To Give Dance.

The Freshman class of the North Bend High School will give a dance tomorrow evening in Loggie's hall.

Birthday Party.

Miss Edith Duncan of Bunker Hill has issued invitations for a valentine party to be given Saturday in honor of her birthday.

Ball Tomorrow Night.

Final preparations are being made for the costume ball to be given tomorrow evening by the North Bend Club ladies in the club rooms. Anthony's orchestra will furnish the music.

Porter Mill Starts.

The Porter mill of the Simpson Lumber Company started operations again today having a new supply of logs. The mill was closed a short time on account of a log shortage.

Lights Went Out.

During the wind of last night, early in the evening, the lights in South Marshfield suddenly went out, both in the houses and on the streets, and were off for about an hour.

We Have No Representative.

The National Chamber of Commerce is having a meeting in Washington, D. C., this week. Marshfield has no representative present, though last year we were represented by the clerk of the senate, an Oregon man.

Eggs More Plentiful.

Eggs are a little more plentiful now than they have been. Fresh eggs can be bought for 49 and 45 cents a dozen and it is possible to secure more of them than it was a week or two ago.

Club Meeting Postponed.

Instead of the regular meeting tomorrow afternoon of the Kensington club, the ladies will meet next Monday evening at the home of Mr. and Mrs. C. F. McGeorge, when they will entertain their husbands at a Valentine party.

Will Have Big Job.

Postmaster McLain and his force will have a big job on their hands when the mail all gets in. With the exception of some of the letter mail nothing has come through for a week and there will be an enormous volume of papers and mail matter of all kinds to handle and distribute when it does come.

Makes Autopsy.

Dr. J. L. Masson veterinarian of Myrtle Point, was called down to the Old Town section of North Bend today by Edgar Simpson for the purpose of performing an autopsy on several calves that have died there. It is supposed they had been eating some sort of poisonous grass. Mr. Simpson has several head of cattle at Old Town.

Floods Are Bad.

W. S. Chandler who has been spending a few weeks in San Francisco with Mrs. Chandler and their daughter, Mrs. Tremaine,

writes that the weather there has been awful. He says that millions of dollars damage has been done in California. As soon as conditions improve, he expects to make a trip south.

No Consolidation — Members of the Millicoma club say that the matter of consolidation with the Chamber of Commerce has been thoroughly discussed and that the decision is to keep their organization as it is. The move was launched to get these two concerns and the Fellowship club grouped under one organization.

Move to Ranch.—Will Stauff will leave about March 1 to begin work on clearing another large portion of the Stauff ranch at Arago. His brother, James, will come up this spring from California and join him in the work. James Stauff and a California young woman will be married in May. The James Root family of Myrtle Point have the dairy portion of the ranch leased.

For Sinking Fund.—At a meeting of the stockholders and patrons of the Coos Bay Creamery yesterday, it was decided to hold back three cents on each pound of butter fat to create a sinking fund for the organization. Last year, Manager Bessey overpaid some of the patrons by over estimating the returns on the creamery product and this deficit will be taken care of in this way.

Pleasure Launch.—W. A. Reid brought out the plans of his Alaska cruiser, the "Helen Gould" this morning to furnish an idea for a pleasure launch which J. W. Bennett is figuring on constructing. Mr. Reid used the "Helen Gould" in his Army U. M. C. A. work in Alaska. She was forty feet long, eight-foot beam and could develop a speed of about forty miles. She was built especially as a pleasure craft.

Go Ahead With Excavating.—Workmen by tonight will have "bit-ten" off a good corner of the little hill in the rear of the Blanco Hotel that is being reduced by N. Moon for the erection of his brick veneer building. The earth there is clay and is shoveled into wagons by a squad of men. The building will probably start about the first of March.

Want Our Money.—From the Vista House association in Portland has been received a letter asking for the financial aid, individually or collectively, of the Chamber of Commerce, to aid in the establishment at Crown Point, on the Columbia Highway out of Portland of a memorial hall to the Oregon pioneers, which will also be an observatory and a place of rest. "We want this to be Oregon's what Plymouth Rock is to Massachusetts," runs the letter.

Pheasants in Portland.—A letter just received from Portland states that of late the China pheasants have been driven in from outside the city limits by the snow and the ice and now are actually feeding in the backyards, eating bread-crumbs with the robins. Ordinarily the pheasants are very shy and keep as much as possible out of sight. Other birds have come in great flocks and rely entirely on the food given them by Good Samaritans.

Brother Is Delayed.—Lionel Gordon last evening received a telegram from his brother at Eugene stating that the railroad from Eugene to Cushing was blocked by land slides and that it would not open before Saturday. Mr. Gordon was en route here from Powell River, Wash., where he is manager of the big store of the Powell River Paper company, to visit his brothers, Lionel and Harry. Just when he will be able to get through is uncertain.

Slide in Road.—The road to Bay Park and Millington is closed as a result of a big slide in the deep cut opposite the Eagle Point boom. Workmen would not work on the removal of the dirt yesterday owing to the danger of other slides.

Delayed by Slides.—Miss Amy Isaacs of North Bend, who left Monday morning for Portland, telephoned relatives last night that she was still at Florence and it was uncertain when she would be able to get to Eugene, owing to the railroad being blocked by slides.

Mrs. R. R. Pinkerton has recently recovered from her recent operation to return to her home on North Inlet.

Mrs. Geo. Capps of South Eighth street is reported quite ill of la grippe.

Mrs. L. Christenson of Bunker Hill has been quite ill the past few days but is now improving.

Charles Mahaffy is reported quite ill at his home on North Coos river and a physician was sent for today to attend him.

Mrs. A. O. Rogers is suffering from a severe attack of la grippe.

ROY LAWHORNE was able to be about today after several days strenuous struggle with the grip.

Roy says he is better equipped than ever before to make a picture of how a grip germ looks but he doubts if anyone will believe the picture after it is made.

WAS BAD IN SEATTLE.

Coos Bay is not the only place that has been inconvenienced by storm conditions. H. J. McKeown, proprietor of the Chandler, received a letter from one of his patrons who is a traveling man, asking him to hold home freight which was sent here for him until he was settled. The writer was at Seattle and he said that the hotel where he was stopping was crowded with local people who were unable to get to their homes from their places of business on account of the snow.
