LOCAL NOTES.

Dr. Akin returned Tuesday evening after an absence of four weeks.

B. F. Jones went to Portland last Monday on some legal business.

Toledo received a carload of merchandise on the steamer Saturday morning.

B. F. Wade left last Monday morning for Turner, Oregon, where he will stay for some time.

NOTICE.—All parties indebted to me must settle the same without delay.

T. P. FISH.

More hay will be put up by the ranchers of Lincoln county this season than ever before.

The new walk leading from the business portion of town to the hotel will be fully appreciated when the rains begin to fall.

These are the days when the average woman will do six days work in one in order to get a quarry or two of sour blackberries.

A base ball game was played at Newport, last Sunday, between the Newport and Siletz nines. Result, ten to nine in favor of the Siletz.

Miss Anna Hamar returned to her home at Nashville, last Monday morning, after a two weeks visit with friends and relatives in this city.

B. F. Jones has secured the services of John D. Daly, who will compare and certify to the records of Lincoln county as transcribed from Benton county books.

Abraham Abrahamson, a native of Sweden, renounced his allegiance to King Oscar, of Sweden, last Monday, and will proceed to become an American by adoption.

NOTICE.—The party who took the money out of my pocket on Wednesday, July 12, will avoid prosecution by returning the same at once. They are well known as they were seen leaving the house.

J. A. HAMAR.

Barney Morrison is down from Pioneer today helping to relocate the disputed road. He informs us that the prospects at the Pioneer quarry are bright. The spur is about completed and the work will soon begin on loading and shipping rock. The stone for the new city hall at Salem will be taken from this quarry, as well as several other buildings of good size.

Bay Lodge No. 116, I. O. O. F., of Yaquina, installed the following officers for the term on the 8th inst: J. N. Stark, N. G.; Horace Burrows, V. G.; E. J. Burrows, Secretary; J. R. Short, Treasurer; Thos. Bohannon, Conductor; W. A. Peck, Warden; H. M. Brunk, I. G.; Walter Bartges, R. S. N. G.; L. O'Brien, R. S. V. G.; Sidney Wolfkill, R. S. S.

Corvallis has had another failure. J. C. Mohr, a clothing dealer of that city has filed a deed of assignment, naming W. S. Hufford as assignee, for the benefit of all creditors. The liabilities are placed at \$4,000 and the assets are only \$2,000. Mohr has only been in business about eight months and while doing business pursued a strictly cash system. It is hard to determine where the other \$2,000 are gone.

Toledo lodge No. 108, I. O. O. F., installed officers for the ensuing term last Friday night. The following officers were installed: R. F. Collamore, N. G.; J. S. Gaither, V. G.; Renos Arnold, Sec.; Wm. Brazelton, Warden; R. Dedrick, Conductor; C. E. Croson, R. S. N. G.; L. Waugh, L. S. N. G.; S. A. Logan, O. G.; B. F. Jones, I. G. After the installation services were over, the members of the lodge partook of a nice little supper prepared for the occasion at Mrs. Altree's restaurant.

J. Burrows, of Yaquina, was in town today.

W. Underman, of Elk City, was a caller today.

Beal Gaither is acting as clerk at the Agency.

J. L. McCulloch has moved his jewelry store from Yaquina to Newport.

It is rumored that Wm. M. Hoag will erect a large brick hotel in Albany.

The Oregon Pacific will be extended to the Deschutes this year. Remember that.—Albany Democrat.

The Corvallis Daily News is the latest venture in newspaperdom. H. Pape, of Benton Leader fame is the publisher.

Col. R. A. Miller expects to assume the duties of register of the Oregon City land office about the 1st of August.

The steamer Emily, which has been running between Coos Bay and San Francisco, went to peices on the Coos bar last week.

A friend of the defunct Corvallis bank cheerfully remarked last week that the bank would pay 25 or 30 cents on the dollar, and that people were cooling off, as "time heats wounds."

The Richardson delayed her start from the quarry too long this morning and the water was too low for the scow to pass over the bar at Mackay's point so she went off and left it sticking there.

Township 10, south, range 6, east, on the line of the O. P., will soon be thrown open for settlement, and when so done quite a rush is expected at the Oregon City land office.

A party of Toledo people expect to go up to White's mineral springs next week and go in camp for several days. These springs are about three miles above Elk City, and are said to have excellent medical properties.

The suit of Copeland and Gaither versus Blake and Blake was tried before Judge Blue and six jurors last Thursday evening. The sum sued for was \$100 and the jury returned a verdict for \$82. Judge Kelsay appeared for the plaintiff and J. K. Weatherford, of Albany, for the defendant.

Lane county now furnishes the unusual spectacle of the transportation of 10,000 bushels of wheat by wagon road alongside the railroad track for a distance of 17 miles. The Springfield Milling Company has teams bringing that amount from Junction to Springfield. The teamsters receive five cents per bushel, and almost half the wheat has already been conveyed to the mill bins at Springfield.

Our attention has been called to the fact that there are some orchards in this county upon which there are the common destructive caterpillar. Where these are they should be destroyed immediately, even if the whole orchard must be burned to do it. There are as yet very few pests in the fruit orchards on the slope here and they should not be allowed to breed and multiply. A determined fight made against them now will put an end to them, but if allowed to go a year or two they will be extremely hard to destroy.

A Newport girl recently found a lot of love letters written by her father to her mother many years before they were married. The daughter read them to her mother pretending they were of recent date, and substituted that of her own name for that of her mother's and the name of a young man well known to both, for her father's. The mother was very much disgusted, and has forbidden her daughter to go with a young man that will write such nonsense and sickening stuff.

County Surveyor Gideon, was in town over Sunday. He had been examining a survey made on Drift creek some two years ago upon which there was a conflicting report made by the inspector sent out to examine the work. Mr. Gideon made a careful examination of the corners, witness trees, etc., and found them correct in every particular. The survey will no doubt be accepted. This will be duly appreciated by the settlers of that township, many of whom have resided upon their land long enough to make proof on it. As soon as the survey is accepted many of the settlers will soon become landholders in fact, by a proof under the law.

A. J. Rader went out to Albany the first of the week to look after his farming interests near that city.

Mr. and Mrs. Chapman, accompanied by Mr. Frank Hart, of Salem, went up to Mill Creek fishing today, where they will lure the funny tribe to their destruction.

The viewers appointed to relocate the county road running from mouth of Depot Slough met this morning and organized and adjourned till next Thursday, when they will meet and continue their work.

F. D. Carson, of this place was admitted to the bar of Oregon by the supreme court at Salem, last Monday, upon the motion of Judge Kelsay, by certificate of admission from the supreme court of Minnesota.

NOTICE.—I will leave Toledo for Newport next week. All parties having watches or clocks in my shop will please call and get them at once.

M. HANSEN.

For fine repairing of your watches and clocks give J. L. McCulloch, of Yaquina City, a call. Anything left at J. H. McNeill's drug store will be attended to without charges.

H. C. Wulf's new house is nearing completion, and is an ornament to the town. Messrs. Dedrick and Stanton were the contractors on it and they have done a handsome piece of work. The house presents a fine appearance from the road, and speaks well for the enterprise of its builder.

A bevy of handsome Toledo ladies went out after blackberries one day this week. With buckets and baskets in hand they trudged up one cove trail and down another, and, as is quite often the case, the largest and best berries were just a little further ahead. So they still wander their weary way through brush and over logs in pursuit of the berry that cheers but does not inebriate. The trail kept getting dimmer and dimmer until the brightest of them had to admit that if there ever had been a trail there all signs of it was gone at that time. After vainly trying to extricate themselves from the mess they were in, and failing they were about to give up all hopes, when fortunately a horrid man came along and cut a trail for them, so they could crawl out on their hands and knees, and so they were rescued.

The stipulations sent out to the court of Benton county to settle the differences between the two counties have been returned, but have been so materially changed that for Lincoln county to agree to them would be to surrender almost every right which she is now invested with. It looks as though it is no use to longer in dallying with the officers of Benton county regarding these matters. They have purposefully delayed and hindered the officers of Lincoln county from the very inception of the county. They have collected taxes which belonged to Lincoln county and knew they had no right to such taxes when they collected them. They certified to a tax roll that was a mass of errors from first to last. The fact is that Lincoln county is not hunting any law-suit, but she does not propose to have her rights trampled upon nor have the adjustment of them much longer delayed.

The Salem Statesman says: "It is a well known fact that the big Burlington route has surveyors working as far west as Idaho, and that their agents have been all over Oregon looking around: that they are now extending their line this way in Montana, and that they will get an outlet to the deep water of the Pacific ocean in the next few years. It is also known that the Chicago & Northwestern is already away out in Wyoming, and that it, too, will soon extend on out to a Pacific port. The big Rock Island route has not yet pushed out so far, but they run magnificent trains into Denver. In a letter received by a Salem party yesterday, John Sebastian, general passenger agent of Rock Island, said, 'I hope another year we will have more mileage in that district.' Wonder what Mr. Sebastian means? Does he mean that his road is going to join in a chase to the Pacific with the Burlington and Northwestern? If so, the writer hopes to see the race commence soon, and he believes the time will be called not later than next season, if, indeed, it has not already been called."

It is not generally known, but all parties wishing to fish for sturgeon or salmon within the waters of Oregon are required to record with the county clerk or recorder a sworn statement showing that they are citizens of the United States or have announced their intentions of so becoming at least one year prior, and that they have been citizens of Oregon for at least six months prior to that time.
