LOCAL BREVITIES

WEATHER FORECAST

(By Associated Press to coos bay times.) Oregon—Fair, winds mostly easterly.

LOCAL TEMPERATURE RECORD

For the 24 hours ending at 4:43 a. m., February 15, by Benj. Ostlund, special government meteorologist: Maximum 71 Minimum 49 At 4:30 a. m. 49 Precipitation 0.00 Precipitation Since Sept. 1, 1915 .59.31 Precipitation same period last year 47.76 Wind: Northwest, Clear.

Tuesday February 15.—Sun rises at 6:59 and sets at 5:30

Promenade Concert—The promenade concert will be held Friday night at the Eagles hall.

Senior Ball—The Senior Class of the Marshfield High School has issued invitations for a senior ball to be given February 25th.

Planking Is Laid—McDonald & Condon this morning had workmen laying planking out North Broadway, making a roadway for the auto trucks. The company expects very shortly now to resume logging operations.

Shingle Mill Ready—L. C. Reynolds is at North Bend on a visit from Sluslaw river country. Mr. Reynolds has just completed the erection of shingle mill at Acme and on receiving some new machinery this week is ready to start operations.

Halted at the Boat—When Soliros Katsulos heard that Andrew Dallas was leaving on the boat this morning he immediately hired a lawyer to aid in collecting \$30 due him. The papers were made out in the justice office and before boarding the Kilburn Dallas paid \$45, the extra \$15 to pay the costs. J. W. McInturff appeared as attorney.

To Build Home—J. M. Wright secured the contract this morning for the building of the W. T. Stoll home in Perham park. He will have charge of everything but the heating, the plumbing and painting, and the home is to be completed within 60 days. The home was presented to Mr. and Mrs. Stoll as a Christmas present by the parents of Mrs. Stoll who visited here last year.

K. of P. Dance—The members of the Knights of Pythias of North Bend gave a dance last night to

celebrate the 53d anniversary of the founding of order. The affair was at the Loggie hall. About 50 couples were present and they enjoyed dancing until midnight. The music was furnished by an orchestra composed of Earl Brown, Marjorie Swearingen and John Sheppard.

Business Men To Meet.—The quarterly meeting of the Coos County Business Men's association will be held this evening at 6:45 p. m. when a banquet will be given at the Oregon hotel in North Bend. Directors for another year will be elected. There is an extended program. Many delegates from all parts of the county are expected to be in attendance.

Kimball Assignee.—The Red Cross Drug Company has made an assignment to H. J. Kimball, Jr., for the benefit of the creditors to adjust the firm's affairs. Mr. Kimball will continue the business as usual until effecting a sale of the jewelry and drug business. W. W. Rucker, representing the Portland Credit Men's Association, will probably remain here for a time. F. C. Birch will continue at the store, taking over the Optical Department as his own business.

Championship at Stake—Eddie O'Connell, wrestling instructor at the Multnomah Athletic club and well known in Coos county, on the 29th of this month expects to meet Walter Miller of St. Paul in Portland for the middleweight wrestling championship of the world. O'Connell was here last summer. He wrestled several times in Curry county and also in Coos, winning all of his matches except one.

Linemen Returning—Both crews of the Western Union company were taken north from the Coos Bay line to aid Portland during the time of her silver thaw. One of these crews has returned and is now working north into Redport. The other crew is down at Astoria. It is expected back within a week and then there will be only about four miles of wire and poles to be put up to bridge the gap.

Returning to East—Mr. and Mrs. Russell Sage of Fairview are returning to their old home in the east, after a year spent on a ranch in Coos county. They came out here from Indiana in the fall of 1914 and have been here ever since. Mr. Sage is a distant relative of Russel Sage, the multimillionaire who died a few years ago. The father of Mr. Sage, who is here, inherited several hundred thousand dollars. R. O. Graves knew the family very well when he lived in Indiana.

Quite a Family Man.—Hark Dunham, juvenile officer, created considerable excitement at the train Sunday morning when he left for Coquille with eight children under his care. Seven of the youngsters were from the Charles Coffin family of South Inlet being taken to Coquille, there to be cared for by the county. The eighth child was Jeanette Aberson, of Coquille, who came here with friends to go to school and is being returned home.

Father Is Dead—Word has been received here to the effect that the father of Victor P. Morris, pastor of the local Christian church and teacher in the Myrtle Point High school, is dead at Eugene. He died there last Friday after an illness that lasted for several months. Mr. Morris was called home once recently and returned, thinking his father was on the road to recovery. The elder Mr. Morris conducted a grocery business in Eugene.

Still "Shoo-Flying"—The Shay engines of the Smith-Powers company were necessary again yesterday for the passenger train to "shoo-fly" about the slide in the line above Myrtle Point on the way to Powers. This morning the trainmen declared that they would try to get through all the way with the regular engines, believing the slide would have been bulkheaded up by this time. The schedule takes the train to Powers on the second trip of the morning.

No Rates on File.—Justice Penneck received a wire today from G. B. McGinty, secretary of the Interstate Commerce Commission at Washington stating there are no telegraph tariffs on file there at less than half a cent a word rate. B. B. Weldy, publisher and editor of the Daily Tide in North Bend put in a counter claim against the Western Union, when sued for a balance due on telegraph tolls, stating that a rate of a quarter of a cent was in vogue. The case is to come up Monday morning at 10 a. m.

Ready Already—The members of the Coos and Curry Fair association are literally letting no grass grow under their feet. This is the middle of February and already the Chamber of Commerce has received from J. O. Stemmler of the association, announcement of the mid-

summer racing meet to be held in Myrtle Point July 2 and 3, and also of the fair in September. Eighty per cent of the gate receipts at the racing meet will go toward the purses of the winning horses.

PERSONAL MENTION

TOM LAWHORN was down from Allegany yesterday.

WALTER H. STULL of Allegany was a visitor in the city.

ARTHUR CRAIG and wife left on the Kilburn today for Portland.

C. W. CUMBERS left on the morning train to attend to Standard Oil business in valley.

MISS LENA ROBBINS of Empire was a visitor here yesterday and today.

DR. V. L. HAMILTON of Coquille came over last evening on a professional visit.

FRANK V. ROOD and wife of Coos river were visitors in the city yesterday.

HCMER RING was in from Tarheel today and expects to resume his logging activities soon.

COUNTY AGRICULTURIST J. L. Smith came over this morning from the county seat.

CAPTAIN DUNSON, of the Cape Arago Light, was in the city today on a short visit.

DR. EARL LOWE was among the visitors in the city today from Coquille.

R. O. GRAVES returned last evening from a legal visit to the county seat.

GEORGE A. STOLL was here today from Bandon on a short visit with friends.

DR. J. L. MASSON, veterinarian of Myrtle Point, came over last evening on a professional visit.

PEN McMULLEN, timber cruiser from Myrtle Point, was here today on timber business.

MRS. P. RADFORD and son were down today from their home on Coos river.

DONALD M. CHARLESON, Port engineer, left this morning on a business trip to Portland.

DEPUTY SHERIFF W. C. LAIRD left this morning on the Kilburn, on an official trip to Portland.

ARNO MERKEN, of the C. A. Smith mill, went to Myrtle Point today on business.

MISS ELVIRA FRIZEEN returned on the train this morning to resume her duties in the sheriff's office.

V. G. HINDMARSH, Southern Pacific engineer, accompanied by Mrs. Hindmarsh, came in last evening from Lakeside.

South Coos Rover ranch today and reports that their two daughters are rapidly recuperating from their recent siege of typhoid fever.

EUGENE ROBINSON is back from his North Inlet ranch, where he made a short visit.

C. M. RUSHING of Eastport left today for the state tuberculosis sanitarium at Salem after Mrs. Erickson, a nurse here, had made a strenuous campaign to raise the necessary funds. The county will take care of the family which now is in destitute circumstances.

THEO. HILLYER, linotype operator, is again back to his first love, The Times, after many years. He came over from Myrtle Point where he has been holding a position on The Enterprise, and has taken charge of one of The Times machines. He will remove his wife and family to Marshfield probably next week.

CHAS. FENSLER was in from Powers this morning and states that business is getting back to normal there, all the camps being busy. The Smith-Powers company built a track around the big "sinkhole" and was able to get one of their big engines around the 24 degree curve. The big engine will be kept on the end and the Shay engines will be used in hauling cars around the curve.

BEAT THE LANDLORD

The laws of Oregon are very strict in protecting landlords, but now and then some man gets the best of the landlord and gets away with it.

Albert Kinney has adopted a safe method by buying a lot in Sunnyvale, in fact he bought three so as to have ample room for a garden spot. He proceeded immediately to erect a comfortable tent house thereon expecting later to build a permanent home. By so doing the money he had been paying the landlord each month for rent is not only keeping up the payment on the lots but leaving him a little nest egg besides. If you are interested in this plan of beating the landlord just "see Reid about it," and let him show you how it can be done.
