**Exercises Tomorrow.**—The Bay Park Sunday school will observe Mother's Day tomorrow. There will be special exercises at 2:30 p. m.

**Is Not Whistling.**—Word from Portland states that the Coquille river gas and whistling buoy is reported not working. It is said that the lighthouse tender Manzanilla will have to come shortly to make repairs.

trouble getting by the craft at full tide and expected to be stuck tonight, a mile or better from his upper landing.

**May Launch Vessel.**—It is possible that one of the vessels which are being built at the Kram & Banks shipyard will be launched during the Railroad carnival, adding another novel feature to the celebration.

The telegraph company states that such messages will be delivered on special blanks appropriate to the occasion.

**Had Narrow Shave.**—But for the quick work of Dr. Vaughn last evening there might have been a serious collision at the corner of Market and Front street when the Wella Fargo wagon bumped into his car. The doctor quickly applied the brakes and the horse was backed off without hardly scratching the car.

**Gets \$10 Judgment.**—Henry Franson asked \$120 of Arthur Mattson for services alleged to have been performed aboard the Wah-Ta-Wassa. Mattson responded with a counter claim of \$130 for board. Also Mr. Powers claimed there is much favorable sentiment for the road bonds in the vicinity of Powers.

**Not So Here.**—They are having more troubles up in Portland. It seems some drug stores have been selling alcohol in pint quantities to the permanent "tipplers," with the result that anywhere from seven to nine and ten drunks come each morning into the police court and one man has died from drinking the stuff. This could not happen on Coos Bay, or in Coos county because of the fact that the druggists are not selling anything but wood alcohol.

**Makes Good Service.**—The new excursion schedule of the Southern Pacific, announced yesterday, for the North Lake run will allow plenty of time at the popular resort for a Sunday visit. The train leaves here at 5:30 p. m. and makes North Lake in an hour and a quarter. The train tomorrow night starts up there at 8 o'clock, thus allowing a full day at the lake. In fact persons could leave here on the regular 9:20 train in the morning and still have many hours there for fishing.

**Writes From Monrovia.**—S. C. Rogers writes from Monrovia, Cal., stating that he and his wife expected to leave there yesterday for Naples to visit their grand daughter, Mrs. N. Barnes. Mr. Rogers says that he and his wife have been spending a very pleasant winter and have been following the home news in The Times. He says they have formed new acquaintances and met a number of old friends among them Col. Grimes and A. B. Daly, and that it seems particularly good that they can return to Coos Bay on the Railroad.
