**Guaranteed Ranges**

**THE STERLING RANGE**

—Is without question the highest quality, the most satisfactory and longest-wearing range made today. It is constructed particularly for Western fuel, is reinforced throughout, asbestos lined and rightly finished. It will give satisfaction every day in the year; it is insured for years against wearing parts, and this is a point you cannot well overlook in making your range selection. Come in and let us show you

recreational center. Light refreshments will be served.  
**Takes Calves South.**—Aboard the steam schooner Hardy when she sailed this morning were 25 head of calves, being taken south by Capt. Edgar Simpson to put on his ranch near Sacramento. George King had been aiding him for some time in buying up the calves and they have held at Old Town. It was there that three of the animals ate some poisonous grass and died after Capt. Simpson went south on the Hardy.

**Still on the Briny.**—John La Mure who has just returned from the east, is in receipt of a letter from the merry skipper of the little St. Francis Drake, the 24 foot gasoline schooner that put into Coos Bay last fall. Captain Drake is resting at the Catalina Islands and he expects to leave very shortly for San Diego to take in the exposition. He sails alone, being his own mate and crew as well as cook.

**Sengstacken to Move.**—Henry Sengstacken expects to move the office of the Title Guarantee and Abstract company from the Coke building on Central avenue to quarters in the Sengstacken building on Broadway, Irving Chandler says the store room in the Coke building has not yet been leased.

**Start Improvements.**—Work was started today by C. R. Flanagan in connection with the Johnson avenue sewer, his bid for the work having been the lowest recently at the council meetings. Also tomorrow morning Dean & Brown, contractors, intend to start laying the concrete sidewalks about the block bounded by Front and Broadway and Central and Commercial avenues, with several other smaller stretches in the same vicinity.

**Makes Novel Calendar.**—The Rev. G. LeRoy Hall of the cruiser Life Line, has had printed at The Times office a packet of very novel calendars that he will take with him and distribute about in the logging camps and wherever he holds services. The calendars are headed with a partial picture of the cruiser and Mr. Hall at the wheel, and each month carries with it a motto.

**Hearing Continued.**—The hearing in the Stephen Rogers case was continued today before referee A. B. Lord in the office of Hall and Hodge. Tom Barry and D. L. Rood appeared as witnesses, testifying as to the value of the lots along in the early '90's when Mr. Rogers came into the possession of them. The case was started by the Webster heirs to secure a share in the holdings of Mr. Rogers on Central avenue.

**Engines We'll Through.**—The

heavy engine of the local railroad went through to Powers yesterday with the passenger train. There are two sharp curves in the line above Myrtle Point in the shape of the figure 8. It was necessary to grease the rails on the high sides in order to make the turns. Also the two big engines of the Smith-Powers company came down over the same route. Eighty cars of logs came in yesterday, according to traidmen, and they said there were about 112 more cars loaded.

**Recovers Dog.**—J. E. Ford of the Union Market is elated today over the recovery of his shepherd dog which has been missing for several weeks. The animal got away from Myrtle Point where Mr. Ford left him for a few days and it was feared that the animal had been killed. Yesterday he found that the dog had got caught in a varmit trap near Fishtrap and a rancher there had found him almost starved to death. Mr. Ford has arranged to have the dog sent here. Sometime ago he refused \$100 for the dog.

**Mails Are Flooded.**—Mail pouches arriving here in the past two days have been flooded, filled to overflowing with "booze" literature. The letters have been no respectors of persons; ministers as well as the regular old customers have received glutting advice of prices and how to send in their orders. Some of the letters came from San Francisco, others from Eureka, the latter seeming to work on the supposition that it takes a shorter time to get shipments here from that point.

**Knew Drowned Men.**—R. Bugge, cashier of the Scandinavian-American bank of this city, was a very intimate friend of both Charles Kilpatrick and Harry Gammie, two Portland bankers who were drowned in the Willamette river on Saturday when their frail craft overturned five miles below Oregon City. Mr. Bugge was formerly in the First National bank there with Mr. Kilpatrick, clerk in the clearing house. H. W. Gammie was paying teller in the Ladd & Tilton bank. Mr. Bugge had heard nothing of the tragedy until he read the newspapers. The young men belonged to a party of eight who had gone down to Salem with their canoes and were paddling back to Portland.

**PERSONAL MENTION**

L. W. JACOBS left this morning for Powers on business.  
CLAUDE C. MOON was here today on business from Powers.  
DR. V. L. HAMILTON and wife of

Coquille left this morning for their home.

W. K. WISEMAN, who now has a furniture store in Powers, was here today.

MIKE BOONE was down yesterday and today on a short visit from his home at Sumner.

A. J. SHERWOOD came over from Coquille on the morning train to look after some legal business.

WILLIAM G. CHANDLER went over to Coquille on the morning train on a short business trip.

MRS. ANNA DECKER has closed her novelty store in the O'Connell building and gone to Astoria to locate.

A. C. VESTAL of the Union Oil company left this morning for the Coquille valley to see that it is well "oiled."

JOHN G. KENDALL went to Coquille this morning to attend to some legal work and later will go through to Powers.

W. E. MEYER, cow testing association expert with the government, and J. L. Smith returned to Coquille this morning.

C. S. McCULLOCH, county surveyor, came over last evening from Coquille to look after some surveying work.

WILLIAM SNEEDON left today for Roslyn, Wash, where he expects to locate and where his brother, Walter Sneddon, is located.

EARL SLAGLE, interested in the Coquille-Marshfield stage line was a visitor here today. It will probably be a couple of months before the stages can operate this year.

PROF. W. A. BARR of the O. A. C. extension, who has been in Coos and Curry counties for the past two weeks, left yesterday afternoon on the stage returning home.

OLIVER SPIRES, formerly connected with the Lockhart-Parsons Drug company here and at Powers, came over from Myrtle Point yesterday and left for Portland on the Kilburn.

MR. AND MRS. JOHN LA MURE have returned from an extended visit at their old home in South Kaukauna, Michigan. John says it didn't seem like the same old place after being on Coos Bay and like everyone else they are glad to get back to Coos Bay and promise not to go away "no more."

**MEET TO ORGANIZE**

**J. O. HOLT AND DR. M'PHERSON FOR CANNERY GATHERING**

Called for Saturday Morning at 10:30 at Chamber of Commerce —Farmers Invited

Organization of the Coos Bay cannery will probably be effected Saturday morning at the Chamber of Commerce. J. O. Holt, successful manager of the Eugene cannery, and Dr. McPherson, of O. A. C., will be the principal speakers. The time is 10:30 a. m., late enough to allow the farmers who are interested to arrive on the early boats.

Every farmer in this entire end of the county is invited to attend. It is primarily upon these men that the success of the venture will depend for their work will be to supply the produce to be sold to the cannery.

Business men of the city are also invited. The plan is to have present at this meeting every person who is in any way interested in the project.

On Saturday the plan is to appoint a committee who will have charge of all further arrangements, the subscribing of stock especially.

Farmers will be allowed to buy stock in the concern with their produce, said Claude Thompson this morning. This will aid in taking care of the overhead expenses.

About \$5,000 in cash is needed to start the cannery. It is expected it could be kept open and running between the first of May and September or October.

**WORKING ON ROAD**

**Autos Will Have Easy Travel to Beaches This Summer** — Road Supervisor Busy

The road to Empire and on to South Slough is to be put in first class shape and the autos will have a good road to travel this summer when it is expected that hundreds dwell visit the beaches.

Glen Rozell is the new road supervisor for that district and he is hard at work putting the road in better condition. The mud holes are being filled with sand and other improvements made.

The road between North Bend and Empire is to be planked and the lumber is now at South Slough for the planking of the road from the bridge down to Shore Acres, the latter work is being done by L. J. Simpson. The improvement of the highway is an important one as the trip to the beach in the summer months is one of the most popular in this locality.

**A Touch of Early Spring**

Now is the time to begin your Spring sewing, while the picking is good.

**WILL SELL CARS ON EASY PAYMENTS**

**GEORGE GOODRUM ARRANGES TO EXTEND CONVENIENT TERMS TO PARTIES DESIRING TO PURCHASE NEW CARS—KEE'S DEALINGS CONFIDENTIAL.**

George Goodrum announces that he will continue his policy of selling autos on easy payments again this year. He has arranged for extending convenient terms to those desiring to purchase cars and will be pleased to talk the matter of terms and time over with all who desire to secure an auto, but who are not prepared to pay all cash for them.

Kept Confidential. In arranging these matters, Mr. Goodrum always keeps the matters confidential. He carries the notes and securities himself, not selling them or transferring them to other parties. Consequently parties purchasing a car from him on partial payments are not embarrassed by having the nature of their arrangements made public.

These easy terms are made on the cars that he handles.

**AMONG THE SICK**

Mr. Spurrell of North Bend who sustained some severe injuries a short time ago, has undergone an operation to remedy some broken nasal bones.

John Wall of West Marshfield fell about twelve feet while engaged in some work on the Smith-Powers line Sunday and sustained some severe bruises but no serious injuries.

The three-year-old child of Mr. and Mrs. Burns of Henryville was brought to Mercy hospital to receive treatment for spinal trouble. The family formerly lived near the Coos River cannery and the child is their adopted son.

Mrs. Goodrich of Coquille who underwent an operation at Mercy hospital yesterday is reported doing nicely.
