Business notices will be inserted in these columns at five cents per line per week, and will be run until ordered discontinued.

Every postmaster in Lincoln county is authorized to act as agent for the LEADER.

Official County Paper.

Remember that One Million Dollars has been appropriated to improve Yaquina Bay.

LOCAL NOTES

Men's all wool cheviot suits \$8.00 at O'Brien's.

See the line of Ladies' and Gents' \$3.00 shoes at O'Brien's.

Ladies, see the new patterns of calicos just received at Copeland's.

Call and see O'Brien's stock and get his prices, they beat any in the state.

For the best groceries and fresh fruit call at Peter Tellefson's, Yaquina City.

A new line of Gents' underwear and furnishing goods just received at Copeland's.

Flour and feed will be sold at a low price at the store of Peter Tellefson, Yaquina.

Flour, feed and everything in the merchandise line, can be had of Gowell at cut prices.

I am prepared to do all kinds of light wood turning. O. R. ALTREE, with Rice & Ross.

Hood's pills cures nausea, sick headache, indigestion, biliousness. All druggists. 25c.

The Alcatraz sailed for San Francisco yesterday morning with a cargo of Pioneer stone.

H. C. Nute, of Medford, is in this county on business connected with the estate of the late Dr. Rich.

The Steamer Farallon came in last night from San Francisco, and will sail tomorrow on her return trip.

S. G. McFadden, of Corvallis, has been awarded the contract to erect the Catholic church building at Siletz.

Feed the nerves upon pure, rich blood and you will not be nervous. Pure blood comes by taking Hood's sarsaparilla which is thus the greatest and best nerve tonic.

We are prepared to do all kinds of blacksmith and wagon work, horse-shoeing, and all kinds of repairing. Give us a call.

ROSS & RICE, Toledo.

Harry Denlinger went to Newport this week to take the testimony in the case of Chatterton vs. Williams, but the hearing before referee was postponed and the case will probably be tried in open court next week.

Travel over the O. C. & E. to Newport, Oregon's most popular summer resort, is very heavy now. Last night's train had four coaches loaded to the platforms when it passed through here. The O. C. & E. is making every effort to give their patrons good service, and their efforts seem to be reaping a well merited reward.

Wm. Brazelton cut his left thumb quite severely last Tuesday while splitting wood. The cut severed a small artery and a considerable loss of blood followed. He came to town for medical aid, and Dr. Parent being absent Dr. Carter was called from Elk City. Will Rich and John Akin succeeded in stopping the flow of the blood before Dr. Carter arrived.

Gowell will save you money.

The largest stock of groceries in Toledo, is at Gowell's.

Gowell's trade is increasing, and he appreciates your patronage.

The past few days has been a welcome change from hot to cooler weather.

Dye Wade, of Gates Oregon, is visiting friends and relatives in this county. He is a son of Mr W. J. Wade.

Capt. Robertson piloted the Steamer Richardson up to Toledo last Tuesday. The Captain is as genial, jolly and philosophical as ever.

Mr. W. J. Wade has resigned the position as farmer at the Siletz agency and John Magee, Jr., has been appointed to fill his place temporarily until the department sends a civil service man to take the place.

We acknowledge the receipt of a copy of the abstract of the eleventh census of the United States through the courtesy of Hon. Binger Hermann. The volume has much useful and valuable information in it.

The Salem Journal publishes a letter from a party of Salemites now in Alaska, and among them is Oscar Taylor, formerly of this place. The letter states that the gold prospects of that land are largely exaggerated.

The Steamer Richardson was brought up from below last Tuesday and put on the gridiron in the slough here. She is being repaired where the Farrallon smashed the guard rail, and will be repainted and otherwise fixed up.

A move is on foot to form a Bryan republican club in several of the communities in this county. The idea is to form a central club with branches in the different parts of the county, of those republicans who will support Bryan and free silver this fall.

By a recent order of the president the civil service list has been extended to include several subordinate places in the Indian service that have not been in the list before. On the Siletz agency the order places chief clerk Jas. J. Gaither and the farmer under the civil service rules.

John Scrafford received a full carload of stone from the Pioneer stone quarry Thursday. It will be used in all kinds of work known to stone cutters, and there is one particular block of stone that will be saved and worked into a fine monument for a sample. John says the stone is first-class, and such being the case, the Pioneer quarry will have a much broader field in which to operate. Were it possible to locate all the wealth the mountains of Oregon contain, who could deny the assertion that this State might rank with South Africa? A short time back nothing was known of Pioneer stone, while it is everywhere known to be the very best in the market.—Corvallis Times.

Capt. Robertson recently completed a lighter for the use of the steamer Farallon to be used in lightering goods ashore at Port Orford. There is but one dock at Port Orford, and that is owned by the Spreckles company of San Francisco, who charge not less than \$10 every time a vessel ties up to it. The Farallon people thought this was a little too high and so had a lighter constructed and will handle their freight in it. The lighter is of about ten tons capacity with water-tight hatches, and is built solid and strong enough to stand the beating and pounding it will receive from the waves as it passes from the vessel to the shore. Some idea of the strength and solidity of the craft may be gained when it is stated the smallest timber in the frame is 10 by 16 inches in size.

Gowell delivers goods free.

Maurice Peairs made a trip to the Valley this morning.

For everything in the grocery line, go to Gowell's, Toledo.

Mrs. C. G. Copeland and her mother, Mrs. Kisor, are camping at Newport for a time.

The town of Waterloo in Linn county is at present without a government, the city officers having all simultaneously resigned recently. This action was taken to avoid payment of a judgment recovered against the municipality.

J. A. Warner came over from Albany yesterday evening and will spend several days hunting and fishing in this vicinity.

A. T. Peterson has the contract for repainting the hotel in this place and is busily putting a handsome white color on the same, with the assistance of O. R. Altree.

A pony belonging to Charley Hyde disemboweled itself by getting on a snag in the tide land last Saturday night, and now Charley is minus a riding pony.

Ira Wade returned from Gates, in the Cascades, last Sunday where he has been working in a logging camp for a couple of months. He reports times very dull in that country, and comes back more highly impressed with the advantages and resources of Lincoln county.

The railroad company is laying a switch to the south ledge of stone at the Pioneer quarry, and the Stone company will soon begin quarrying in that ledge. A great advantage this ledge has over the one now being worked is that the ledge slopes up instead of down, and lessen the amount of stripping necessary to uncover the ledge. The cost of quarrying will thus be greatly lessened, as the item of stripping the ledge is one of the most expensive in connection with the quarrying of the stone.

The term of district court which convenes next Monday does not promise to be a very heavy term. As the docket now stands there are but two or three civil cases that promise to require the service of a jury to decide. There are two cases which will come before the grand jury for investigation in which the defendants are already bound over. One of them is the case of Gus Olson, bound over by the justice in Yaquina precinct on the charge of breaking into a house and stealing some property, and the other is that of Stewart Rooney, an Indian, bound over for cutting another Indian with a pocket knife. What other crimes the grand jury will be called upon to investigate, of course is not known at this time. Should the grand jury return some indictments then the length of the term will be prolonged.

It is said that the O. C. & E. railroad company will be a prominent factor in the bidding on the contract for the government work, soon to be started under the new project on the bay. Should the company become a successful bidder it will bring about quite a change in affairs on the Bay. It will no doubt be the means of influencing them to build on from Yaquina City and make the terminus of their line at Newport. Or it is intimated that they may build a cutoff, leaving the line just below Toledo, going up the Little Beaver across to Newport. This would require a tunnel but one not so long as tunnel two near the summit. This cutoff would take their track away from the edge of the bay along which it runs for nine miles from here to Yaquina. If the company should secure the contract the stone for the same would in all probability be taken from Pioneer quarry. That would make things lively there also.

For variety and quality go to Gowell's.

Chas. Reed and Mr. Burton, a couple of settlers from Salmon river, in this county, is in town today.

Captain Lutjens, of the sealing schooner Kate and Ann, now in Gray's harbor, reports having taken 600 seal and 10 sea otter skins since January 1. Though the catch is small, he claims that is the second best catch of the season. The sea otter skins are valued at \$300 each on an average, and two skins taken last season sold for \$1200 each.

Those wishing photographs will please call early as I will be at the Silets only 5 days commencing July 27th. Cabinets \$2.50 per dozen. C. R. Miller, Photographer.

J. H. Kern, of Kernville is in town today.

The case of the State vs. Zephin Job, which is on the docket for the coming term, and which has graced the docket of Lincoln county for two years and a half will probably be dismissed this term. It is very probable that Mr. Yates will not care to prosecute a case that has been willed to him by two previous district attorneys. A previous trial had on some of the same issues would seem to debar a conviction.

Died.

WILLIAMS.—At her home in Newport, on Monday, July 20, 1896, Mrs. Chas. Williams.

The deceased was the wife of Mr. Chas. Williams, of Newport. She and her husband were old settlers on the Bay, being among the early settlers of Newport. She was highly respected and universally liked by all who knew her. She had been in failing health for some time and was also quite feeble with old age. The remains were interred in the Newport cemetery on Wednesday.

Notice to Relocate Street Grade

Notice is hereby given by the Common Council of the City of Toledo, Oregon, that the said council proposes to relocate the grades upon Hill street, Gove street, Second street, Fourth street, Fifth street, Sixth street and Seventh street, in the City of Toledo.

By order of the Common Council. Dated this 20th day of July, 1896.

Attest: J. F. STEWART, City Recorder.

Hay For Sale.

I am prepared to sell and deliver hay of best quality at the lowest reasonable prices.

Charlie Johnson, Siletz, Ore.

Bruises

The wise farmer handles fruit very carefully. He knows that the bruised spots are the first to decay. So with your system. Don't let your cold continue. The hard efforts at coughing and the inflammation bruise the delicate lining to your throat and lungs. Disease germs like these bruised and weakened parts.

Scott's Emulsion of Cod-liver Oil, with Hypophosphites, will soothe the cough, relieve the inflamed membrane, and tone up the whole system.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites. Insist on Scott's Emulsion with trade-mark of man and fish. Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby. SCOTT & BOWNE, 71g. Chemists, New York

District Court Docket for Term.

The following cases are on docket for the July term of district court which convenes in this next Monday.

1. State of Oregon vs. Zephin Job; larceny of public money.
