

You have a choice of several very snappy models, when you come here and ask to see Hart Schaffner & Marx Varsity Fifty Five

Copyright Hart Schaffner & Marx

—Some of you may have the idea that Varsity Fifty-five means just one style; wrong, it's a title for several good ones; there's a general similarity in the lines, but a considerable variation in details.

—That's so we can suit every young man who comes to us and there's a big variety in fabrics; enough to satisfy every taste.

—At \$25 we are showing the most unusual values. We have some for less and some for more.
