## ANNA BELLE Visits a Hospital on Easter.

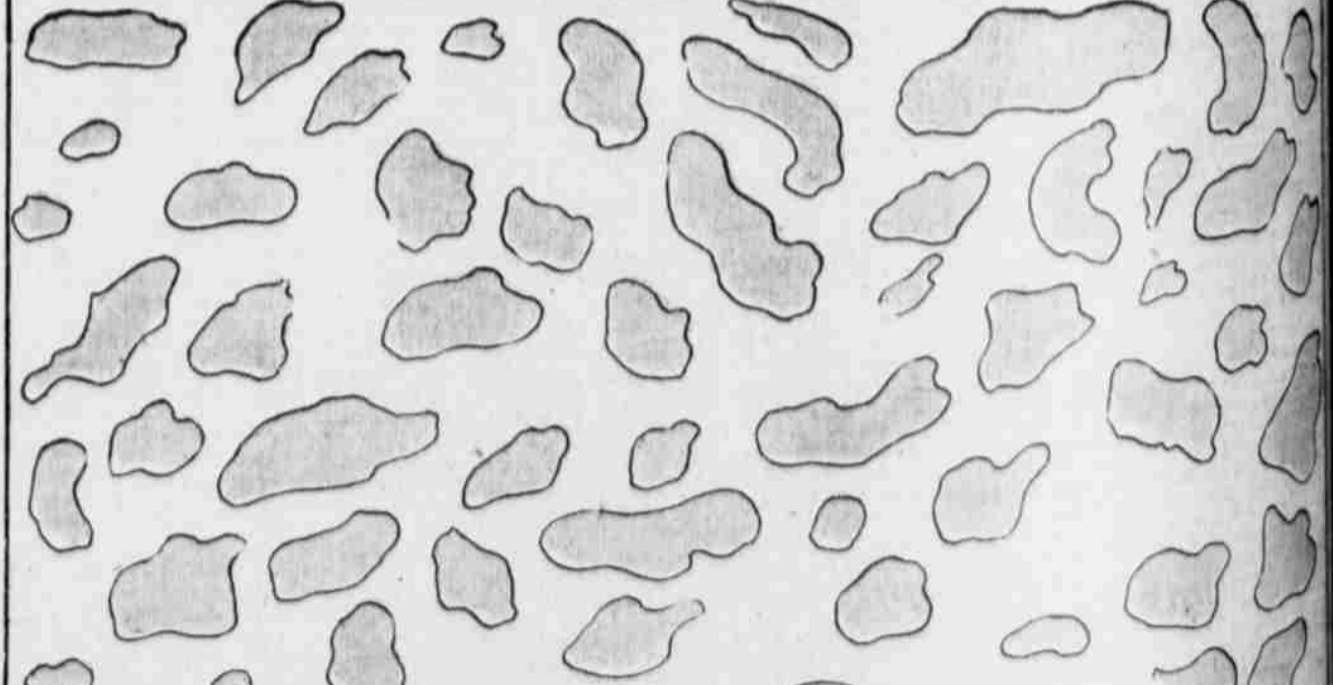

Dear Friends:—I think flowers are the most cheerful things for sick people to have in their room so this Easter I decided to have our Sewing Society donate a great bunch of Easter lilies to all the hospitals and poor people we could. Brother Jack and I visited a hospital and distributed our portion and I'll tell you we were certainly repaid for our kindness by seeing the happy, smiling faces of the sick ones as they took the flowers. Everyone of us members should be proud of the great work we're doing for the poor and afflicted and I'm sure that before very long everybody in the whole United States will know of us and our good deeds.

I sincerely hope that you're doing well in Sewing Society work, and if you've written to me lately I know you are. Every letter I've received lately has told of the great work being done by the writer. If you should be one who hasn't sent for a Certificate of Membership now is the time to do so—while it's fresh in your mind. I think every good girl and boy in our country should be a member of our organization. Just write me care this paper, enclose a two-cent stamp for postage and I'll be only too glad to send you a Certificate. Or, if you're an officer in your Society and want more for new members will send as many as you wish. Let's all pull hard for the greatest year of good results in our history. Write often as you care to your loving

*Anna Belle*
