

THINK'S HE IS A CANDIDATE

Insane Man Believes He Is Presidential Candidate

An unfortunate man who is mentally unbalanced and who was declared insane at Coquille this week had queer delusions. Telling of the case the Coquille Herald says:

This morning Marshal John Hickham took a man in tow who was somewhat mentally unbalanced. He was taken before Judge Watson and Dr. Walter Cohn and was adjudged insane and committed to the insane asylum.

When he alighted from the train at the local station he walked up to the marshal and asked if there were any banks in town and where he could find some Pinkerton detectives or how he could get in touch with a United States marshal. He also informed the cop that he was running for president on the Independent ticket. Hickham, upon being informed of this fact, thought that the man needed looking after, as he didn't in any way resemble Hughes or T. R., so he swore out a complaint and took him before the judge. The man gave his name as Bowerman and Centennial and said he was looking for a new name. Upon being searched many objects were brought to light, from an auto light to a bottle of catsup. He said that he resided at Eugene. He first arrived here yesterday evening and the marshal becoming suspicious of his actions, instructed the nightwatch to keep an eye on him until this morning, when Hickham took him into custody.

MOVE POPULAR ONE

Week End Excursion Will Be Well Patronized

The week end excursion rates on the railroad have been advertised by the Southern Pacific and the plan is attracting much attention. Cheap round trip rates from Coos Bay points are offered for Sunday trips. The Coos Bay people are great for Sunday excursions to the beaches and up the rivers but the railroad with its excursion rate plan offers more extensive travel and opportunity to see other interesting points in this part of the state.

[By Associated Press to Coos Bay Times.] WASHINGTON, D. C., April 13.—A hard fought bill incorporating the American Academy of Arts and Letters and numbering President Wilson, Roosevelt and others among the charter members, passed the house today and now goes to the president for approval. Opponents charged that the purpose was to create 50 "immortals" while the supporters maintain that the sole object is to further American art and literature.

CROWD THE CHURCH

A GREAT AND SUCCESSFUL MEETING HELD LAST NIGHT

Bruce Evans and His Singer Jack Thompson are Winning the Crowd—People Pleased

(By a Local Minister) With a big bunch of kids (Bruce does like the kids, and they know it) right down in front of him and the largest week night audience, the crowd increasing each night, Bruce, ably supported by Jack, made things so interesting that the ushers are in a quandary about seats tonight.

A committee is busy today and by tonight a hundred and fifty more chairs will be placed for the accommodation of the increasing crowd. The indications are the Methodist Church will not be able to hold the crowds much longer and a larger auditorium will become a necessity.

Bruce is no common evangelist. Many are saying already that he is by far the best evangelist that has ever come to Marshfield. At any rate the people like him. They like his music too. How the crowd sang his song "Come and Be a Volunteer!" The men whistled on the chorus. Seemed to enjoy doing so.

"Every Man Must Die" "When I say every man must die, it is undebatable. My text for this evening is "Prepare to Meet Your God." The condition of a man's character determines the meeting. God always deals with a man's temperance. If a man simply obeys Christ he will have all the feeling he can take care of. God never deals with two souls alike."

The evangelist gave a touching illustration of the bringing together of alienated parents by a little child, and then showed how mankind alienated from God through sin were brought to him again by the Babe of Bethlehem. "You may be a moral man but you need to have some one to put your hand in touch with the Father. Jesus Christ is the one who can do it."

Side Lights of Meeting A crowded church. A red hot speaker. Lots of enthusiasm. Some things the average Christian should know are told.

Bruce doesn't believe in coralling a man by a dozen or so and dragging him forward. He wants a man to be a man.

He insists on every man and every woman having a fair show and a square deal.

People who seldom go to Church like him and praise his methods.

OBJECTS TO THE SERVICE

Gold Beach Paper Has Kicks About Telephone In Curry.

The Gold Beach Reporter makes the following comment on the telephone service:

"If there is any way of compelling the telephone company to put and keep its line in working condition we would like to know it. The service on the line to all points in the county and Bandon is miserable. In passing over the road one cannot fail to notice the wires, in many places, are against trees, logs and brush, which renders conversation over the wires almost impossible. The company will take your money for a try, and one must take chances on communicating with the party he wishes to talk with. If there is any way to punish the telephone company for maintaining a nuisance let the law be invoked without delay."

NEW NAME APPEARS

BUEHNER LUMBER CO. TAKES OVER PART OF SIMPSON CO.

Dry Kilns and Finishing Plant to Be Added If Terminal Rates Can Be Secured

The Buehner Lumber Company has made its appearance on Coos Bay and for two days has been in full operation. The turning over to the new concern of everything included in the Simpson Lumber company sale has been completed and this morning Philip Buehner left for Portland to be gone a couple of weeks.

The plant is left in charge of Manager Albert Brix, formerly of Portland, and H. C. Buehner and George Sallor.

Depends On Terminal Asked as to what additions are to be made to the mill at North Bend, Mr. Buehner said that practically everything depends upon the securing of a terminal rate. Without this, he said, it would not pay to attempt shipping finished lumber to the east via the railroad.

"If we can get these terminal rates," continued Mr. Buehner, "then we can go ahead and put in our dry kilns and a finishing plant at North Bend. We have an opportunity to sell our finished lumber back east." It has been stated several times that the Buehner Lumber company has excellent selling connections and could dispose of a great quantity of made up lumber inland.
