LOCAL NOTES

Gowell's prices are all right. What do you want? Gowell keeps it.

These warm days means ripe strawberries.

All the latest colorings in Gents' fancy shirts at O'Brien's.

S. A. Logan, the Newport merchant, was in town Monday.

Gowell's system of doing business saves money for the consumer.

County Commissioner F. A. Godwin was down from Nashville Tuesday night.

Fred McMurray has gone to Oregon City where he expects to get work this summer.

Work is progressing nicely on the new residence of J. S. Akin; also on that of Geo. Fouts.

J. H. Brown, of the Santiam Lumbering company, was in town on business the first of the week.

Peter Tellefson is still at Yaquina with a full line of General Merchandise. Call and see him.

Jack Allphin has become a resident of Toledo, moving down from his Little Elk ranch last Monday.

Assessor Hurley Lutz started his field work in the lower part of the county this week. He is working in Newport precinct.

All the latest styles in Tan and Ox-blood shoes and slippers at O'Brien's, Yaquina. These are the very latest in foot-wear.

Go to Gorman's, at Yaquina, if you want to buy latest improved Wheeler & Wilson sewing machines, at wholesale prices.

R. F. Simpson brought a drummer down from Elk City in a fish boat last Monday. The drummer was still alive when he got here.

M. Gregson is repairing the south shed of the sawmill building, and will put a planer in it. Mr. Gregson is getting the mill up in good shape.

Mrs. A. T. Peterson received a letter from California the first of the week announcing the serious illness of her brother, Mr. Hall, who went to California from here last fall.

Lester Waugh has the contract for excavating the cellar for the removal of about 1,200 cubic yards of dirt. He has a force of men and teams at work, and has already made much headway on the job.

Supt. Irvin exhibited the plans of the building to be erected for the Summer School at Newport, at the institute this week. The building will seat about 2,000 persons and will be a handsome and sightly one.

Valentine Thiel is having the vault at the court house enlarged. The base will be built of Pioneer stone and the vault proper of brick. This will be a much needed convenience at the court house, as the present vault is too small and has been crowded for some time.

Mr. W. A. Fash arrived from Woodburn last Tuesday evening. A car load of his goods arrived on Monday. He is busily engaged in getting his goods into his storeroom. He will soon have his stock prepared for sale, and will be ready to meet the wants of all persons desiring goods in his line.

Chattel mortgages for sale at this office.

See O'Brien's "ad" on front page.

Oliver Atree has moved his family to town.

J. N. Stark, the Yaquina furniture man was in the city last Tuesday.

Stoney Wells and Al Waugh left for Siletz yesterday morning to look after the calf market over there.

Peter Tellefson, Yaquina, has a full line in flour and millfeed, and best wheat and oats. Call and see him.

Hear that laugh? Well that is genial, jolly, Dan Hurley who has just returned from his sealing trip. Dan's friends are all glad to see him back.

S. Boe, a recent arrival from North Dakota is stopping with O. O. Krogstad for a time. He will look the country over and if suited will buy land some place in this county.

A Mr. Anderson and family, from Minnesota, are late arrivals in this place. They have purchased the J. S. Covell property just north of the hotel grounds, and have moved into it. Mr. Covell has returned to Eugene.

We made an error last week in the item concerning the operation performed upon Mr. and Mrs. Parrish's child. The operation was performed by Dr. Darnell instead of Dr. Parent, as we stated last week. Otherwise the item was correct.

T. Larson and daughter arrived on Monday from Sand Creek, Wisconsin. Mr. Larson is step father of Anton Bredeson, on Depoe slough. Mrs. Larson arriving here with the Bredeson folks last fall. They intend buying a small piece of land close to town.

There are all the elements for a prolonged fuss in that Drift Creek land business. People of different nationalities, and a disputed piece of land, makes the foundation for a big fuss, and as it too often occurs, for a tragedy. Wise and cool advice should be given and followed. We hope and believe that the worst of the case is over. It is now a matter for the land office to decide, and we hope that the settlement will be speedy and equitable.

Jack Oglesby, of Fall creek, was in Toledo today. Mr. Oglesby is having some trouble over a county road over in his country. Some stockmen have fences across the road and refuse to remove them. Mr. Oglesby appealed to the road supervisor to have the fences removed, but the supervisor refused to take any action without an order from the county court, and the court has refused to authorize the supervisor to have the fences removed. Mr. Oglesby states that he only has to open eight gates to get out from his place now.

Toledo branch of the labor exchange will burn a kiln of brick this season. The brick will be burnt on the Enos place on Depoe slough, and will consist of 100,000 in the first kiln. The work will be done on labor exchange checks, and the profits will be divided among the workers. Mr. M. L. Glass, of Harlan, will superintend the burning of the kiln. Mr. Glass is a brickmaker of considerable experience. It is said that a first-class quality of brick clay is found where the yard is located. Work has already begun preparing the yard and machinery for work. By the time that settled weather is assured the yard will be all ready to go to work.

Mr. Sam Case, of Newport, returned from Portland last week, where he has been at the hospital for a time. We are sorry to be informed that the hospital physicians gave Mr. Case no encouragement.

We are proud of one thing for Toledo, and that is her musical and literary talent. We say it, without boasting, that Toledo has more ability of the kind named above than any other town of its size in Oregon.

Do you know that if you neglect catarrh in the head it will bring on other troubles that often terminate fatally. Stop it now and be cured from that disagreeable disease, by using Prescription No. 1. For sale by O. O. Krogstad, druggist.

Mr. A. B. Hammond is expected to make a tour of inspection of the O. C. & E. line this week. As the construction of the Astoria line draws to a close it is hoped that attention will be given to the extension of the O. C. & E.

Quarterly examination of teachers again, and several applicants are present to try their skill at all the wise, deep, and sometimes shallow questions sent out by the state board. Last examination it was mental arithmetic that tripped up several of the applicants. It is thought that the members of the state board that have the framing of these lists of questions, have been too busy trying to figure out their own salaries since Kincaid has tied the treasury up, to have had any time to study out brain puzzling problems for the poor would-be pedagogues.

The Westfield, (Indiana) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L., N. A. & C. Ry., here says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—I am never without it in my family. I consider it the best remedy of the kind ever manufactured. I take pleasure in recommending it.'" It is a specific for all bowel disorders. For sale by O. O. Krogstad, druggist.

Sam Logan, well known to nearly every reader of the LEADER, has lived many years on the Bay, and during that time has "bucked" tide with small boat, steamboat and scow, in daylight and dark, in all times and through all seasons. In fact Sam has a kind of local reputation as a "bucker" of tides, it being said by many that they have seen Sam wait until the tide turned just to get to pull a boat against it. But Sam tried a new mode of bucking the tide last week, and it came pretty near being Sam's last buck. He started from Newport to Otter Rock with a span of mules and a hack load of provisions. In rounding a point Sam crowded the tide a little close and met with an accident. He thought he could get around between two waves, but he forgot that he was driving mules. The mules saw a breaker coming and stopped and all of Sam's efforts failed to get a move on them. The breaker caught the hack upsetting it, and strung his load out in the waves. Sam got his mules and himself out, but he lost his load of groceries. The next time Sam tries to buck tide it will not be with a span of mules.

Tetter, Salt-Rheum and Eczema.
The intense itching and smarting, incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25 cts. per box.

Why don't you trade at the business center?—Gowell's, Toledo, Oregon.

A change in postmasters is expected to take place at an early date at this place. The present incumbent's term expires about the present time, and his successor will no doubt be immediately appointed.

There seems to be an enormous crop of fruits of all kinds now assured in Lincoln county this year. The season is now so far advanced that no danger from frost is feared, and but little fear exists of a long continued cold rain that would injure the blossoms. Small fruits will be a little late, but a few warm days like we have had this week will bring it on rapidly. The only thing injured by the spring frosts that we have heard of has been the strawberries and a few early pears. The damage to the strawberries has been slight, and no doubt the late buds will make up a full crop.

We happened to overhear a part of a conversation between a representative of a Cascade lumber mill, and a gentleman of this place who is erecting a good sized business building, the other day, and we heard a remark made by the home gentleman that deeply impressed us. The mill representative was trying to induce him to purchase material from his mill, and said that on a bill of the size he wished, that he could get a much lower price by buying of an outside mill. The gentleman made the statement that he could not afford to buy of outside parties, no matter what the price was. That he firmly believed in patronizing home institutions whenever it was at all possible to do so. It struck us that the sentiment was a good one. If all the lumber that will be used in Lincoln county this summer be bought of Lincoln county mills, it will mean not only the keeping at home of a large sum of money, but it will also mean almost steady work for our mills, steady work for our loggers and a general benefit to the community. The difference of fifty cents or a dollar per thousand in the price of lumber should never cause any Lincoln county man to buy away from home. He will be the loser in the long run.

Sunday School Picnic.

The members of the M. E. Sunday school will have the first picnic of the season next Saturday, if the weather is fair. The picnic will be held in the grove near the Parrish school house. The committee extends an invitation to all to attend, and especially the children. The children are requested to meet at Copeland's store at 9 o'clock where teams will be provided to take them out.

New goods being received all the time at Gowell's.

The Southern Pacific Railroad Company's tax on its track in Benton county was paid Thursday. It amounted to \$1,018.10 and was paid in gold coin. The same company has to pay the taxes on 40,000 acres of land it owns in the county, amounting to \$857.60, payment of which is expected this week. The total tax the company pays in the county is \$2,042.70, a little more than one-thirtieth of the entire taxes of the county.

A class of seven applicants for certificates to teach in the common schools of Lincoln county are bending over tables and poring over hard and knotty questions up at the court house, and are being carefully watched over by County Superintendent Irvin, and his assistants, Dr. Townsend, of Newport, and Prof. Brooks, of Toledo. The class is composed of Miss Belle Woodin, Portland; Miss Alma Fish, Silverton, Or.; B. F. Wilhoit, Glen, J. J. Turnidge, Toledo; Miss Oglesby, Alsea; Mrs. Burch, Elk City; W. Wann, Yahats.

Woodmen Anniversary.

The Woodmen of this place are preparing to celebrate in a proper manner the annual anniversary of their order, which occurs on Saturday, May 22nd. The celebration will be a basket picnic. All the details will be arranged by our next issue, and will be then published.

The Best Remedy for Rheumatism.

(From the Fairhaven, (N. Y.) Register.)
Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by O. O. Krogstad, druggist.
