

# HEALTH IN MARCH, APRIL, MAY!

Use the Only Spring Remedy in the World That has Stood Every Test of Time.

## PAINE'S CELERY COMPOUND MAKES ONE WELL.

In March, April and May use Paine's celery compound.

And only Paine's celery compound! For it is nature's remedy.

Do not for a moment confound it with any of the ignorant, catchpenny, short-lived patent remedies—sarsaparillas, nervines and tonics that bear as much resemblance to Paine's celery compound as the parasitic vines do to the oaks that they live on.

Paine's celery compound cures disease. It makes people well. It has saved the lives of thousands of sufferers. It makes the weak strong.

It purifies the blood and enriches the nerves.

Every condition of winter life has been detrimental to health. There has been a steady decline in nervous vigor. Now that spring comes the body is ready to cast off unhealthy tissues if it is only given a chance. This opportunity comes when the excretory organs, kidneys, skin and bowels are made to work actively and the nerves are able to furnish sufficient energy to the digestive organs.

No remedy in the world accomplishes these results like Paine's celery compound. It nourishes, regulates and invigorates the entire nervous system from the brain to the minutest nerve filament. It causes an increased appetite and tones up the stomach to deal with the increased food. Its nourishing action is immediately manifest in a clearing up of the muddy, unhealthy skin, an increase in weight and more refreshing sleep.

First discovered after laborious, scientific research by the ablest physician America has produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, it is prescribed and publicly indorsed by the best practitioners in every city in America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is today in every sense the most popular remedy the world ever knew.

It has proven itself the greatest of all spring medicines.

In New York, Chicago, Philadelphia, Boston, St. Louis and two or three

other large cities, the leading newspapers, making their own canvasses again this year, have found that the demand for Paine's celery compound surpasses that of all other remedies together!

Paine's celery compound, taken during the early spring days, has even more than its usual remarkable efficiency in making people well. It makes short work of disease. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude, or "tired feeling," which betokens weakened nerves and poor blood.

Women working in close offices, saleswomen tired out and nervous from long hours' standing on their feet and waiting on impatient, irritating customers; overworked, worried and disheartened men and women everywhere will be astonished to find how much happier life becomes when their nerves have been strengthened and their blood purified by means of this great remedy.

No other remedy has the hearty approval of a like body of educated men and women and professional men, nor has there ever been a remedy that was

welcomed in so many intelligent, prudent homes where pains is taken to get only the best in so vital a matter. In such families all over the country Paine's celery compound is the first, last and only remedy used.

Prof. Phelps had studied the nerves in health and disease, when well nourished and when under-nourished, in men and women and children years before he looked for the remedy. Paine's celery compound is the outcome of his entire professional life. It is the one remedy that the world could not lose today at any price.

Paine's celery compound induces the body to take on solid flesh.

Physicians recognize Paine's celery compound as the one scientific spring remedy, and it is universally prescribed by them wherever there is great need of a vigorous and prompt restoring of health and strength to the worn-out system.

Paine's celery compound is the best spring remedy because it is more than a mere spring remedy. It brings about a healthy appetite, complete digestion, regular action of the bowels and the

other excretory organs whenever taken, whether in summer or in winter, but as the greatest of spring remedies it has extraordinary opportunities for inducing the body to throw off morbid humors that poison it and cause rheumatism, neuralgia, heart trouble and a general low state of the health, as in spring the system is more pliable and chronic diseases so securely lodged in the system that they are with difficulty ousted, become more tractable.

Thousands of men and women have found from personal experience that Paine's celery compound makes people well, and keeps all from sickness who take it in the spring.

Many a father and mother have noticed the unmistakable improvement in the health of their children from taking Paine's celery compound in the spring. It is the one scientifically accurate remedy fitted by its composition to thoroughly purify the blood and dispel that exhausted feeling and get rid of skin diseases, headache and fits of depression with which children with weak, nervous systems, as well as grown people, are afflicted.

### WISE AS AN OWL.

The owl is said to be the wisest of birds because he keeps both eyes and ears wide open, says nothing and keeps up a good deal of thinking. When sciatica takes hold of a man, he is wisest who says nothing but keeps his eyes and ears open for the best remedy, who thinks and knows it may result in crippling, and who binds by trial that St. Jacobs Oil is the best known remedy for its treatment and permanent cure. It penetrates to the seat of the excruciating pain, soothes and cures it, and prevents what sometimes happens—the use of the surgeon's knife to get rid of the "torment." The owl thinks and then acts quickly, and the sciatica sufferer should act promptly to arrest the progress of the disease and to restore the nerve by the use of St. Jacobs Oil to its natural condition.

The lady manager of a California insurance company is credited with the largest salary paid to any woman—\$10,000 a year.

### OVER THE PRECIPICE

Hosts of invalids tumble to destruction simply because they will exercise no discretion in the matters of eating, drinking and the avoidance of exciting causes, and, above all, in the item of medication. They persist in dosing themselves in season and out of season with drastic and violent remedies, opiates and mineral poisons. The best, the safest, the pleasantest substitute for such hurtful no-remedies is Host's Stomach Bitters, potent for malarial, rheumatic, dyspeptic, nervous and bilious complaints.

Illinois spends at least \$2,000,000 a year in punishing criminals. It spends scarcely anything for their reform.

**A** GREAT deal of nonsense has been written—and believed, about blood purifiers. What purifies the blood? . . .

**THE KIDNEYS PURIFY THE BLOOD AND THEY ALONE.**

If diseased, however, they cannot, and the blood continually becomes more impure. Every drop of blood in the body goes through the kidneys, the sewers of the system, every three minutes, night and day, while life endures.

**Safe Cure**

puts the kidneys in perfect health, and nature does the rest.

The heavy, dragged out feeling, the bilious attacks, headaches, nervous unrest, fickle appetite, all caused by poisoned blood, will disappear when the kidneys properly perform their functions.

There is no doubt about this. Thousands have so testified. The theory is right, the cure is right and health follows as a natural sequence. Be self-convinced through personal proof.

## Rheumatism

**Shot Ahead of Armor Again.**

Only a few years ago a process was discovered by means of which the armor plates of war ships could be so hardened on the face that the best projectiles were shattered on striking them. This was regarded as a decisive victory for armor over guns. Recently, however, the tables have been turned once more. The first step, according to the Scientific American, was the placing of a cap of soft steel on the point of the projectile. This enabled the shot to penetrate the armor plate by preventing the breaking of the point. Then increased velocity was given to the shot by the use of improved powder. The result was that a six-inch solid shot was sent through ten inches of face-hardened steel, twelve inches of oak-backing and three additional plates, each seven-sixteenths of an inch thick, after which the shot practically unimpaired, buried itself eight feet in a bank of sand. The experiments were made in this country, and both the best armor and the best shots are of American invention.

**Gladness Comes**

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
