

Consumption

Out-door life and Scott's Emulsion of Cod-liver Oil with Hypophosphites have cured thousands of cases of consumption in the early stages. They cure old, advanced cases too; but not so many, nor so promptly. When a case is so far advanced that a cure cannot be made, even then SCOTT'S EMULSION checks the rapidity of the disease, relieves the pains in the chest, reduces the night sweats, and makes the cough easier. In these cases it comforts and prolongs life. Don't experiment with cures that destroy the digestion. Pin your faith to the one remedy which has been THE STANDARD FOR OVER 20 YEARS.

THE REVIEW OF REVIEWS

Monthly Illustrated

Edited by ALBERT SHAW

"If only one magazine can be taken, we would suggest the REVIEW OF REVIEWS, as covering more ground than any other magazine."—Board of Library Commissioners of New Hampshire, 1896.

THIS magazine is, in its contributed and departmental features, what its readers, who include the most noted names of the English-speaking world, are pleased to call "absolutely up to date," "thoroughly abreast of the times," "invaluable," and "indispensable." It is profusely illustrated with timely portraits, views, and cartoons. Its original articles are of immediate interest, by the best authorities on their respective subjects. The Editor's "Progress of the World" gives a clear, rightly proportioned view of the history of the human race during the current month. The "Leading Articles of the Month" present the important parts of the best magazine articles that have been written in every part of the world. The newest and most important books are carefully reviewed. Indexes, chronological records, and other departments complete the certainty that the reader of the Review of Reviews will miss nothing of great significance that is said or written or done throughout the world.

Merit Talks

"Merit talks" the intrinsic value of Hood's Sarsaparilla. Merit in medicine means the power to cure. Hood's Sarsaparilla possesses actual and unequalled curative power and therefore it has true merit. When you buy Hood's Sarsaparilla, and take it according to directions, to purify your blood, or cure any of the many blood diseases, you are morally certain to receive benefit. The power to cure is there. You are not trying an experiment. It will make your blood pure, rich and nourishing, and thus drive out the germs of disease, strengthen the nerves and build up the whole system.

"Save My Child!" is the cry of many an agonized mother whose little one writhes in croup or whooping cough. In such cases, Dr. Acker's English Remedy proves a blessing and a godsend. Mrs. M. A. Burke, of 309 E. 105th St., New York, writes: "Dr. Acker's English Remedy cured my baby of bronchitis, and also gave instant relief in a severe case of croup."

We seem to have settled weather at last—that is continuous rain,—but the grass is trying very hard to grow.

Mr. Mumpower, the gentleman that has been prospecting Mr. Whitney's rock quarry, has leased the quarry for a term twenty years and has returned to Clackamas county to get his machinery and tools, and is to return soon to commence work in earnest.

Mr. M. T. Whitney is very busily engaged this fine, moist weather making cartridges for the purpose dealing out death to gophers and moles, then trying experiments on skunks, mice, moles, gophers, bugs and almost anything that comes along. Even his friends do not escape his projects, as in the evening when the people come in to get their mail he touches off one of his gopher beams which makes a huge smoke that instantly sets the people to coughing and choking, and they soon get their mail and go home. We would heartily recommend this plan to all who afflicted with bummers, it works fine.

There are two or three cougars in this neck o' the woods that are doing some bad work among the sheep and goats. Mr. Trapp caught one of them recently but he says there are about two more yet. Some people have an idea that unless they have a pack of hounds to run the cougar they cannot catch them, but we find that the hounds are a failure, and that traps and strychnine will do much better. The hounds will almost invariably will leave the cougar tracks if they run onto a fresh deer trail. And while we are talking about running deer with dogs, we would like to ask the LEADER if there is really any to prohibit running deer with hounds in Lincoln county? If there is, it surely ought to be enforced. It is really a burning shame and disgrace the way some people are running the deer day and night, when all who know anything about deer knows that it is about fawning season and if a doe is run for a quarter of an hour she will almost surely loose her offspring. Besides that the meat is not fit for food. We make no kick about a man going out and killing a deer when he is out of meat, for there are men in this country who need it badly, but when a man runs deer with dogs this time of year I think he should be severely punished.

Yours for the right,
TOM TINKER.
Chitwood, March 24.

The Kentucky legislature is in a deadlock over the election of a senator. It is time that this evil and stumbling block be removed by providing for the election of senators by a popular vote. It has got so that the election of a senator is considered by many legislatures to be of more importance than all the other interests of the state.
