

"Dress-up" Week Ends Soon

Have you gone in on this big general celebration of the right clothes idea? Think about it today if you haven't

You have your house painted over at certain times—on your own account, and also for the general uplift in appearance, the tone of your neighborhood. We have just had a very successful "Clean-up" Day to dress up the city and give it a better appearance. It is now up to you to "dress up" yourself. "Dressing up"—buying new clothes because they're needed—fulfills the same purpose. You almost owe it to yourself.

This home of Hart Schaffner & Marx Clothes is ready to show the right thing for your personality and your pocketbook; in Suits and Overcoats

SUNRISE AND SUNSET
Friday,
April 7.—Sun rises at 5:31 and sets at 6:33.

Meeting Is Tonight — The meeting of the Marshfield Chamber of Commerce will be held this evening in the rooms on Second street. Inasmuch as there are several matters of importance to come up an urgent request has been made that all members come out.

Aboard Wrecked Vessel — It is reported at Bandon that A. F. Estabrook, well known in this county as for many years head of the Estabrook company, was a passenger aboard the liner Chiyo Maru which was wrecked near Hong Kong. All of the passengers got off safely.

Caught Forty Fish — On Wednesday G. A. Bennett, Fred Bennett, Gordon Smith and Robert Swanton went fishing up the north fork of Coos River. They came back after a stay of several hours with some forty fish. One of the trout was 16 inches in length, which is well within the limit allowed by law.

Comes Incognito Maybe — On the register of the Chandler Hotel this morning appeared the name, in bold letters, "Woodrow Wilson, Washington, D. C." "Dad" Welch declared it his belief that the President of these United States may be here "incog" to look after the railroad situation. Another man ventured the opinion that maybe he is coming here to buy some timber lands. At any rate he's here.

Go to Jefferson — Alex Brandt and Merlin Chappelle, the North Bend debating team, left this morning for Jefferson, near Albany, where tomorrow night they are to meet the debating team of that place, arguing the negative on the Swiss military question. To win this argument means much for North Bend as it would give them the chance to meet a team from Eastern Oregon at Eugene in May for the championship of the state.

To Hear Case on Facts — C. I. Reigard has received word from the Supreme court to the effect that a motion of the defendants in the case of Jake Matson versus L. H. Heisner and others for a rehearing was denied April 4 and the case will determine the suit now on the facts. Involved in the controversy are 160 acres of land on North Inlet, the plaintiff seeking to foreclose on a contract to purchase the farm. Heisner is now living on the ranch.

Hears a Motion — Judge Skipworth returned last evening from Coquille and this morning before going back again heard a motion in the case of the Moose lodge versus J. Wright Wilson. The lodge is suing for one-half of the 1914 taxes, or \$55.27, on the property at Second street which they bought from Mr. Wilson and also for \$25 rental. The lodge attached and garnished the First National Bank and Judge Skipworth ordered a representative

Do Something For Your Town — The "Clean Up and Paint Up" movement will do much to make our town healthy and beautiful if each citizen does his full share in the home, school shop, church and neighborhood.

First Line of Defense — "Pa, what is the first line of defense?"
"That depends on the circumstances, son. If this country were at war the first line of defense would be the navy. When a man's married it's usually the telephone line, by which he tries to square himself before he comes home."
—Birmingham Age-Herald.

An Eye to Safety — Living skeleton (president of Freaks Secret society)—Our organization, ladies and gentlemen, is about perfected. It will be necessary, however, to elect a treasurer. Who shall it be? Chorus of Members—The legless wonder!

of the bank to appear before Judge Hamilton at Coquille, April 21 and answer. Judge Skipworth went back to Coquille to give a hearing this afternoon in the Kinney tax matter.

Are With Us — J. E. Montgomery has a letter from George A. Kellogg, secretary of the Humboldt Chamber of Commerce, to the effect that the body there has taken definite action on the matter of trying to route auto travel from California through Coos county this summer. He said the Chamber there is in full accord with the move and will expend its best efforts in getting the travel coming this way and he believes the results will be mutually beneficial.

Gratifying Results Follow a Little Cleaning Up

CITIES and towns throughout the country will soon have a season of general renovation by individuals. The year's accumulation of rubbish is to be gathered up and set out ready for the municipal collectors. Yards are to be put in order, houses and outbuildings are to be painted, fences and sheds to be repaired, vacant lots to be cleared of weeds and everything to be made spick and span, fresh and wholesome and altogether delightful.

That is to say, all this will be done if every householder does what is expected of him by the cleaning up and paint up committees which are conducting the campaign.

And why should it not be done? The expense for each home will not be great, the labor need not be hard, and the result will be something for all of us to enjoy and perhaps to brag about. For a clean city or town is eminently desirable, not so much because of its greater attractions, although that alone is worth all the effort, but because of its increased healthfulness. Dirt breeds disease, and cleanliness is the first principle of sanitation.

So let us all join and make our town shine like a boy's face after the maternal scrub. Let us dig down into the dark corners of our basements and closets, throw out all the old rags and papers, wash the fly screens and get them in place, get busy with the paint brush and the pruning knife and the lawn mower and then the result will be gratifying.

Do Something For Your Town — The "Clean Up and Paint Up" movement will do much to make our town healthy and beautiful if each citizen does his full share in the home, school shop, church and neighborhood.

First Line of Defense — "Pa, what is the first line of defense?"
"That depends on the circumstances, son. If this country were at war the first line of defense would be the navy. When a man's married it's usually the telephone line, by which he tries to square himself before he comes home."

TOILET SOAPS.

Women are beginning to realize how much depends on the QUALITY of the Soap they use and how little upon the attractiveness of the wrapper.

Long ago we advocated the reasonableness of this and now our soaps are carefully selected not only for cleanliness but for purity and hygienic value.

WOULD BUILD A SHED OVER THE COUNTY ROAD

Deputy Game Warden Thomas brought back with him on a recent visit through the county a novel suggestion regarding good roads, one that he claims is to be ventured to the county court. C. S. Warner, out on Myrtle Creek, has evolved the plan of building a shed over the county road. He says that this would be cheaper than planking and would give an all year road.
