CHANCE FOR SUMMER HOTEL

HERE is a great opportunity in Coos county right now for some one to build a big sumchance is here. The railroad is finished and the Southern Pacific railroad is advertising the resort preasures of the Coos Bay country all will be that thousands will see this she can't get it. country and a large percentage of them will come as summer tourists. As it is now hundreds flock to the beach every Sunday and the crowa is made up of only the local people. The railroad will bring hundreds more and many will want to stay for a period of at least a few days. That a summer hotel on one of the beaches or in some desirable and attractive spot would be a successful and big paying venture can hardly be denied. It will probably not be long before the opportunity is recognized by some farseeing business man who has the money to invest.
