Rusty Water

Where red or rusty water occurs, it almost always comes from the hot water faucets. The water is discolored because of the rusting of the inside of the hot water piping in the house and is not dirt or foreign matter, for if it were then both the hot and cold water would be discolored. The hot water piping in some houses causes more rust than in others, due to the galvanized coating of the pipes being of poorer quality. When placing new or repairing old water piping, insist on your plumber using the best grade of galvanized iron pipe of not less than three-fourths inch diameter.

Where rusty hot water is especially bad it can be remedied to a considerable extent by having a plumber attach an inexpensive device to the water pipe entering the hot water coil or stove-back for the introduction of a small amount of lime each week. The lime added to the hot water will largely prevent the formation of rust in the hot water pipes, but it will make the water somewhat harder and require more soap.

Don't heat your hot water supply too hot. A temperature of 140 degrees is sufficient for all ordinary uses of hot water and to exceed this causes trouble. Flush the rust out of the bottom of your hot water tank at least once a week. Every hot water tank should have a faucet for this purpose.

WHO'S WHO? WHAT'S WHAT?

What is the best article to buy for a particular need? Where is the best place to buy it? What is the right price? The answer to these questions means much to your happiness.

To answer them rightly you must know men and markets and must be able to compare intelligently.

Perhaps the very information you want is in the advertising columns of the Times.

They are the day-by-day directories of who's who and what's what.

KEEPING THE DOLLAR HOME

Every dollar sent out of town for a purchase enriches some one else.

Every dollar spent here helps to enrich the city.

All things being equal, our merchants are entitled to your first consideration.

Their money is your prosperity. As they grow they become greater factors in our city life.

In many instances you can buy at home to better advantage than you can somewhere else.

Look over the advertising in today's Times and see if that statement is not true.

Compare goods and prices and ascertain whether or not our local business men are "on the job."

Clean Up and Paint Up if You Desire Health

HAVE you joined the "Clean Up and Paint Up" movement? If not, get in line and march to the front ranks and be ready for duty. The royal battle of "Clean Up and Paint Up" will be fought all over the country. This movement has enlisted the aid of every one, young and old, the schools, the clubs, commercial organizations, municipalities and country communities.

One state wide campaign was started by the Oregon Federation of Women's Clubs, which led to the issuing of the proclamation to "clean up and paint up" by Governor Withycombe and was followed by the appointing of a committee from the Portland chamber of commerce.

This committee inaugurated a publicity campaign of stupendous work and met with successful co-operation on the part of ministers and physicians throughout the state. That it has received true co-operation from the physicians is evidenced by the responses.

One physician endorsed the movement as follows: "It is much more exhilarating and encouraging to see clean, well kept yards and lawns, clean streets and buildings than to see dirty lawns and neglected buildings. The first example is exhilarating; the second is depressing. In which state of mind do you do your best work?"

Another physician said: "Want to put the doctors out of business? With good water and a salubrious climate and an abundance of fresh food most of the doctors would be idle loafers. But I am with you just the same. I am having my house painted and lawn mowed, and when the painters get their stuff out I will flush out the garage."

Are you going to do the same? Take heed to the advice of the above physicians. It is vital that everything be made spick and span not only for showing off to the visitors that are coming to your town this summer, but for the sake of yourself, your family and surroundings.

"Clean Up and Paint Up!"

Clean Up and Prevent Criticism

A TRAIN on which a well dressed St. Paul citizen was recently traveling stopped at a small town. From the car window could be seen a dozen or more back yards. Heaps of refuse were scattered over the weeds ground. Here and there a tin can glistened in the sun.

The houses were dull, uninteresting and in bad repair. A couple of listless men boarded the train and sank into their seats apparently thankful to be leaving the place.

An hour later they approached another town. There was no dismal outlook there. The back yards were carpeted with close cropped grass and patterned with flower beds. Fresh painted white fences separated the lawns. Most of the houses had been recently painted.

"Is this the county seat?" the citizen asked the conductor.

"No; that last town is the county seat," was his answer, "but this place is going to be. That other town hasn't got enough self respect to fight the bill that will make the change. This town is a hammer. It deserves to win."

PLAN IS ADOPTED

ROAD OUTLINE OF E. I. CANTINE APPROVED BY ASS'N.

Bond Issue of \$370,000 For Good Roads to Be Voted on at May Primaries—Meeting Successful

Good roads men of Coos County, in session yesterday at Coquille, accepted the road plan as outlined by E. I. Cantine, deputy state highway engineer. At the same time authorization was given for the circulation of petitions asking that the \$370,000 road bond issue be placed before the people at the primaries of May 19.

L. A. Liljeqvist will prepare the petitions and no more than 200 names will be necessary to have the measure put on the ballot.

There was some talk among the members of the Association from the northern end of the county to have the road election put over until the fall, stating that this would give plenty of time to have surveys made and a regular plan outlined for the spending of the money.

This move, however, met with little favor, the majority of the members favoring going through with the issue in May and it so carried.

To Make Wider Road

G. T. Treadgold, present from Bandon, was successful in a resolution calling for a road 24 feet instead of 20 feet in width between Bandon and the Curry County line. It was shown that already the road is graded for the greater width. This is the same breadth suggested by Mr. Cantine in his report, for the Marshfield and Coquille road, which he called the most important piece of road in Coos County.

Question About O. & C.

There is some question as to whether or not the O. & C. lands or the holdings of the Southern Oregon Company can be included in the two-percent of the assessed valuation of the county, the means by which the amount of \$370,000 is fixed. If this is not allowed the amount will be reduced somewhat, yet on the other hand, if these lands are allowed, the amount will be larger.

Among those attending the meeting from this end of the county were Charles St. Dennis, of Lake side; A. G. Raab, of North Bend; and Charles Hall, J. E. Montgomery and Earl Powell of Marshfield.

The essay contest among the pupils of the county for \$30 in cash prizes for the best story on good roads was endorsed by the association.

NEW LUMBER MILL

Plant Will Cut 20,000 Feet a Day at Richardson

EUGENE, Ore., April 1.—A saw-mill is under course of construction on the right of way of the Willamette Pacific railroad two miles west of Richardson and 35 miles from Eugene, which will cut a million and a half feet of fir logs there belonging to R. M. Baker, conductor on the Willamette Pacific train.

The mill is being constructed by Bigelow and Deane, and should be ready for operation in about 10 days, says Mr. Baker. It will have a capacity of 20,000 feet of lumber per day.

The logs were cut to clear the right of way for the railroad, and Mr. Baker purchased the logs as an investment.

While the mill is being erected primarily to saw these logs, it may be a permanent plant.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed bids will be received for the clearing and grading of a portion of the Coquille-Marshfield County Road in Road District No. 3, from Coaledo to Davis Slough according to the plans and specifications on file in the Office of the County Clerk.

The County reserves the right to reject any and all bids and to award the contract to a bidder not the lowest should they deem it for the best interests of the County.

All bids to be filed with the County Clerk on or before the 8th day of April, A. D. 1916, at the hour of Ten o'clock A. M., on which day such contract will be let. A certified check for five (5) per cent of the amount of the bid to be deposited with the County Clerk with bid to be forfeited to the County in case contract shall be awarded and the contractor shall fail, neglect or refuse for a period of five days after such award is made to enter into a contract and file his bond to the satisfaction of the County Court as required by law.

A set of plans and specifications may be had upon deposit of the sum of two (2) Dollars with the County Clerk at the City of Coquille, Coos County, Oregon, this 22nd day of March, A. D. 1916.

ROBERT R. WATSON, County Clerk.

INFANT CHILD IS FOUND NEAR TRENCH

Little One is Adopted by Company of Reservists and Named After the Kaiser

(By Associated Press to Coos Bay Times.) METZ, Germany, April 1. —A Metz company of reservists, most of them middle-aged and the heads of families, who recently found a one and a half year old baby boy lying near their trenches in the east, probably left by some mother driven from her home by the Russians in retreating, adopted the infant on sight. The reservists chose the Kaiser's Birthday as the opportune time to christen the lad, and bestowed on him the name of Wilhelm Metz. The city of Metz, it is understood, intends officially to adopt the child and provide for its education and rearing.

HOLLAND IS GUARDING AGAINST SMUGGLERS

Extra Precautions Taken to Prevent Law Violation

(By Associated Press to Coos Bay Times.) AMSTERDAM, April 1. — That extraordinary vigilance has been necessary to prevent smuggling in and out of Holland during the present war is indicated by an official report of the Dutch General Headquarters, which shows that 62 smugglers were killed or wounded by fire from soldiers during 1915 when 36,679 summonses were issued for smuggling. In a further effort to prevent smuggling it is now forbidden to store any goods within an hour's walk of the frontier.

DRIVERS TO THE FRONT

Fewer Horse Drawn Vehicles Found in London Now

(By Associated Press to Coos Bay Times.) LONDON, March 31.—More than 4000 omnibus drivers and conductors and 3315 cabs and omnibuses have been sent to the front, the annual report of the Traffic Branch of the Board of Trade reveals. It also indicates a big decrease in the number of horse-drawn vehicles, 1159 vehicles being drawn by horses in 1914 against 3905 in 1903.

NOW SMOKE PIPES

Cigars and Cigarettes Are Scarce in Vienna

(By Associated Press to Coos Bay Times.) VIENNA, March 31.—Owing to the shortage of cigarettes and cigars, the people of Vienna are taking to smoking pipes, which have never before attained any considerable popularity here. For some time past, it has been practically impossible to get cigarettes in Austria, although the supply for the army seems unlimited.

MANY SPECIALS RUN

Extra Trains Are Operated Over English Roads

(By Associated Press to Coos Bay Times.) LONDON, March 31.—Fifteen thousand special trains have been run over the London and South-western railroad during the past year in connection with movement of troops. This was independent of the large number of trains for soldiers on leave, many empty trains run in connection with troop movements and 2,500 ambulance trains.

JEW ENLISTS

Was Last Volunteer to Offer as Single Man

(By Associated Press to Coos Bay Times.) LONDON, April 1.—The last voluntary recruit among the single men in England was an East Side Jew named Solomon. He arrived at the recruiting office almost on the stroke of midnight on the last day allowed for voluntary enlistment.

GETS BIG FEES

Lawyer Makes Money After Leaving the Cabinet

(By Associated Press to Coos Bay Times.) LONDON, April 1.—Sir John Simon, who retired from the British Cabinet because he could not agree with his associates on the question of military compulsion, has returned to the bar as a private practitioner. His first big case, a suit between two insurance companies, will come up shortly in the Chancery Division. His retaining fee in this case, \$35,000, is an illustration of the enormous rewards which are possible to a high-class lawyer in England.

PAPER COST BIG

Government Expends Large Sums on Printed Matter

(By Associated Press to Coos Bay Times.) WASHINGTON, Mar. 31.—Paper used by the Government printing office last year cost \$1,238,759 and salaries and wages at the printing office amounted to \$3,365,000.

Mrs. V. L. Hamilton departed for a three weeks' visit to Idaho and the Eastern part of Oregon.

Horace G. Rahakopf, of this city, and Leslie Sparks, of Bandon, started for Willamette University after spending the spring vacation at their homes.

C. W. Gardiner is carrying his right arm in a sling as a result of a car kicking back on him while he was cranking it.

The body of Florence Gilman, whose death occurred at San Diego, California, Friday, March 17, was sent to this place for burial and arrived Sunday morning. Interment took place at the Masonic Cemetery Monday at 2 p. m.

RANCHER MAKES TROUBLE

Homesteader in Siuslaw Country Threatens to Shoot

Trouble which bordered on a shooting fray is told as follows in the Eugene register:

Lorenzo Dole, the homesteader living on a mountain ranch near Heceata Head, on the coast, and who has been giving his neighbors and others living in that part of the country considerable trouble for the past several years, is now under arrest at Mapleton, charged with threatening to kill Constable Harrington of that precinct.

Harrington, who is also a deputy sheriff for that district, went over into Dole's country from Mapleton to look after some cattle, and while out there Dole, it is alleged, pointed his gun at Harrington and threatened to shoot. Harrington forthwith arrested the man and brought him to Mapleton, where he will be given an examination before Justice of the Peace Joe Morris.

NEW FISH COMPANY

Umpqua River Is to Have Another Good Industry

The Eugene Register tells the following regarding a new fishing company for the Umpqua river:

Thomas Richmond, of the Umpqua Fishing, Storage and Supply Company, at Gardiner, is in the city for a few days on business connected with the company. Mr. Richmond says the ice making machinery for the plant has arrived on the steamer Patsy and will be installed as soon as possible. The necessary building has been erected and the company will be ready to do business within a short time, he says.

The company was incorporated several months ago. J. H. Newman, a local fish dealer and A. K. Meek, attorney, being members of the corporation. The company intends to ship fish by the carload and will manufacture its own ice with which to pack them in the cars.

Mr. Meek said yesterday that the company has been flooded with orders, but not having the plant yet in operation, has been unable to ship any fish yet.

Mr. Newman, who has been in the fish business here for many years, will soon begin to get salmon from the Umpqua instead of the Siuslaw, as at present.

MANY ACTORS ARE WITH ENGLISH ARMY

Report Says Fifteen Hundred Are Now Serving With the British Forces

(By Associated Press to Coos Bay Times.) LONDON, April 1.—There are now 1,500 actors serving with the British forces, it was announced at a recent dinner in their honor given by members of the theatrical profession. Lord Derby, who raised England's big volunteer army, paid the members of the profession a compliment for the assistance they had given in his recruiting campaign when he said, "Nobody knows better than I do how much recruiting owes to the dramatic and variety professions. One had never to appeal to them in vain. They have always been ready to give their services, and much is due to them for the success that has attended the voluntary recruiting."

MANY JOIN CLUBS

Women Take Up Demonstration Work in South.

(By Associated Press to Coos Bay Times.) WASHINGTON, Mar. 31.—Home demonstration work among women in Southern states by the Department of Agriculture brought 32,613 girls into canning clubs, 9,834 into poultry clubs and 2062 into bread clubs during 1915. The average profit from each tenth of an acre that the canning club girls required to cultivate was \$24.91. A poultry club girl cleared \$164.17 profit from 30 hens.
