ANTIFERMENTINE

Preserves Fruit, Cider, Milk, Butter, Eggs, Tomatoes, Catsup, Pickles, Etc.

What is it: It is a simple, harmless preparation, free from taste, smell and color, that has the properties of stopping and preventing fermentation in all vegetable and animal foods.

What it does: It is especially useful for preserving fruits of all Deeds, Mortgages, and all kinds of legal papers axecuted with correctness. Careful attention given to all business entrusted to my care. kinds without cooking, retaining their natural fresh appearance and taste,

Its Use does away with labor, and makes what has been a hot, greeable task, a delight and a pleasure. It substitutes for the Sum
Baker, thas L, lots 5 and 6, blk 2, Baker's disagreeable task, a delight and a pleasure. It substitutes for the Summer heat of the kitchen the cool shade of a lawn or piazza.

Its Results are never doubtful when used according to directions, and Plum Puddings, Peach and Berry Pies can be had in Winter as well as in Summer.

Its Use is profitable and economical, for it saves one-half of the Business in any court in Lincoln sugar, saves the jars broken by heat, saves the fruit cooked away, and saves the time and labor lost by the old methods.

For Cider it unsurpassed. It stops fermentation at any point desired, and produces a sparkling beverage like Champagne.

The question is sometimes asked, "Is it injurious?" To allay all doubts on that score, we would say that we have consulted many of our most eminent Chemists and Physicians, and all unite in pronouncing the use of ANTIFERMENTINE as a preservative, a perfectly safe and harmless preparation.

What It Means.

The grand jury at Corvallis failed to indict the Messrs. Job for their appropriation of the county funds of Benton county to their own individual use. This was no surprise the World's fair to the Midwinter to anyone, but in fact had been an- fair at San Francisco. This fair ticipated by many. It was well promises to be of much larger proknown that it would be very diffi- portions than was at first anticipatcult to secure a grand jury that ed. none of its members would be bound to them by political or financial obligations. For all that, however, we are informed that the jury would probably have indicted had it not been for the construction

placed upon the law. The grand jury in failing to indict have simply said to the people of Benton county that any one or 14a more of them operating under the guise of a bank may accept and convert to their own use any county, state or municipal funds which may come into their hands, and after all the wildcat schemes which they may choose to engage in have failed, go 1 43 scot tree. It has further said that of the Portland Sunday Mercury 9 24 when the Jobs took that draft from were raided, and seized Saturday the state treasurer which represent- night by the Portland police. The sas ed the college funds and paid a proprietors, pressman and news, Whiteaser, B.F. lots 1, 12, bit 3 Baker's addition to Newport.

That closed. Out of the original apis bersome words on our law books grand jury has said that when the propriation there remains \$28,000, Jobs accepted \$1,100 of the elder and Oregon's products captured of the day they were last open for business they did not know they were going to fail, but accepted the money in good faith with the in-1 40 tention of paying it back upon de-938 mand, and that they were only vertising to haul freight in car load \$43,000 and over, that they were tive by the people, again careless, but remained strictly honest. That grand jury has lutely no recourse if under the guise of a bank the public and ers, and that no matter if they do who looks at the picture mistakes keep their bank open after banking it for the picture of a group of life hours on the last day of their operations and receive money on deposit which they well knew would never

be repaid, that it is only carelessness, and not criminality. the parent head of the gigantic institutions, swindle. We will see if the Linwell knew there was none when with another evening daily.

Notice for Publication, they accepted the money and gave the worthless draft in exchange for the same. We will see if it was carelessness when they did the same with Jas. Booth, John Olsson, and others. We will see what they call taking the county funds on deposit and carrying them out in a grip to Corvallis after demand had been made for them by the treasurer, We will see what they say of a

dozen other swindling schemes. If they pass it by and call it 'carelessness' only, then indeed is our laws a farce and the name of justice but a mockery.
