. The contract for the second vessel has practically been closed. It will be 235 feet long, ten feet longer than the other. These vessels completely equipped will cost about \$150,000.

The resumption of work at the ship yard will add greatly to the payroll of North Bend and will give work to many.

#### FORTIFICATION OF COOS HEAD UP FOR ACTION.

Chamber of Commerce Meeting Tonight to Be Interesting Session—New Members Coming.

Fortification of Coos Bay against the invasion of an armed enemy will be thoroughly discussed at the monthly meeting of the Chamber of Commerce to be held this evening.

Once and again this subject has been brought up informally. With the coming of the railroad the fact has been pointed out that easy access to the Willamette Valley could be made by an enemy, coming via Coos Bay.

Coos Head is part of a military reserve, owned by the government,

for the purpose of some time putting in fortifications.

Under the preparedness plan now in congress, the matter has become one of vital interest. The meeting tonight will be the first one for many of the new members who have been brought into the fold during the recent campaign which is still being pursued today, the purpose being to bring the roll of membership up to a full 200 before ceasing efforts.

There will be the reports of several committees to be heard this evening.

#### CHILD DIES

The two weeks old daughter of Mr. and Mrs. D. E. Huckleberry died Thursday at 8 p. m. at the family home in Bay Park.

The funeral was held this afternoon at 2 o'clock from the Dungan undertaking parlor.
