LOCAL NOTES

John Gaither made a trip to Corvallis this week.

Mr. and Mrs. S. A. Logan were up from Newport today.

Ben Wade came over from the Valley last week and is stopping in this county for a time.

Hon. J. K. Weatherford was in Toledo last Friday, being attorney for Jones in the Jones-Hale suit.

Our young friend Charley Miller has quite a neat photo tent at Newport. Charley does good work, and being a rustler, deserves to succeed.

Quite a number of Toledo people feel under obligations to Charley Miller for his kindness in turning his photo tent over to them during the storm on the 4th.

The excursion on the Volanta on the 4th was only marred by the bad weather. Capt. Davis and his assistants handled the crowd in a courteous manner, and had the weather been pleasant the trip would have been most enjoyable.

The contractors at the Elk City stone quarry expect to complete their government contract about the first of August. They have exposed some good building stone and it is possible that the quarry will be operated for building stone after the jetty contract is filled.

Mrs. Geo. Rosebrooks, an old time resident of this place, but now of Palo Alto, California, was a passenger on the Farallon on her last trip up, and passed through here yesterday morning enroute to Dallas, Polk county, where she goes to see her aged mother, who is not expected to long survive.

The Tillamook Headlight speaks very slightly of the Siletz reservation, and says that the land is no good. When it is remembered that the Siletz and Tillamook countries are as much alike as twin peas in the same pod, and, in fact, a part of the reservation used to lie in Tillamook county, the Headlight's wail sounds a little like "sour grapes."

The McDowell murder case, which will be on trial at the coming term of district court, gives promise of being a hard fought legal contest. Both sides have engaged lawyers of state repute and great efforts will be put forth both to acquit and convict. A great array of witnesses will be subpoenaed and the indications at present are that this trial will consume the greater part of the week.

Last Friday J. Fred Yates, as referee, took the testimony for the defendants in the case of Jones vs. Hale, et al, or the Toledo Coal company case.

announced were Nelson Hale, L. B. Blain and H. C. Watson, of Albany, and Coll Van Cleve, of this place. Judging from the conflicting testimony in this case, there will be no small task for the court to reach a conclusion in the matter. Mr. Yates simply takes the testimony as referee, and does not report to the court as to the law or facts.

A charter for a G. A. R. post has been received by the old soldiers of this place and vicinity, and as soon as the proper officer arrives to muster them in they will be duly organized. If there be no other post of the name of "Lincoln" in the state they expect to give that name to this post. Just an even dozen names of old veterans will grace the roll as charter members, viz: J. S. Conklin, C. C. Kubler, Thos. Stakeley, T. J. Ewing, J. N. Arnold, J. S. Copeland, A. O. Krogstad, Joe Strong, T. P. Fish, Thos. Bepcy, Marion Williams and Coll Van Cleve.

Judge Burt and wife are visiting friends in Elk City this week.

The third child was born to President Cleveland's family on July 7th. It was a girl.

We have several extra copies of last week's issue left, which are full of information concerning the Siletz.

Mrs. Newlen and Miss Maggie McKay came over from the Siletz yesterday. Mrs. Newland expects to remain about three weeks.

Saturday on his way home from the celebration at Newport. Jack was commander in chief of the Calithumpians, but owing to the rain they did not make their appearance.

Mr. and Mrs. Al. Waugh made a visit to the Siletz this week. We heard that Al worked two days in the hay field for an Indian to get him to catch some fish so that he could have some to bring home with him.

We are informed that the core drill which is being operated in the coal belt by Dr. Bryant, has passed through a 17 inch vein of coal of good quality. It is believed that the principal vein lies just below a short distance.

A jolly party left this place last Saturday for a week's stay at Otter Rock, where they will fish, hunt and have a good time generally. The party consists of Mrs. Collins, Misses Sada and Anna Chambers, Lulu Burt, and Chester Holden, Roland Chambers and Robert Collins.

The Pioneer stone quarry has secured a large stone contract at Los Angeles, California, and have again started up work in the quarry. This is good news, as the Pioneer people have paid out many thousands of dollars in Lincoln county during the past two years, and we trust that they will be able to secure sufficient contracts to keep them steadily at work in the future.

A sort of a reflex, double-back-action, chain belt law suit made its appearance in 'Squire Hall's' court last Saturday. The case came from Siletz and was one of the last lone echoes of the 4th of July celebration. It seems that Abie Logan and Joe Morrison engaged in a sanguinary encounter in the early hours of the morning of July 5th. The case came before 'Squire Hall' on a change of venue, but as no transcript came with the case, the 'Squire' remanded it back to the Siletz court. We understand that the case has since been dropped.

There is a gentleman by the name of Mitchell, from Brooklyn, N. Y., stopping for a few days at Newport, who claims to be quite familiar with Col. Hogg and his financial affairs in New York City. He says that the Colonel is completely broken financially. His farm near that city, and all of his goods and chattels that were not exempt, have been taken on execution, and that the Colonel has no financial standing at all in business circles any more. This, if true, would seem to completely break down the theory that Col. Hogg was in the last O. P. deal behind Bonner & Hammond, or anyone else.

celebrated in Lincoln county as the state of the weather would permit. There were celebrations at Siletz and Newport, and a picnic at Chitwood. A description of the picnic is given by our correspondent from Chitwood in his usual happy style. The Siletz program was seriously interfered with by the rain, but a very good time was had nevertheless. The exercises at Newport were held in the opera house, and were very good. Miss Penn read the Declaration of Independence in an exceedingly worthy manner. Hon. J. K. Weatherford delivered an eloquent and patriotic address. Some recitations and songs by the children completed the exercises. A tug of war on the street in the evening between Toledo and Newport furnished a little excitement, till the Toledo boys drew their contestants over the mark. The attempt to make fireworks out of the old steamer Benton proved a great failure.

Miss Anna Strong went to Corvallis Tuesday where she will spend a few days.

Mrs. R. Dedrick went to Corvallis yesterday to visit Mrs. A. R. Chapman of that place.

Miss Effie Crosno went back to her school near Waldport last Sunday. She went on the Bandorille from Newport.

Everett Jones brought an egg to this office Saturday that measured 6 1/2 by 7 1/2 inches on its circumferences. This a pretty good sized

The Fourth Quarterly meeting of the M. E. Church will occur next Saturday and Sabbath. Preaching on Saturday evening and services Sabbath morning. Communion after morning service. All are invited. Rev. Parsons of Salem will conduct the meeting.

The law firm of Bryson Yates & Yates of Corvallis, has been engaged to assist the prosecution in the McDowell-McCaleb murder case. This firm is one of the strongest law firms in the valley, and will give the case a vigorous prosecution. They have been employed, we understand, by the friends of the murdered man who will bear all the expenses incurred by them.

Mr. and Mrs. J. Valaer, of Walla Walla, are in this county visiting friends and looking up some business matters. Mr. Valaer is quite an extensive sheep owner in the Walla Walla country. He informs us that times have been very close there, but the prospect is considerable brighter. The advance in wool is causing quite a revival in the sheep business. Mr. Valaer is looking up a business proposition here and may conclude to into business on the Bay again.

There is considerable interest manifested at Elk City over the notices posted by the post-office department calling for bids to carry the mail from a point 2 1/4 miles from Elk City to Elk City and return six times a week. It is not understood what is meant by it. Some are of the belief that the trains will stop leaving mail at Elk City, and will leave mail at Storms and it will then be carried to Elk City by carrier. The stations of Elk City and Pioneer are so close that it is a great bother to the company to stop their trains so frequently. Still it is very probable that a mistake has been made and the Elk City meant is in some other state.

Last Thursday morning as Mr. R. F. Rains was coming to the creamery with his milk he met with what might have been a serious accident, had not good luck attended him throughout. While driving along this side of Dave Williams' place about a half mile, one of his horses became frightened at something and made a leap forward as if to run, and then all at once began to back, and backed the whole outfit off over a hill 12 feet high. When Mr. Rains saw that they were going he jumped from the wagon and saved himself all right. The team, wagon and milk cans were piled up in a mess at the bottom, but when he came to get them out he found that no damage had been done except breaking the double-tree and spilling one can of milk. He straightened the rig up

close call, and we venture to say that he would not come off so lucky again should his rig take another tumble at the same place.

For Sale.

The undersigned offers for sale land near Chitwood station, as follows:

One tract, 67 acres: good orchard and barn; about 10 acres in cultivation. This is a splendid location and will be sold cheap for cash.

Also several small tracts, good fruit and garden land, well located. Will be sold at reasonable rates, and purchase price taken either in work or money.

A good stone quarry lying close to the O. P. track and convenient to work and load on cars, will be leased or sold to parties who will work it.

Call on or address
M. T. WHITNEY,
Chitwood, Ore.

Norton News.

We had a fine rain last week; good for gardens and late crops.

Mr. J. S. Huntington made a flying trip to Beaverton for his family week before last, returning last week.

Mr. A. Porter and wife and Mr. J. Wright and wife, of Sunshine, spent the 4th at Mr. H. Porter's.

A large crowd from here spent the 4th at the Siletz, and quite a number went to Newport. All report a wet time.

The wagon given by the county, and the \$75 given by the county, has all been put on the wagon road between here and the Benton county line, and much good has been done. Let the good work go on.

The railroad company is putting in some new bridges at this place. They are needed very much.

Almost a carload of chittim bark was loaded here last week.

There was a good attendance at Sunday school last Sunday.

REX.

Report

Of Meadow Creek school, district No. 34, for month ending June 21, 1895:

Number of days taught, 20
Number of pupils enrolled for month, 13
Average daily attendance, 12

Those neither absent nor tardy during the month were, Elmer Watkins, Lora Watkins and Lillie Brown. William Brown had not been absent or tardy until the last day of the term. The visitors for the month were Prof. Geo. Bethers, county school superintendent, C. M. Brown, chairman, Geo. Hinshaw, director, Rev. F. J. Strayer, of Toledo, Mrs. Irwin Holbrook and Mrs. C. M. Brown. A decided improvement along all lines of school work was noticeable. A good showing was also made in deportment, none going below 98 per cent, and nearly all going to 100. The patrons of the school are cordially invited to manifest more interest in the school by visiting it more frequently; also all others invited.

J. LANKS, Teacher.

Weather Report for June.

Elevation above sea level, 40 feet; mean temperature, 56; maximum temperature, 88; minimum temperature, 34; mean of maximum temperature, 77.2; mean of minimum temperature, 49.2; prevailing direction of wind, north; number of clear days, 25; number of partly cloudy days, 5.

DR. H. W. VINCENT,
Observer.

To Otter Rock Campers.

We have a stable with plenty of feed now at Otter Rock. Also a first-class pasture. We are now prepared to care for all teams brought by campers. Good water, good shade, fine camp grounds, beautiful beach, deep sea fishing and other attractions at the Rocks. The place to camp out.

JOHN SPENCER.

Notice.

TOO LATE! TOO LATE!

It is too late to get an Abstract of Title on a piece of land after you have bought it and found out that there are judgements and liens against it. The proper thing to do is to have the Lincoln County Abstract Company, of Toledo, make you an Abstract of Title before investing your money. A business man now days never buys real estate without first obtaining evidence of a good title. We warrant our work to be absolutely correct. Address,

CROSNO & PEAIRS.
