Business locals will be inserted in these columns at five cents per line per week, and will be run until ordered discontinued.

Every postmaster in Lincoln county is authorized to act as agent for the LEADER.

Official County Paper.

LOCAL NOTES

Frank Priest was up from Newport today.

Street work in Toledo goes merrily on.

Flour and feed will be sold at a low price at the store of Peter Tellefson, Yaquina.

For the best groceries and fresh fruit call at Peter Tellefson's, Yaquina City.

Miss Maude Nevers has been assisting in the sheriff's office during the past week.

Hood's pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

Mrs. C. G. Copeland and family returned home last Sunday, after a month's camping at Newport.

Mr. Guy Miller, of Salem, is spending a few weeks' vacation in this place visiting with friends and relatives.

A great many oats are now being hauled in from the reservation, the prices being 25 cents cash or 30 cents in trade.

S. T. Jeffreys, a former Corvallis lawyer, but now of Portland, was in Toledo on a combined business and pleasure trip this week.

J. J. Bullus, of South Beach, one of the solid men of the west end of the county was up to Toledo and Pioneer the first of the week.

You can't buy happiness, but if you are suffering from dyspepsia, scrofula, salt rheum, impure blood, you may be cured and made happy by taking Hood's Sarsaparilla.

A sample of the hops from the hop yard of Fred Duncan, of Nashville, has been left at this office. The vine is heavily loaded with blossoms of large size, and they are perfectly free from all rust, mold or insect pest. They are as fine a sample of hops as we ever saw.

Supt. Irvin was up today and made the apportionment of school monies recently received from the state. The apportionment is \$1.03 per scholar, according to the last school census. Mr. Irvin informs us that there will probably be another apportionment of county funds yet this fall.

At the time of going to press the office of county judge for Lincoln county was still vacant, Gov. Lord having made no appointment to fill the vacancy. The Governor, at last accounts was in Coos county, but was expected to return to Salem some time this week when an appointment will be made.

Fred Ross, the Siletz mail driver, was unhitching his team today after getting back with the mail, and when he got them loose from the hack except one tug, the team took fright and started to run. The horse with the one tug fastened dragged the hack down the hill, turning it over and demolishing it generally. The horse ran down Second street and up Hill street to where the Altree boys were grading and run so close to one of them that the hack ran over the scraper he was using. The hack got caught in a log here and the horse stopped and was easily caught. The next time Fred unhitches he will probably look after the tugs first.

Trade at Gowell's.

Gowell sells cheap for cash.

Gowell has everything in the grocery line.

See Gowell before buying and selling.

Summer resorters have been leaving Newport at a rapid rate during the past few days. The season has been a short one on the Bay this summer.

We are prepared to do all kinds of blacksmith and wagon work, horse-shoeing, and all kinds of repairing. Give us a call.

ROSS & RICE, Toledo.

F. D. Carson has moved his family from the Episcopal parsonage, where he has been residing for a couple of years into Mrs. S. S. Pearse's house in the north part of town.

Being crowded for room and for other prudential reasons, we have discontinued the restaurant. With thanks for your patronage, we are still in the field for a share of your trade in merchandise.

C. L. GOWELL.

There will be M. E. services at the old school house next Sabbath morning and evening. "The Oppression of the Poor." Services at Mill Four at 3 o'clock p. m. This will be the last service for the conference year.

REV. POTTER, pastor.

Frank Irvine, of the Corvallis Times was up to Elk City fishing last Tuesday, and in spite of the most persistent efforts and the employment of all the known and unknown arts he never got a bite. He should have had some barefooted boy to show him how to spit on his bait.

H. R. Sturdevant and family expect to return to the east in a short time. While we hate to lose Mr. Sturdevant and his wife from our town, yet it tickles us to think that one more solid McKinley vote will be lost by his change of residence.

Since the last census of the available candidates for county judge was taken, one or two more have appeared on the scene. The field is yet open and patriots of republican persuasion who wish to save their country at \$600 per year should hasten and file their application in the Governor's office.

The directors of this school district will hold a meeting next Saturday at which time they will consider the matters concerning the schools during the coming term. They will determine how long the term will be, and will probably employ the teachers. The school district is in good shape and can probably have a six months term of school on a strictly cash basis. This will be in pleasing contrast to the old method of running the school and issuing warrants for teacher's pay.

Messrs. Krogstad, Enos and Harmon returned from a trip to the upper Siletz country yesterday. They went by boat to the falls on the Siletz and then went on foot up the river for a distance of about twenty miles. They are just a little reticent about talking about their trip and the full details are therefore kept from an anxious public. They do report, though, seeing many elk and deer signs in that upper country, and plentiful signs of other game. There is a variance in their stories regarding the size of the trout in the stream that far up, some of the party declaring that they averaged three feet in length, while the most conservative man of the party placed the size at two feet. As we do not think any of the gentlemen would prevaricate for one foot, we will just split the difference and make the general average two feet and a half.

For flour, feed and all mill stuff, go to Gowell's.

Ed. Owen and family, of Independence, Polk county, are visiting relatives in this county.

Hon. Beal Gaither accompanied by his wife, came over from the Siletz Tuesday evening.

John C. Arnold, surveyor-general for Oregon, died at his home in Portland last Monday.

Roy Wiles came up from Newport yesterday, where he has been stopping for the past month.

Ex-Gov. David R. Francis has been appointed secretary of the interior vice Hoke Smith resigned.

A gentleman by the name of Hunt, from Independence, in Polk county, was in Toledo the first of the week.

Senator Thurston has withdrawn his charge that Bryan has been in pay of silver mine owners, and made a complete retraction!

The assessor has been running a night force during the past week, so as to get the tax rolls completed in time for the meeting of the equalization board on the 31st.

The Corvallis Times prints quite an interesting item about the capture of a man-eating shark at Otter Rock. There is just a bare possibility that somebody gave the editor of the Times a fill.

The mail service between Toledo and Kernville has been established, the service being made twice a week. Until the end of the quarter the patrons of the Kernville office will have to bear the expense of the carrier themselves, and after that time a contract will be let and a route legally established. Charley Miller brought the mail out yesterday and returned today.

Dr. R. A. Parent, of this place, assisted by Dr. Merriwether, the government physician at Siletz, performed a surgical operation upon the foot of a child of Mr. and Mrs. J. H. McNeil, of Pioneer, last Sunday. The child is a boy about a year old and was afflicted with a club foot. The limb was operated upon and straightened out, the operation being completely successful.

It seems strange that the republican and democratic gold press do not touch upon the question of the pauper labor of England, Germany and the gold standard countries of Europe in the present controversy. Those countries have the gold standard, and their working men and women crawl to the noisome factories to earn the pittance which is doled out to them. Will some one please explain the benefits of the gold standard to the European workmen.—Portland Tribune.

Bryan Ratification.

Arrangements are being made to hold a grand 16 to 1 Bryan ratification meeting at some point in the county in the near future. The meeting will mark the opening of the campaign for free silver in Lincoln county, and it will be made one of the biggest events of the campaign. Good speakers from abroad will be on hand and the meeting will be a red-hot one for the gold bugs. Tull particulars as to time, place and program will be given in next week's issue, and also in posters that will be gotten out at an early date.

Born.

WAUGH.—To the wife of Al. Waugh, in this city, on Saturday, August 22, 1896, a son. Mother and child doing well.

Camp-Meeting.

The Seventh Day Adventists will hold a campmeeting at Newport on Nye creek, commencing on September 3rd and continuing for ten days. Able ministers will be in attendance, and an interesting and profitable time is assured to all.

L. W. Deyoe called us up on the telephone today to tell us that he had been fishing and had caught either 26 or 126 trout, we could not tell which he said. We tried to get him to prove it by sending a dozen or so down, but he "sassed" back, and we believe he was only telling us a—big fish story.

Henry Stuart, job printer for the Corvallis Times, came over to Chitwood on last Sunday's excursion and on the road home he went to sleep. Just on the other side of Philomath his wife awoke him and he went out on the platform to see if he could see the lights of Corvallis, and just as he leaned out to train swung around a curve and threw him off. The alarm was given and train was stopped and picked him up. He was considerably dazed and his head and hands were pretty badly cut up. No bones were broken and he will probably be all right in a week or two.

Notice.

All parties indebted to me on account must come forward and settle. I have accommodated you and now I must have money.

HENRY L.
