BORN

MATSON—To Mr. and Mrs. Fay Matson, of Sumner, at Mercy Hospital February 25, 1916, a girl. The father and little daughter are getting along nicely and the father is a very happy man today.

Chemawa Teacher.—Mrs. Arthur O. Schillerstrom, of Point Terrace, instructor at the Indian school at Chemawa, left on her return to her work after visiting friends here.—Eugene Register.

Suit is Filed.—Attorneys for Geo. Gettings this morning filed suit in the justice court for the collection of \$42.70 claimed to be due from Mr. and Mrs. M. Kehoe. Interest is asked from June, 1915.

Papers Are Served.—Papers in connection with the suit of Charles A. Johnson against the Port of Coos Bay and the City of Marshfield were served today on the defendants by Deputy A. P. Davis, who came over from Coquille on the morning train.

Many New Members.—The membership committee of the Millicomma Club reports that they have had decided success in the last few days, adding 30 new names to the rolls. There were already 70 members. The campaign closes next Wednesday.

Plans Pool Hall.—Charles Burton is arranging to open a pool hall at Sumner, the large number of men employed in the McDonald & Vaughn camp near there affording much additional business for that town.

Funeral Sunday.—The funeral of Mrs. Harris of Cedar, Kas., who died at the home of her daughter, Mrs. L. E. Dyer, in Flagstaff, will be held Sunday afternoon from the Duncan Undertaking parlors. Rev. P. Morris of the Christian church will officiate.

Saw Big Fire.—Will Sneddon has written to Jack Sneddon telling of the big 100,000 fire he witnessed in Roslyn, Washington, the other day. The fire destroyed the big general store of the mining company at that place. He sent a picture of the fire, showing a great depth of snow on the ground at the time.

Take More Testimony.—More testimony was being taken today before Court Reporter A. B. Loud in con-

nection with the Stephen Rogers case involving title to valuable Central avenue property. J. W. Bennett was a witness, telling of early transactions regarding the property.

Stage Boat Damaged.—Capt. N. J. Cornwall, who is here from Gardiner, says that the damage to the stage launch Atlas, which was damaged by a raft in the Bay the other morning, is greater than first believed. The Propeller and crank shaft both were injured and the loss of the Atlas is keenly felt during the present heavy stage travel.

Loses His Propeller.—John T. Olson, of North Bend, is bemoaning the loss of a propeller from his gasoline boat. It has three blades and is about 14 inches in diameter. It disappeared either Monday or Tuesday night and the police have been put on the lookout, expecting that it might be disposed of at some of the second-hand stores.

Mills Run Today.—The big mill of the C. A. Smith company operated until noon today when it closed down for repairs. The Eastside mill ran all day, making the full six-day schedule this week. The logs are coming in more rapidly and they will soon have a supply ahead which will enable them to cut special orders and keep steadily on the six-day schedule.

Liquor Is Returned.—Chris Gardard came into the Justice court and claimed the liquor that was taken from his room in the Joe Hauser home at the time the latter was arrested for bootlegging. Gardard at that time was away from home and the liquor found in his room was confiscated. Judge Penneck was satisfied that it was his and the 10 bottles of beer, one of whiskey and another of champagne were returned.

Drought is Relieved.—The Kilburn aided and abetted in relieving to some extent the drought on Coos Bay when she arrived this morning from San Francisco with some 30 booze orders aboard, arrivals here under the prohibition law. There were several happy recipients today who now have another month's supply of "ammunition." The Nann Smith brought no express the other day, all of which accounts for the extreme "dry" condition that prevailed here.

James Buys Lot.—Another new name was enrolled among the prospective home builders of Marshfield, that of Tom James, who yesterday purchased through W. A. Reid one of the most attractive homesites in Fernham Park. It is located on Seventh Terrace, close to the new home of C. K. Perry. The view from this point is unobstructed, a sheltered, sunny spot. Mr. James has a frontage of sixty feet on the Terrace. As soon as the lot is cleared and graded plans for a new \$3000 home will be prepared, which when completed, will add much to the beauty of this popular residence section.

Is Victim of Trade.—A man leaving Victoria the other day offered to exchange coats with Arthur Baker, who was at the depot. Later word came from Powers that Elmer Wardlow had lost a perfectly good coat. Baker had also come to town by this time and he was seen wearing the coat about the streets, and Allan Todd, who had made the suit in the first place, recognized the raiment. He had Baker questioned by Marshal Carter. Baker told a straightforward story and returned the apparel to Mr. Todd, who gave him another coat to keep out the chill winds and Baker went on his way. Baker is said to bear a good reputation and he is aiding Marshal Carter in keeping a lookout for the stranger who duped him.

Many Are at Work.—Sidney Henderson, city engineer at Coquille, and Republican candidate for County Surveyor, came over this morning

First Home From School

Parents:
Do you remember how you would have enjoyed riding home from school on a bicycle? Why not let your son have one?

Do you remember how you had to hurry in the morning to "get there before the last bell rang?"—Why not let your boy have a **TIMESAVER**? He'll be late, anyhow, I know, but think of the fun he'll have.

Please look over our wheels before you decide on the bicycle for him. We know what's what in durability and can make many suggestions that will prove of value to you.

Our bicycles **MUST** please, **MUST** give satisfaction, or we'd have to go out of business.
