SOMETHING NEW!
ANTIFERMENTINE
Preserves Fruit, Cider, Milk, Butter, Eggs,
Tomatoes, Catsup, Pickles, Etc.

What is it: It is a simple, harmless preparation, free from taste, smell and color, that has the properties of stopping and preventing fermentation in all vegetable and animal foods.
What it does: It is especially useful for preserving fruits of all kinds without cooking, retaining their natural fresh appearance and taste.
Its Use does away with labor, and makes what has been a hot, disagreeable task, a delight and a pleasure. It substitutes for the Summer heat of the kitchen the cool shade of a lawn or piazza.
Its Results are never doubtful when used according to directions, and Plum Puddings, Peach and Berry Pies can be had in Winter as well as in Summer.
Its Use is profitable and economical, for it saves one-half of the sugar, saves the jars broken by heat, saves the fruit cooked away, and saves the time and labor lost by the old methods.
For Cider it unsurpassed. It stops fermentation at any point desired, and produces a sparkling beverage like Champagne.
The question is sometimes asked, "Is it injurious?" To allay all doubts on that score, we would say that we have consulted many of our most eminent Chemists and Physicians, and all unite in pronouncing the use of ANTIFERMENTINE as a preservative, a perfectly safe and harmless preparation.

Z. AND B. R. JOB ARRESTED.

Communicated.
Charged with the Larceny of \$11,000 County Money.

The affairs of the defunct Hamilton, Job & Co. bank took another sudden turn last Monday morning when Zephin and Ben R. Job, the partners who had operated the bank were arrested at Corvallis on the charge of larceny of public money. The action was brought by Caleb Davis, a resident of Corvallis and one of the bondsmen of M. P. Burnett, county treasurer of Benton County, and charges the defendants with the larceny of \$11,000 of money belonging to Benton county. The defendants were taken before County Judge Hafford where they waived preliminary examination and were placed under \$4,000 bonds each to await the action of the grand jury. Prosecuting attorney S. W. Conlon appeared for the state and W. S. McFadden, of Corvallis, for the defense.

The Butteville Hop Growers Association, of Butteville, in Marion county, had contracted on the quiet for chinese labor to pick their hops this year. Last Monday the white people who had gathered in that region hoping to get work in the hop field, learning that the growers had contracted for chinese labor, went in a body to the yards where the chinsamen were at work and gathered there together and placed them on a river steamer and sent them to Portland. There was no excitement, but a grim determination on the part of the white people to get rid of the Mongolians and to permit no more to come to the yards. There will be plenty of white pickers if the yards wish to employ them.

The determination of the LEADER that the people should be kept alive to the condition of the defunct Corvallis bank, and its determined fight in the interest of the defrauded depositors seems to have at last induced some decided action in the matter. Now let the law take its course and vindicate itself as completely as in the case of the poor school clerk. If it does there will be more legitimate banking and fewer attempts to play "Napoleon of Finance" in Oregon in the future.

Hon. Beal Gaitner, of this place, has been appointed agent at the Siletz Indian Agency by the president, the appointment being made last Friday, to succeed Hon. T. Jay Buford, whose term expires in October. The appointment was made at this time to enable Mr. Gaitner to be prepared to take charge of the office at the end of Mr. Buford's term. We congratulate Mr. Gaitner upon his appointment to this position.

A farmer hauled a load of wheat into Corvallis the other day which weighed just a ton and sold it for 45 cents per bushel, realizing \$15 for his ton of wheat. He bought a ton of bran for cow feed from the miller to whom he sold his wheat, and it cost him 90 cents per hundred or \$48 per ton, so it cost him \$3 in money to trade his ton of wheat for the miller's ton of bran.

Attorney General Chamberlain has written a letter to a Eugene party in which he states that, in his opinion, anyone can lawfully sell deer meat, hide or horns during the open season. It would seem this is the proper way to interpret that fool game law.

Congressman Hermann has a new scheme for improving the Yaquina bar, by which twenty feet of water will be obtained on the bar at low water. Hermann will urge for a sufficient appropriation to secure the improvements proposed.

The suspended Linn County National bank will pay its depositors 20 per cent of their deposits on October 10th. Money is said to be coming in faster than was expected.

There is talk of the O. P. putting a steamer on the run between San Francisco and Honolulu.
Labor day was generally observed in the cities of Oregon last Monday.

Drift Creek Items.

Everything quiet on the creek at present.

That which is engaging the minds of the people of Drift Creek at present is our proposed new county road from Big Elk to Drift Creek. Some busy body, and perhaps two of them, have been meddling where they have no business. They have told the Honorable County Court that it is impossible to make a road on the proposed route. Now these men may mean well but they speak without knowledge. All they know about the road, someone has told them. One of these men wants the road to cross Big Elk at his place, that is the reason he is kicking against it. The other man has no concern at all about it but wants simply to meddle with other peoples' business. The people of Drift Creek are willing to sign a bond to insure the payment of all costs in viewing the road, provided, we are sure of disinterested men as viewers. The representative men of Drift Creek who selected this route are men of good judgement and fully capable of selecting the best route. They are moreover acquainted with the country, and before they made the selection carefully examined every proposed route, and therefore their judgement deserves some consideration.

The most notable occurrence on the Creek the past week, was a picnic and flag-raising, at the Meadow Creek school house, on last Saturday. About ten o'clock the people began to collect and very soon there was quite a little crowd gathered. We then proceeded to raise the new flag staff, which, thanks to J. Banks and B. F. Wilhoit, was already on the ground, peeled and ready for its patriotic mission. It is a beautiful pole about fifty feet long, tapering nicely to a fine point. The red, white and blue was then hoisted to its place on the staff. The ladies were more patriotic than the men, for as soon as the flag was in place, cheer after cheer to our flag was given by them, the men followed but with less enthusiasm, I think. We then repaired to the grove, where a tempting feast was spread, rich viands of every description laid out in bounteous profusion. I think there is no better cooks anywhere than on Drift Creek, for better victuals I never tasted anywhere.

A nice program was carried out. "Star Spangled Banner" and "America" and other songs were sung. Prof. B. F. Wilhoit was master of ceremonies, assisted by J. Banks and Arthur Player. BRICK.
Considerable excitement is being worked up in the Valley over the Chinese question. The Valley is full of idle men, waiting for hop picking to begin, and some of the yard owners still persist in declaring that they will employ Chinese pickers, notwithstanding it has been fully proven that white labor is the cheapest in the long run. In the vicinity of Hubbard there are a few Chinese lover hop growers, and many threats are being made against them and their coolie employes. Another funny thing about the hop labor question, is that in the several yards in the Valley owned or operated by Chinamen, they will not hire Chinese labor as long as they can get white. Were it not for a few old mossbacks who think a Chinaman is better than a white man there would be but little trouble from that source in the hop yards.

The Road Tax Case.

The road tax cases against the men at the rock quarry were allowed to go by default by three of them, and judgement was rendered against them by Squire Hall last week, and on Thursday P. Dougherty, Tom Palm and Chas. Bensen were taken custody and permitted to board their time out in the county jail, which jail, in absence of any other, was only the custody of the sheriff. While in custody the men seemed to have a pretty good time until the sheriff went to register them upon the jail record, and then they filed strenuous objections, but their objections were overruled and their names, ages, and general descriptions were placed on the records. This has been something in the nature of a test case. Herebefore when a man without property did not wish to work the roads he deluded himself with the idea that a judgement against him was no good and that nothing further could be done. It will be safe to say that hereafter no person in our county is liable to undergo the odium of going to jail and have a judgement for costs hanging against him for six years for the purpose of evading the payment of the small sum of \$5.00 road tax. Road taxes in Lincoln county will be more generally worked or paid hereafter.

The Marshfield Mail says:

"Mr. Sharp, special pension examiner, was at Tillamook last week. He examined one or two cases and went away early next morning, but will return in a few days. From the searching nature of his examinations it is expected that several pensions will be stopped."
