The baggage and express cars were uncoupled by the robbers and run ahead of the train a few hundred yards and both cars broken open. The robbers failed to open the safe in the express car. Railway officials say the booty secured was a few mail bags, but as a great portion of the mail was correspondence between banks, inclosing exchanges and remittances, and always a good proportion of cash, the loss is supposed to be of consequence.

# TOWN OF CARNEY HELD UP

## Bold Bandits Terrorize the Inhabitants

### ROBBED AND LOOTED A STORE

### Outlaws Supposed to Have Been Headed by the Notorious "Dynamite Dick." One of the Dalton Associates

Guthrie, Oct. 20.—Particulars were received today of the raid on the little town of Carney, about twenty miles east of here, yesterday. About 9 o'clock at night, six masked and armed outlaws, supposed to have been headed by the notorious "Dynamite Dick," one of the associates of the Daltons, rode into the place and held up the town. Carney is a town of about 300 people.

The robbers entered the village from the north with a great show of firearms. Two of the outlaws entered the general store of B. Fouts and compelled him and his son to open the safe. After securing about \$800 from them, they bound both father and son, threw them upon horses and carried them about two miles out of town and tied them to a tree.

In the meantime, the rest of the gang had entered the postoffice, but, failing to secure anything of value, they raided the hotel, compelling the proprietor and several traveling men who were stopping there to turn over their money, watches and jewelry. Several smaller stores were also raided.

Before entering Carney, the outlaws had taken the precaution to cut the telephone wires leading to Caudeler, so that there might be no chance of a failure.

During the raid, the bandits kept up a fusillade of bullets in all directions, terrorizing the inhabitants so that very little effort was made to resist the raiders. It was some time after the bandits had left before order could be restored and an organized pursuit begun. Finally, after considerable delay, about 100 armed men began the chase. The pursuers were divided into three bands, and went in different directions. At dark tonight, the bandits had not been overtaken.

News was received today at the United States marshal's office that two men, supposed to have been members of the gang, had called at a farmhouse about fifteen miles northeast of here and demanded food. Several deputy United States marshals are in pursuit.

### AN INTERESTING EVENT.

### Beginning of an Historical Arch in Golden Gate Park.

San Francisco, Oct. 20.—The ladies of the League of Women Voters of the American Revolution, will participate today in the realization of a cherished scheme—the tree planting to form the historical arch in Golden Gate Park. The 10th of October has been chosen because it marks the 110th anniversary of the surrender of Cornwallis. It has taken many months and a lot of perseverance to bring about the issue.

The arch to be planted, consisting of a tree from each of the original states, is 10 feet in length, and the distance between each tree will be 37 1/2 feet. Pennsylvania has the central position. On the side are the northern states, on the other the Southern. In addition to the trees and their native earth will be placed with appropriate ceremony soil from famous battlefields and historic places. Earth from the grave of Lafayette and from the cemetery of Picpus, Paris, will be deposited by M. L. de Leland, consul-general from France.

An interesting feature will be the planting of a year-old miniature oak by Helen Hollowell, registrar, and Herbert R. Baker, colorbearer of Valentine Holt Society, Children of the American Revolution. This wee tree has been grown from an acorn from the famous charter oak, of Connecticut, presented to the society by Mabel Burgess Hough, of Norwich, Conn.

Havana, Oct. 19.—Another international incident occurred in the harbor here today. The police attempted to arrest on the Ward line steamer Vigilance a passenger on the way from New York to Mexico. There was talk of possible failures. After a momentary reaction to 79c, December wheat soon went beyond the top figures, touching 79 1/4c several times within the first fifteen minutes of business. Just before 10 A. M. the market took a sudden plunge downward to 78 1/2c, reacting later to 78 3/4c. Shortly after 10 the price receded to 78 1/4c, then within a few minutes it advanced a full cent. ### CLOSE OF AN EPISODE.

### President Diaz Decorated by the King of the Belgians.

City of Mexico, Oct. 20.—An event marking the close of a great historic episode occurred yesterday, when the Belgian minister, in the name of his majesty, Leopold II, king of the Belgians, bestowed on President Diaz as a mark of the honorable regard in which the president of Mexico is held in Belgium. The significance of this act lies in the fact that King Leopold is the brother of the late Empress Carlotta, of Mexico, and his bestowal of the order upon the president of the republic is an indication that the Maximilian episode is now definitely closed. President Diaz has, as a matter of public policy, and as a means of drawing all parties and factions together and obliterating the past, bestowed high offices on distinguished adherents of the late empire, and has thus brought about an era of good feeling and fraternal sentiment previously unknown in Mexico.

### Lake Steamer Burned.

Cleveland, Oct. 20.—A special from Sturgeon Bay, Wis., says the big steamer Australasia, owned by James Corrigan, of this city, was burned last night on Lake Michigan and now lies at the bottom of Whitefish bay. The steamer, which was valued at \$60,000, was loaded with a cargo of 2,000 tons of coal for Milwaukee, caught fire about 11 o'clock. Full steam was put on and an effort made to beach the vessel, the crew in the meantime making a terrific fight against the flames. At last shoal water was reached, just as the life-saving crew arrived at the vessel and rescued the crew. The vessel soon afterward sunk.
