There are many families in this rection who do not take the LEADER, some in fact who do not read any paper regularly. To all such who may chance to see this, we desire to say that one of the first duties a man owes to his family is to provide them with instructive and entertaining reading matter. It is knowledge alone, intelligence gained by the exchange of ideas, by contact of mind with mind, which raises man above the grade of an animal. There is no better, no cheaper, medium of instruction than the modern newspaper, hence the newspaper should find a place at every fireside. It is one of the the things which makes life worth living. For the trifling sum of four cents a week we offer all an opportunity to procure two of the best papers of their class in America.

The LEADER is a family newspaper which makes every effort to give all the general and local news. It will keep you informed of the world's doings, of the projects of government, of the trend of politics, and of what is going on among your neighbors. You cannot keep posted on home affairs without the LEADER. It is a necessary to your well-being as food and drink, it is a family journal overflowing with good things.
