

HIS BACK UP.

When Noah blew his horn, the camel jumped himself to get aboard, and by a freak he stayed humped all his life. Lumbago or lame back humps a man's back simply because he cannot straighten himself on account of the stiffness and soreness accompanying the ailment. Nature tipped the camel to his hump for a special purpose. Nature will help a man to get his hump right off if he uses St. Jacobs Oil, because the character of the oil is such that it needs just such a remedy to warm, soften and straighten out contracted muscles. From the time of the dawn down to the present time men have had lame backs, but only since the introduction of St. Jacobs Oil has the best cure been known. Lumbago really disappeared, but St. Jacobs Oil enables one to attend to business without loss of time.

Veteran of the Clans.

Mr. R. Menzies, the hereditary chief of the Clan Menzies, is the oldest Highland chief of any clan now living. He is in his eightieth year, and wears his winter and summer continuously. He stands 6 feet 3 inches in height.

Constipation

is a disease which afflicts over 75 per cent. of the American people. It is a dangerous disease because it not only poisons the blood but causes heaviness, oppression, and dulls the intellect. Then follow chronic headache, loss of appetite, slow digestion, nervousness, bad breath, dinky complexion and low spirits. It will eventually bring on liver and kidney disease in some incurable form. But sufferers from this dreaded malady are speedily

Cured by

Warner's SAFE Cure and Warner's SAFE Pills. Leading physicians the world over, have acknowledged this fact, and thousands of people throughout the land have testified to it.

Warner's

SAFE Cure puts a stop to backaches, headaches, constipation, loss of appetite, dyspepsia, tired feelings and sleeplessness. It builds up the exhausted system. It is a sure cure for liver and kidney complaint in any form, and the only remedy that has ever been able to cure Bright's disease.

If you are feeling the need of such a remedy, you cannot do better than try this king of remedies, the great

Safe Cure

Cancer of the Breast.

Mr. A. H. Crausby, of 158 Kerr St., Memphis, Tenn., says that his wife paid no attention to a small lump which appeared in her breast, but it soon developed into a cancer of the worst type, and notwithstanding the treatment of the best physicians, it continued to spread and grow rapidly, eating two inches in her breast. The doctors soon pronounced her incurable. A celebrated New York specialist then treated her, but she continued to grow worse and when informed that both her aunt and grandmother had died from cancer he gave the case up as hopeless.

Someone then recommended S.S.S. and though little hope remained, she began it, and an improvement was noted. The cancer commenced to heal and when she had taken several bottles it disappeared entirely, and although several years have elapsed, not a sign of the disease has ever returned.

A Real Blood Remedy.

S.S.S. (guaranteed purely vegetable) is a real blood remedy, and never fails to cure Cancer, Eczema, Rheumatism, Scrofula, or any other blood disease.

BRIEF PACIFIC COAST NEWS

A Resume of Events in the Northwest.

EVIDENCE OF STEADY GROWTH

News Gathered in All the Towns of Our Neighboring States—Improvement Noted in All Industries—Oregon.

Baker City has something of a building boom.

Sherman county has paid into the state treasury the full amount of that county's tax for 1896.

Notwithstanding the long and snowy winter in Harney county, most of the horses that were left to winter on the range are at this time in good condition.

Treasurer Kern, of Umatilla county, had a \$12,000 county warrant call published one day last week, and on the same day paid out \$7,000 on warrants, included in the call.

The annual report of the county superintendent of Linn county shows the number of persons between the ages of 4 and 20 years residing in the county to be 7,210, of which 3,501 are males and 3,709 females.

The school superintendent's report in Curry county for the years 1896 and 1897 show a gain of just six children of school age in the county during the year ending March 1, 1897—five males and one female.

News from hop yards in Lane county is that but little work has been done toward getting them in shape for cultivation. The continued wet weather kept the ground in a condition that prevented cultivation.

The sheriff of Umatilla county has begun suit in Pendleton to ascertain what expenses he is allowed under the law to incur. The case will be taken to the supreme court, and the whole question of the salary law will come up for an opinion.

A cheese factory of 200 pounds daily capacity is being built on Roberts hill, in Douglas county. The gentlemen connected with the enterprise are experienced in the cheesemaking business, and are confident of success in their new venture.

A Salem paper says that the Goodale Lumber Company is closing contracts with corporations in Mexico for 5,000,000 feet of bridge timber. It will keep the mills running full force for several weeks. The lumber will be shipped direct to Mexican points.

Two children were playing on the sidewalk in Empire, Coos county, one day last week, when a band of racing cayuses ran upon the sidewalk and right over the children before they could move. The children were fortunately but slightly injured.

A liveryman of Albany says that there are absolutely no young horses in Linn county, and few on the coast. He says within five years a good horse will command a handsome figure. He is gathering up a band of thoroughbred animals to send to a ranch in Crook county.

Washington.

Sheep to the number of 50,000, from many ranges, will be driven to Wallula to be shorn.

The grass is long enough around Coulee City now for cattle to be turned on the range.

A gentleman of Port Angeles will try the experiment of cultivating Eastern oysters in Washington harbor, Clallam county, Sequim bay.

Thirty-two mining companies have headquarters in Everett, not counting the Monte Cristo properties of the Rockefeller syndicate.

The auditor of Kittitas county last month received \$340.45 in fees, the largest amount received for any one month for a very long time.

The "scorchers" has been running over people in Port Townsend, and now the city marshal says he will enforce the ordinances prohibiting bicycle-riding on the sidewalks in the business part of the city.

The Wenatchee Water Power Company is taking advantage of the low stage of the river to secure the head of its ditch seven miles above Wenatchee. The company is putting in a wrapping wall 1,300 feet long, with a slope height of seven feet and a base of four feet the most of the distance, to protect their ditch from high water.

Professor Spillman, of the Pullman agricultural college, who has made a special study of the industry and the adaptability of the state for producing dairy products, estimates that 300 creameries could be kept busy supplying the market that can be built up for Washington dairy products by the proper development of the industry in the state.

"The reports from Skagit county that the Italian prune trees were badly injured by the extraordinary bad January freeze were greatly exaggerated," says Secretary Cass, of the state board of horticulture. "In my own orchard of nearly 1,000 trees I found the damage very slight and many of my neighbors are happily disappointed."

Gladstone Still a Dresser.

Mr. Gladstone is now very deaf, but, in spite of increasing decrepitude, he dresses as jauntily as of yore, is never seen without a flower in his coat, and can hurl defiance at the "great assassin" as forcefully as if he was 40 years younger. Somebody who saw the right honorable gentleman as he was departing for Cannes not many weeks ago writes that he reminded her of an ancient oak tree, with a pink blossoming on its hoary trunk.

Raising the Backs of Pews.

A device for heightening the backs of pews when the same are too low has been patented by a church-goer of Sandy Lake, Pa. It consists of brackets being grooved to receive the end of a panel, and having a recess in the sides of the upper part of the bracket to receive the top rail. Clamps in the center of the panel strengthen the attachment, which can be rendered as ornamental as may be desired.

Legislation in Wisconsin.

The Wisconsin senate has passed a bill providing that no foreign corporation which is a member of a trust be permitted to enforce any contract in the state. It also adopted an amendment to the general election law to allow the gold Democrats a place on the ticket and to enable them to retain their party organization. The house rejected a bill for the taxation of church property.

Leprosy Congress.

The German government is sending out invitations to an international congress on leprosy, at which Dr. Koch, the eminent bacteriologist, will preside. Sweden, Denmark, Norway and Russia have already intimated their intention of being officially represented.

REFORMS NEED MORE THAN A DAY

To bring them about, and are always more complete and lasting when they proceed with steady regularity to a consummation. Few of the observant among us can have failed to notice that permanently healthful changes in the human system are not wrought by abrupt and violent means, and that those are the most salutary medicines which are progressive. Hostetter's Stomach Bitters is the chief of these. Dyspepsia, a disease of obstinate character, is obliterated by it.

A pound of phosphorus heads 1,000,000 matches.

HOME PRODUCTS AND PURE FOOD.

All Eastern Syrup, so-called, usually very light colored and of heavy body, is made from glucose. "Tea Garden Drops" is made from pure cane and is strictly pure. It is for sale by first-class grocers in cans only. Manufactured by the PACIFIC COAST SYRUP CO. All genuine "Tea Garden Drops" have the manufacturer's name lithographed on every can.

\$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Piso's Cure for Consumption has been a God-send to me.—William B. McClellan, Chester Florida, Sept. 17, 1895.

Syrup of Figs

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

NEILL OF ARKANSAS.

Another U. S. Congressman Indorses Paine's Celery Compound.

Within the past year, among the thousands of hearty testimonials to the wonderful curative powers of Paine's celery compound that have been received by Wells, Richardson & Company—among the thousands of grateful letters received from every state and town in the country, there have come no less than six hearty indorsements from members of the national house of representatives.

All were willing that their experience should be published, believing rightly that they might thus do good to others.

In these columns have already been published, the letters received from Congressmen Meredith, Bell, Grout and Powers. Now comes a letter from Congressman Robert Neill of Arkansas, as follows:

"My home is at Batesville, Ark. During the last spring and summer my eldest daughter, then 17 years of age, was in very poor health, suffering from general debility, nervous prostration and frequent slight fevers. She had the best medical attention, but apparently with little benefit. In the latter part of September last, while still feeble she began the use of Paine's celery compound, and improved in health continuously. In three months she had fully recovered, and is now in perfect health. I am bound to think

the remedy is an excellent one, and do not hesitate to recommend it to the suffering."

To postpone at such a vital time as this regulating the nerves and purifying the blood is a serious mistake. Men and women distressed by nervous troubles or the effects of impure blood cannot afford now to lose a day before taking advantage of Paine's celery compound.

In order to avoid disappointment accept nothing but Paine's celery compound. A clerk who tries to sell something else than what people ask for is evidently not disinterested. He has an eye to profits more than to the good of customers.

There can be no substitute for Paine's celery compound.

This has been shown time and time again in cases where persons, too easily led, have carried home something besides Paine's celery compound, and have failed to get the decided benefit they had hoped for.

The strongest indorsement ever received for this great spring remedy—and no remedy ever compared with Paine's celery compound in the character and the number of the witnesses to its efficiency—the strongest indorsement it ever received did not overestimate or exaggerate in the least its unrivalled power of making people well.

Full of Life

Means full of health. Are you slow, spiritless? Are your nerves lazy, your muscles flabby and your vital functions lacking in energy and vim? Do you wake up in the morning with a dull headache, a tired, worn-out feeling, as if you had not rested? These are some of the evils that follow past wrongs. It is the weakness in your nervous system, and you need just such a remedy as

Dr. Sanden's Electric Belt...

"My general health is a good deal better than before using the Belt. My eyes are brighter and have a much better luster than before. Have gained about four pounds, and am more cheerful and in better humor than I was before. By using your Belt another month or two I hope to be cured entirely."

—CHRIS HANSEN, Ellensburg, Wash., Feb. 5, 1897.

MAKES PEOPLE STRONG.

It is a modern lifegiver. If you are weak in any respect, it will build you up. It cures all the effects of early habits and makes the nerve and vital forces as strong as ever. Examine it, if you can, or cut this out and we will send you our book, "THREE CLASSES OF MEN," free, closely sealed.

SANDEN ELECTRIC BELT CO., 253 West Washington St., Portland, Or.
