The Ship Owners' Association of San Francisco has commenced a new deal in Francisco has commenced a new deal in the shipping of sailors for coasting ves-sels, and from present appearances it is likely that considerable benefit will re-sult not alone to sailors, but to owners of vessels. Briefly reviewed, the plan put in operation is to secure for coasting vessels the very best sailors that can be obtained. The men are rated according to the work that they perform. If the prove acceptable, they are compensated not only in wages but are given a rank which insures their speedy em on other vessels. Generally on other vessels. Generally speaking, affairs have run smoothly, but there are a few captains who desire to be free from all rules and would like to ship men from places and whenever they see fit. They are in the minority, bowever, and t is evident that they will have to join the majority before long. From the record book it is learned that there are applications from over 1,000 sailors, all of whom are classed under the headings of very good and good. Men are by no means scarce, and the association has made remarkable headway.
