Many of the great "conditioners" include a daily cup of chocolate in the diet of the men who uphold their college or club colors on field, track or water. It prepares for the "big day" when brain and brawn are put to the final test.

As an honor winner Ghirardelli's Ground Chocolate stands in the front rank. In the recent world's food-product "championships" at the Panama-Pacific Exposition it was awarded the Grand Prize, the very highest honors.

Rusty Water

Where red or rusty water occurs, it almost always comes from the hot water faucets. The water is discolored because of the rusting of the inside of the hot water piping in the house and is not dirt or foreign matter, for if it were then both the hot and cold water would be discolored. The hot water piping in some houses causes more rust than in others, due to the galvanized coating of the pipes being of poorer quality. When placing new or repairing old water piping, insist on your plumber using the best grade of galvanized iron pipe of not less than three-fourths inch diameter.

Where rusty hot water is especially bad it can be remedied to a considerable extent by having a plumber attach an inexpensive device to the water pipe entering the hot water coil or stove-back for the introduction of a small amount of lime each week. The lime added to the hot water will largely prevent the formation of rust in the hot water pipes, but it will make the water somewhat harder and require more soap.

Don't heat your hot water supply too hot. A temperature of 140 degrees is sufficient for all ordinary uses of hot water and to exceed this causes trouble. Flush the rust out of the bottom of your hot water tank at least once a week. Every hot water tank should have a faucet for this purpose.

PALM SUNDAY OBSERVANCE

The Sunday next before Easter, commonly called "Palm Sunday" in the Church calendar, has always been a great festival day in the church year and has been marked by elaborate church services with the singing of inspiring music. The day is observed in commemoration of the triumphal entry of Christ into Jerusalem, which was reckoned as corresponding to this day. Both in the East and in the West where there grew up on this day the ceremony of blessing and distributing "the palms" and carrying them in procession with litanies and hymns. The ceremony was intended both as a commemoration, and as a symbol of our taking up the badge of discipleship. At 8, 11, and 7:30 p. m. on Sunday in the Marshfield Episcopal Church there will be the fitting commemoration of this day. In the evening an address on: "The Children's Hosannas" will be given, when the children's choir will be in attendance.

The tables which were set to accommodate about thirty guests were very attractive and gave an atmosphere of home comfort to the rooms which was suggestive of the idea and ideals underlying the library movement from its earliest beginning.
