### Notice to Taxpayers.

WHEREAS, The new law passed at the last Session of the Legislature requires that all taxes be paid at the county seat, and so far as it has been customary for the Sheriff to visit the precinct and, taking into consideration the fact that many persons will not be aware of the requirements of the new law; therefore, I have decided to follow the old custom of collecting the taxes for the year 1893 at Toledo, as follows:

I HEREBY GIVE NOTICE, to all taxpayers in Lincoln County, Oregon, that I will be at the usual voting places of their respective precincts either in person or by deputy, for the purpose of collecting the State and County taxes of Lincoln County, Oregon, for the year 1893, as follows:

Toledo—Saturday, April 8, 1893.  
Newport—Saturday, April 15, 1893.  
Yaquina—Monday, April 17, 1893.

Lower Alsea—Wednesday, April 18, 1893.  
Upper Alsea—Wednesday, April 18, 1893.  
Lower Alsea, Waldport—Wednesday, April 19, 1893.

Tidewater—Thursday, April 20, from 1 o'clock p. m. till 12 o'clock m., Friday, April 21, 1893.

Elk City—Tuesday, April 18, 1893.  
Little Elk—Wednesday, April 19, 1893.  
Big Elk—Friday, April 21, 1893.

Inasmuch as Alsea, Tum Tum, and Summit precincts have been divided by the division of the county, the usual voting places are not in Lincoln County, but the people living in the precincts can pay at the places mentioned which shall be most convenient to them.

All not paid at the time above-mentioned must pay at the county seat.

Taxes remaining unpaid after June 4, 1893, will become delinquent.

Given under my hand this 20th day of March, 1893.

GEO. A. LANDIS,  
Sheriff and for Lincoln County, Oregon.

1893.

SPRING!!

1893.

### STOVES and RANGES,

### HARDWARE AND FARMING IMPLEMENTS,

All Orders will Receive Prompt Attention

### From Chitwood.

It has been raining the last three days with but little let up, and today it is stormy with high winds.

Our district school commenced to-day with Miss Julia M. Taylor as teacher. The district is fortunate in securing the service of such an efficient teacher.

We hope to see the county school superintendent out as soon as it stops raining.

The people here are satisfied as to the division of the county, and have settled down determined to make the new county a success.

There are some improvements going on.

L. F. Pepin has been doing some substantial work on his new house.

H. N. Foster has lately purchased what is known as the Dr. Bailey place.

There are some new face seen on our streets, looking for land, and more are coming. It will not be long before the available land will be taken.

Mr. A. L. Chitwood is on his ranch to see after his stock, after spending some time near Albany.

In a few days more we will have a money order office at this place.

PEN.

### From Elk City.

The weather clerk has been absent, and it has been slightly moist for a few days.

This has been a bad winter for stock in this vicinity, and nearly every one has lost some. P. M. Lathrop, my Elk has lost several head, two yoke of oxen at one time. He has one cow left. He says he is not discouraged, but is still a Big Elk Farmer.

Vero Mulkey killed a cougar last week that measured seven feet ten inches from tip to tip. He found where it had been killing stock, and trailed it over near Harvey Parks' ranch, where he killed it. Mulkey has a dog that enjoys the sport, and will stay with them for days.

Mrs. H. L. Palmer, who has been sick all winter, has been worse for a few days, but to-day is reported better.

Barney Morrison made us a call, and informed us that if all works well with the quarry he would have a town surveyed, and will give away a reasonable number of lots to people who will put up buildings in good faith. This will encourage people to settle and soon establish a school, post office, store and other buildings necessary for a town. Barney says, "We are not in the race for the county seat, it is too expensive a luxury to be wanted in a small place like this, but we can furnish the 'corner stone'."

No doubt the man on the Yaquina who wants to fish for dollars, can find satisfaction at Elk City. The spring run of trout are coming in and on pleasant days plenty of them are to be found.

Col. Kelsay spent Sunday with us, on his way to his ranch on Elk.

Mr. Arnold passed through this place on Tuesday with his bride to their home on Drift Creek. We wish them a happy drift through life.

Prof. Wilhoit of Drift creek made us a call last Monday.

Elk City will close a six months term of school on Friday. It has been under the management of Prof. Bruce, of Seal Rock, who has given general satisfaction.

E. M. Mays returned Friday from a trip to California, where he has been for his health. He looks very much improved. His business here has been under the management of E. and J. Mays.

DICTUM EST.

April 3, 1893.

### The Oregon Pacific.

Stupt. R. E. Mulcahy was in Portland last Friday and was interviewed by an Oregonian reporter. Among other things, Mr. Mulcahy said:

"We have given Portland pretty low rates to points reached by our river line—5 cents per 100 is doing the business for nothing. Just how long this rate will continue I am unable to state just now. My honest opinion is that such rates help no one. Merchants, in trying to take advantage of low transportation rates, over stock themselves and find that settling-day comes around after awhile with the wholesale end of the deal. We have just put our steamboat Three Sisters on the 'ways' in one of your Portland shipyards. She will be ready for service in two weeks and will run between Portland and Salem. So soon as she is in service we will bring the steamer Bentley down and give her a thorough overhauling. It is the intention of our company to put three boats on the Willamette river. We are now running one—the Hoag. That boat, and possibly another, will run all summer. The Hoag is doing a good business and has done so all the season. Our rail line is doing a remarkable business. Since the change in the management there has been a steady increase of business. Never at this season of the year has the passenger business on our lines been so good. There is a big immigration into the Cascade mountains. People are going into the mountains in great numbers in anticipation of the extension of the Oregon Pacific, which is not far distant. We will commence to operate our line between Halstead and the end of the track, about 14 miles, within 30 days. This will give those who are not far from the summit easy access to our line. Several new sawmills have started into operation in the Santiam country lately. We are also doing a very nice lumber traffic.

"Our ocean line is doing well. The steamship Willamette Valley left Yaquina for San Francisco at 9 o'clock yesterday morning drawing 14 feet of water, with the largest cargo she has ever carried. The bar at Yaquina is improving every day. To give an illustration: As the Willamette Valley crossed over the bar coming into Yaquina last Tuesday, her soundings were 24, 19, 24 feet. This shows that there is not much bar. It is not over 15 feet if it is that much. It has improved so much that we scarcely think it necessary to have the ships towed in and out. The tug has not had hold of a line in one month, which I think speaks volumes for this harbor.

"What will we do for Newport? Answering that I would ask what are we not going to do for it? We propose making Newport the summer resort of this country. We are now fitting up our steamship Resolute for service between Yaquina and Newport. We shall also use her for excursion parties who want to go out for a day's sea-fishing. This season will find Newport a very gay place. There will be music aboard this steamer. I think there are a great many who like to pass their vacation in the mountains. To suit just such persons we will fit up an elegant place at what is known as Breittonbusch, about 60 miles east of Albany, at an elevation of 2,000 feet. We ought to catch a great many Portland people for these resorts.

"Mr. Hadley, the new receiver is well thought of by all who know him. He has lived in the valley several years, and the people have confidence in his ability to make the Oregon Pacific what it should be."

The contest for the silver medal offered by President Bross to the preparatory societies occurred last Monday night. The Madisonian made 1,755 points out of a 1,900, losing by only two points. Gov. Pennoyer, State School Supt. McElroy and President Campbell, of the State Normal School, acted as judges.

The regular meeting of the Board of Regents occurred last Monday. Gov. Pennoyer was elected chairman.

The graduating class this year consists of eighteen members, eleven boys and seven young ladies.

The Agricultural boys will commence work on the college farm and in the horticultural department as soon as the weather will permit.
