the Coos Bay country. He is quoted there as saying that "the country traversed by the new line brings into view many miles of charming scenery, beautiful lakes and tempting trout fishing places."

Relieves Situation.—Aboard the Yellowstone this morning when she docked were exactly 22 monthly liquor allotments for 22 individuals of Coos Bay. All of them, the packages, were nicely done up in plain wrappers. This supply will last some of the receivers for the next 30 days, and some of them it won't, possibly.

Brings Reservoir Materials.—The redwood materials for the Coos Bay Water company's reservoir in North Bend arrived this morning on the Yellowstone from San Francisco. They were shipped by the Redwood Manufacturers company that has the contract for the building of the reservoir and work is to be started as soon as the concrete foundation has been completed.

Put Out Sporting Issue.—The students of the Marshfield High School are working on an eight page issue of the Purple and Gold, their weekly publication, that will appear next week. It is to be dedicated to the basketball team of the school that won the championship of Coos county. Four pages of the issue will be in pink. It will be well covered with the cuts of players and their coach.

Locates Here.—J. W. Leavens has arrived here from Portland to represent Mason Ehrman, of Portland, in Coos and Curry counties. Mr. Leavens has been with the firm for some time and had the Dalles-Hood River territory. He is known to many here and "Jerry" is being warmly welcomed to this territory by some of the traveling men who were with him in the Northern territory.

To Play Last Game.—The basketball team of the Marshfield High School will play their last game of the season in North Bend tomorrow evening. This will make the eighth contest. The past seven have been won and the 1000 percent of the team stands a fair show of finishing the season unmarred. North Bend has already suffered a defeat this year at the hands of Coach Niles' basket-shooting five.

Will Speak.—Prof. E. S. Conklin, of the psychology department of the University of Oregon, will deliver a public address at Guild Hall Monday evening at 8 o'clock. He will speak to the Marshfield High School students at 10 o'clock Monday morning and will address the teachers of the schools at 4 o'clock in the afternoon. Prof. Conklin is making a tour of the Coos county towns.

To Survey Bar.—A survey of the Coos Bay bar, the first one in several months, is to be undertaken within a few days. Capt. James Polhemus, junior engineer now in Portland, said before leaving that a report would be made shortly to the government engineers in Portland. It is expected that this survey will be in charge of Port Engineer Donald Charleson. The last one showed between 28 and 35 feet of water through the channel on the Coos Bay bar.

Buys Bottling Machine.—L. W. Traver, of the Bradley Candy company returned from Portland today where he went to purchase a bottling machine for the concern. It is expected in on the next trip of the Kilburn. The machine will be used here for bottling soda pop, fruit juices and various sorts of soft drinks that the company expects to specialize in. He says the berry drinks are becoming particularly popular, especially since the first of the year.

Log Injures Arm.—Chester E. Carey is down from Allegany to receive medical treatment for his right arm that was badly bruised on Saturday, when the small end of a 40-foot pole cracked him just above the wrist. He was working in the woods and, having a new man to

DRINK SIX GLASSES OF WATER DAILY

An Interesting Statement by One of the Big Men in the Drug Business

A. E. KIESLING of Houston, Texas, says: "If you have a muddy complexion and dull eyes, you are constipated. Six glasses of water daily and one of two Rexall Orderlies at night will correct this condition and make you fit as a fiddle." Rexall Orderlies, in my opinion, are the best laxative to be had, and can be taken by men, women or children. We have the exclusive selling rights for this great laxative. Trial size, 10 cents. add him, was looking out for the other fellow's welfare, when the pole came down the hill, hit a stump and snapped back, striking Carey's arm. The injury will probably keep him away from work for several days.

Ship Doors To Coos Bay.—On the Kilburn today was a large shipment of doors, being brought into the Coos Bay territory. They are manufactured from red fir and cedar and were made in Portland. There is considerable of this material in Coos county. The shipment is an example of the articles often shipped in here which could well be made at home.

Typhoid Increasing.—Typhoid cases are on the increase. Mrs. E. R. Hodson, of Coos River, is down with the disease. Her two children are just through with it and her mother, Mrs. Robert McCann, died from the effects of it a few days ago. In West Marshfield, Mrs. M. A. Mosen is ill with typhoid. She is said to be getting along very nicely. The doctor is using the Widal test on the little Conner boy in Eastport to find out whether or not he too has typhoid.

TIMES STORY BRINGS IMMEDIATE RESULTS

Young Wife and Family Today Supplied With Food—Many Willing to Aid Destitute Family.

Early this morning the phone in The Times office was busy bringing in queries regarding the pitiful case of desertion and destitution that was printed last evening about a young mother and her four children who are living in a West Marshfield tent and entirely without food.

The response from all parts of the city was immediate and encouraging. "Where do they live?" was always asked, with the addition, "We want to help them."

The father is said to have even put in his appearance and to have gone away as usual without leaving any money. Kind friends, however, have relieved the situation and the family again has something in the cupboard. Two grocery men were among those making inquiries, saying they wished to send up something for the "kiddies."

AMONG THE SICK

Fred Knight sustained some rather painful injuries by a fall from a bicycle. He is a brother of Mrs. E. C. Drews, and the Knight family, which was going to move to a nearby ranch, have postponed their trip.

John Olson, of Eastside, is much better after a long illness with a tumor in the lung. He was able to be up and about the house today. A. C. Vestal was under the weather today, suffering with an attack of rheumatism.
