HIDDEN PLACES.

Why a weasel should hate a rat is strange as he is only an elongated rat himself. Rats and mice love hidden places, and a weasel is about the only living thing that can find them out. Aches and pains are like rats and mice. They seek out the hidden places of the human system and gnaw and ravage the muscles and nerves. St. Jacobs Oil, like a weasel, knows how to go for them. It will penetrate to the secret recesses of the pain, and breaks up its habitation and drives it out. Rats and mice shun the corners where a weasel has been, and pains and aches once fairly driven out by St. Jacobs Oil are permanently cured and seldom come back to their old haunts. There must be patience with the treatment; some chronic forms are stubborn and resist, but the great remedy will finally conquer and give health and strength to the afflicted parts.

THE FAULTS AND FOLLIES OF THE AGE

Are numerous, but of the latter none is more ridiculous than the promiscuous and random use of laxative pills and other drastic cathartics. These wrench, convulse and weaken both the stomach and bowels. Dr. Hostetter's Stomach Bitters be used instead of these no-remedies, the result is accomplished without pain and with great benefit to the bowels, the stomach and the liver. Use this remedy when constipated, macilent, and thereby prevent it from becoming chronic.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NOW WITHOUT A RIVAL.

No Remedy to Compare With Paine's Celery Compound.

Read the Really Wonderful Experience of Rev. Dr. Bailey and His Good Wife, and the Indorsements of Other Eminent Divines.

Here is a letter from the pastor of the most influential church in South Baltimore, that every truth-seeker should read carefully.

Every disheartened sick person and every man or woman who has lost faith in the remedies he or she has tried because none of them has done any good—every one who is sick ought to be cheered up and filled with new hope and determination by the letter written by Rev. William T. Bailey, pastor of the Curtis Bay Church, the most influential church in South Baltimore.

On March 31, 1896, the Baltimore Sun, under display headlines, published the following news of Rev. Mr. Bailey's affliction:

"Rev. Wm. T. Bailey, pastor of the Curtis Bay Baptist church, was paralyzed in the tongue while preaching Sunday night, and lost the power of speech. The congregation was at once dismissed, and Dr. — was called. He said Mr. Bailey was suffering from a severe attack of nervous prostration caused by hard study and overwork, and that he must have rest and quiet."

The whole city was shocked. The papers soon began to record an improvement.

On April 13, 1896, the following open letter was addressed to the proprietors of Paine's celery compound:

South Baltimore, Md., April 13, 1896. Messrs. Wells, Richardson & Co.:

Gentlemen—I was taken very ill while preaching Easter Sunday night. My doctor could not help me, so I discharged him and began to use Paine's celery compound with crushing effect. I will not hesitate to say that it is the best medicine in the world. I am, Fraternally,

William T. Bailey.

Later in the year the proprietors of this wonderful remedy received still another letter from Dr. Bailey, as follows:

Gentlemen—I propose to do what I can to let people know of your Paine's celery compound, the medicine that has done me so much good. I shall in my own way, in speaking of my rapid and great improvement, from the pulpit, give, as is justly due, tribute to Paine's celery compound. I married, six years ago, Miss Lillie B. Dunnivant, a lady well known in social life, the niece of Capt. Robert F. Lewis, U. S. navy. During the whole six years she has been an invalid, suffering from hysteria, laughing, crying and screaming, so that she could be heard for squares. I have had a great deal of trouble and expense. Eighteen doctors have, first and last,

attended her, and one bottle of Paine's celery compound has done her more good than all of the other medicine. She and I are together using Paine's celery compound, and I will with pleasure let you know the result. Fraternally,

William T. Bailey.

Baltimore, May 18, 1896.

Wells, Richardson & Co.:

Gentlemen—It is impossible for me to express the emotions of my heart on the great good Mrs. Bailey and I have derived from the use of Paine's celery compound. I am a new man. We have taken together eight bottles, and I wish to continue its use. The people of my church are very kind to the poor, and I have given to some of the poor money with which to purchase the medicine. You may use my name if you wish and I will with pleasure answer all communications sent me. I believe the remedy is the best in the world. Yours very truly,

William T. Bailey.

Pastor Curtis Bay Baptist Church.

A few weeks ago there was published a testimonial of the great virtue of Paine's celery compound from Rev. Charles L. Thompson, D. D., LL. D., the eminent Presbyterian preacher of New York City. Rev. Dr. Meek, editor of the Central Methodist, recently wrote an open letter, telling that Paine's celery compound had worked a remarkable cure in his case. And last month the great temperance evangelist, Francis Murphy, told the public how Paine's celery compound had been a blessing in his family.

These are few among thousands. Every one knows conscientious, charitable persons who are too busy, more often too procrastinating, to save their health from going to pieces, and find it easier to help others than themselves. Such persons fill up the army of broken down business men and sickly women.

Every one in this spring time needs to purify the blood and regulate the nerves. Carry home today—not by and by—a bottle of Paine's celery compound. Cure nervousness, neuralgia, and rheumatism this spring. You can now put your health on a sound basis by means of Paine's celery compound.

Charity should begin at home. Attend to your own health and that of your family.

Paine's celery compound is within reach of every family where there is a member afflicted by any stomach, liver or kidney trouble. It cures permanently and rapidly.

It must be distinguished from all other remedies.
