

TO START AT ONCE HAS BIG AUDIENCE

E. G. PERHAM HURRIES TO GET EQUIPMENT ON GROUND.

Expects to Do About Three and Half Miles This Year On Big Contract.

Ten days will see the turning of the first earth in the five mile road contract which on Monday was awarded to E. G. Perham, of this city. All yesterday afternoon working men strung in and out of Mr. Perham's office in the Coke building, asking for work. About 50 of them will be employed in this \$63,000 job.

The project, as outlined by Mr. Perham, will start at Davis Slough and continue for the five miles into Coaledo. A permanent grade will be established and the road brought to this grade. He says that four per cent will be the steepest grade and with this maximum in only one place.

Cut Out Sharp Curves.

Horseshoe and breakneck curves are to be removed. These have been the bane of travel to Coquille and more than one auto driver has a story to relate of narrow brushes from going over a sharp grade on a sharp curve or coming suddenly wheel to wheel with another auto.

Top Surface Later.

In brief, the road is to be as much as possible on a water grade. Graveling will be done away with, giving way to permanent grading, with proper ditches at the side. In every way the entire five miles of road will be put in shape for the surfacing.

The top surface of this five miles is not included in the present contract. If the road bond issue of \$362,000 passes in the May election, in all probability a share of this will be available for this second project.

Equipment Ready.

Mr. Perham has already started getting his road equipment on the ground. He will use a steam shovel and also about a dozen teams. He expects to work through as far as the summit, or about three and one-half miles this year if the weather this summer and early next fall is at all advantageous.

Complete Seven Miles Out.

At the present time Hagquist and Bjorqvist are working about six miles out of the city on their road contract. They will complete the full seven miles, taking them up to the beginning of Mr. Perham's territory. It is said they have still something like 80,000 yards of dirt to move.

RAILROADS TO SPEND SEVEN MILLION DOLLARS

SAN FRANCISCO, April 12.—Authorizations to spend about \$7,000,000 for equipment were asked of the Southern Pacific and the Western Pacific railroad commission by the Southern Pacific and the Western Pacific road. The Southern Pacific would issue equipment trust certificates for \$6,015,138, and the Western Pacific purposes an expenditure of \$372,170 in cash and \$600,000 in deferred payments.

Both petitioners gave as reasons for the outlay the deterioration from use of the present equipment and increased traffic demands. The new equipment for the Southern Pacific would be for its lines in California and to New Orleans.

The new equipment desired by the Southern Pacific includes 20 passenger engines, 1788 50-ton single sheathed box cars and 600 automobiles.

The Western Pacific application was made by the receivers, and the proposed expenditures, it was declared, had already received the sanction of the federal court.

A Word to People Who Think

Electric wiring to be properly done must be the work of an experienced man who has made a scientific study of it. Boys and inexperienced amateurs cannot do such work successfully. If not done properly it is more expensive to start and will eventually have to be done over. Our work is done by a thoroughly competent electrical engineer with years of experience. Estimates and plans cheerfully furnished. Come in and talk it over with the

BRUCE EVANS ADDRESSES BIG AUDIENCE LAST NIGHT

Interest in the Revival Meeting Increases—More Seating Capacity Is Needed

A full house greeted the Evangelist Evans last night. The service was full of snap and life. Two songs, written by Mr. Evans were sung. They will be used as the Rally Songs of this campaign. Printed slips with the words and music were furnished to everyone.

About 100 boys and girls attended the 4 o'clock meeting in the Baptist church. Half of them were present again last evening and gave their Bible drill, yells and songs with enthusiasm.

Mr. Thompson says very effectively. "He knows His own, God cares for me."

Better Brand Needed

The message of the evangelist was clearly prefigured in his opening sentences. "We need a better brand of Christians in our churches. Many of you were nice white fish back East," he said, "but you are just lobsters here on Coos Bay. There are lots of people who lost the axe-head but keep on striking away with nothing but the handle, bluffing their way in religion but doing nothing. The psalmist prayed that the joy of salvation might be restored to him, then he would teach transgressors the way of the Lord and sinners would be converted. Sinners will always be converted when God's people get back the real joy of salvation. Many of you have lost your grip and you can't get anywhere. You can no more be a real Christian by simply going to church than you can become a horse by going into a barn."

Must Use Sense

"People are supposing all sorts of things today in the name of religion. 'Mary the Mother of Jesus, supposed her boy to be in the company, and went a day's journey without seeing him. When she knew she had lost him, she hunted for three days, sorrowing, before she found him. People use common sense about everything except their religion. No one goes to church because of his own goodness; he goes to get help. God's seal is on his church. She cannot fail. She must win.'"

Makes An Appeal

With pungent witicism, biting sarcasm and tender pathos, moving his auditors alternately to laughter or tears, Mr. Evans plead for clean, manly, whole hearted devotion to truth and duty, to humanity and the Christ. He closed with Wharton's story of the two students. One disowned his father who had sacrificed everything to educate him. The other pinned his medal of honor upon the faded shawl of the little washer-woman who had helped him, by her mother's love and devotion, to success."

HAVANA HAS ENJOYED GOOD TOURIST SEASON

Never Before Had As Many Visitors As During the Past Winter Months.

(By Associated Press to Coos Bay Times.)

HAVANA, April 12.—The tourist season now drawing to a close has been by far the most prosperous that Havana has ever seen, the number of visitors from the United States exceeding by thousands that of any previous year and taxing to their utmost capacity steamship lines from New York, Key West and New Orleans. This has been due in part to the attractions of the fine racing track, inaugurated last year at Marianao under favorable weather conditions, but in the main to the closing of all the European resorts and the serious interference of traffic with the other West Indian islands due to the withdrawal of the German and British tourist steamers.

During the height of the rush southward all the hotels in Havana were so crowded that many visitors were compelled to find shelter for the night aboard the ships on which they arrived. This has given rise to a renewal of the long-discussed project of the erection in Havana of at least one tourist hotel of magnificent proportions and of various other plans to increase the attractions of the city. Several excellent hotel sites are available but it would hardly be possible to complete a building by the beginning of next year and fears are expressed that should the war come to a conclusion the rush of tourist traffic would instantly set Europeward and so continue for years to come.

ROAD MONEY WAITS

NO ACTION TAKEN AS YET IN \$15,000 ROAD TAX

County Court Believed To Be Waiting To Enlarge Marshfield District—Legal Action Necessary

No decision has been made, and probably none will be made for some time, in connection with the \$15,000 road tax money collected from the Marshfield district. It is now firmly believed that the county court intends awaiting until next September, at which time an addition of several miles of county road would be made to this district and the money spent there, instead of within the city limits.

To keep the money here and to have it spent as the present law says that it should be the city will have to bring mandamus proceedings, City Attorney Brand is giving the matter his attention, but legal action has not yet been started, though the matter has been taken up with District Attorney Liljeqvist, legal adviser of the county court.
