Narcissus Club.—The members of the Narcissus Club will meet on Wednesday at the home of Mrs. John L. Johnson in Eastside.

Child Named.—The little daughter of Mr. and Mrs. L. L. Bradley, of Englewood, has been named Edna Ruth.

Get New Autos.—Isaac R. Tower delivered a new Overland 75 to Dr. H. M. Shaw on Saturday and a new Ford to George P. Stewart of Myrtle Point.

No Council Tonight.—There will be no meeting of the city fathers this evening, the council having adjourned for two weeks at the meeting of last week.

Hostess's Name.—At the Episcopal Guild meeting tomorrow afternoon Mrs. E. P. Lewis and Mrs. Guy Warner will be the hostesses.

Sells Out.—Dr. W. T. Thompkins, of South Broadway, has sold out his practice here to E. J. Sloeum, of Portland, and intends to leave shortly for the north, where he may locate.

River is Up.—Boatmen from both branches of Coos River reported this morning that the river rose between four and six feet during the heavy rain of the week-end. It did no damage, however, and this morning had gone down about eight inches or more.

Brought Out Logs.—A. L. Berton considers himself highly fortunate in that the high water of Saturday and Sunday permitted him to bring out three or four rafts of logs from above tide water on South Coos River. He did not expect to get any more out until next season. The logs went to North Bend.

Shipment Is Refused.—I. R. Tower, local Ford agent, said today that he

he said that there are eight more machines coming for him and for this reason he will have enough to supply the demand.

had refused to accept the four autos that came on the Breakwater because of the fact the glass windshields and tops were damaged by a heavy sea on the trip south. He said that the machines were insured and that the matter was turned over to the insurance company for adjustment. On the Tillamook, due here tomorrow.

Operation on Throat.—The little son of Dr. Shaw submitted to an operation for throat trouble today.

Is Due Tomorrow.—The Tillamook, barbound at Astoria, got away from the Columbia River today and will arrive at Coos Bay at daylight tomorrow.

Goes to Bandon.—G. J. Lemanski said that he would go to Bandon tomorrow to open the Orpheum theater there next Saturday night. Mr. Lemanski said that he would not open a showhouse in North Bend for a month or so.

Goes For Operation.—Roy Dunham, son of Juvenile Officer Hark Dunham, had to leave his work as engineer on the bridge at Siuslaw and go to San Francisco, where he will undergo an operation for a tumor. He left Florence last Wednesday.

Has New Purser.—Aboard the Nann Smith is a new purser, Harry Reynolds, who has been with the vessel for a long time, left in February for the east, it being stated that his brother was ill. He did not return and now J. W. Russell is aboard the Nann as wireless operator and purser.

Catches Live Mink.—John Hale, of Bay Park, Saturday night captured a live mink which was trying to get away with a big rooster. The mink refused to let loose until Mr. Hale swatted him one with a club, rendering the varmint unconscious.

R. A. Cortwell wanted the animal as a pet for his boy and took it over and made a cage for it. However, he fears that he will not be able to keep it long.

Building Bids Dtd.—George J. Anderson has let the contracts for the building, plumbing and decorating of his new residence on Tenth street. The locality has been named Cedar Hill. Hibarger & Telandier got the contract for the building, the bid being \$1875. The Marshfield Hardware Company was awarded the plumbing contract for \$250, and the Marshfield Painting and Decorating Company the painting contract for \$240. The contract for installing a heating plant has not been awarded on account of bids not being received in time.

Stakes In Trouble.—Beach travel has been more or less disrupted for the last three days. On Saturday the autos did not come down the beach from Florence, though several machines went through to the Umpqua from Coos Bay. Yesterday the stage came down from the Siuslaw, that is four machines and about 23 passengers started, but on the way two of the cars broke down, according to travelers, and only about 14 came through, while the remainder went back to Florence. The trip was unusually rough on account of the wind and a high sea.

Times want ads bring results.
