

Woman Talks on Woman's Ills.

Sex Shuns Publicity on Their Own Weaknesses From Sense of False Modesty.

From the Times, Los Angeles, Cal.

Women suffer from certain diseases peculiar to their sex and usually have great delicacy in speaking of such ills. Just why, we cannot say. There would seem to be no more reason for silence in such matters than there is about the ordinary every day ills. Occasionally, however, a woman of strong sense is found, and is an exception to the rule. Such a one is Mrs. Rosie S. Thompson, of 319 East First street, Los Angeles, Cal. This is what she says:

"For five or six years I was seriously ill with female complaint. I could not go about, I suffered intense pain, and at times I was hardly able to raise myself up in bed. I was then living in San Bernardino and I consulted a physician who thought he could cure me. For seven months I was under his care taking his prescriptions, but he did me no good at all, and I grew worse instead of better. Finally I tried another physician and I was under his care for several months, but he did me no more good than the first one. I tried all sorts of remedies without any beneficial effects.

"Finally I saw an advertisement of Dr. Williams' Pink Pills for Pale People, and I resolved to try them. I began taking the pills. The effect was wonderful. Almost immediately I began to improve. I have taken these pills now for six or seven months and I am entirely cured. I had previously tried every sort of remedy that I could think of, besides consulting many doctors, and nothing helped me until I took these pills. They are the best remedy I ever used, and the only one I would recommend. I am now as well as I ever was in my life and have had no return of my complaint.

"I make this statement voluntarily and in the hope that it may lead others now suffering as I suffered to try these pills.

"This statement is given solely with a view to helping others and directing their attention to the greatest medical discovery of the age—Dr. Williams' Pink Pills for Pale People.

Mrs. Rosie S. Thompson,"

VICTORIA'S DIAMOND JUBILEE.

Interesting Celebration to Be Held in Portland Oregon

The committee of arrangements for the Queen's Diamond Jubilee have everything, excepting the finishing touches, concluded for a fine celebration in Portland, Oregon. This will be commenced on Sunday afternoon, the 20th of June, at 3:30, being the anniversary on which her majesty, Queen Victoria, began her long reign, with a full choral service at Trinity Episcopal church, under the immediate charge of the Rev. John E. Simpson, but the Bishop of Oregon and other clergy will also be present and take part in the services. This service is the more interesting, as similar ones will be held all around the world, commencing with the colonies of New Zealand and Australia, thence to South Africa, and so on westward, until coming back across the Atlantic the city of St. John's, Newfoundland, will take it up, and send it on across the continent till reaching the Pacific ocean it will be sent back to the place of beginning. Every service will commence at 3:30 with the magnificent "Old Hundred," "All people that on earth do well," and promptly at 4 o'clock the service will be brought to a temporary stop, when the congregation will join in singing "God Save the Queen." The service will be printed on slips (one of the committee has generously offered to donate these) so that everyone will be enabled to join in the service, and it is expected that a great number will be present. The collection will be taken for the benefit of the hospital fund, which is being gotten up by the British-born residents of the state of Oregon, for the endowment of a bed in the Good Samaritan hospital. The choir of Trinity church are now practicing the special hymns and the service under the very able direction of Mr. Lighter, the organist, who has kindly given his services for the occasion.

On Monday evening, June 21, there will be a grand promenade concert and ball at the Armory, at which will be given songs and music of the various British countries (English, Irish, Scotch and Welsh) by the very best local artists, who in several instances will appear in the old-fashioned native costume, such as the pretty dress of the Welshwoman, with short skirts, red cloak, and the tall sugar-loaf hat. The Armory will be splendidly decorated with flags, etc., and in this connection it may be said that the secretary of the treasury, through Collector Black, has given instructions that flags for this purpose may be brought in from Victoria, B. C., free of duty, the same to be returned to Victoria. The band of the First regiment will play their best selections, which are always enjoyable. In addition to the music the ladies will have booths, representing the different divisions of the United Kingdom and colonies, at which refreshments, ice cream, badges, etc., will be sold, and these booths will be decked out in the flags and emblems of the part of the country they represent. A large number of tickets have already been sold by the various members of the committee, and from this it is easy to judge that a very great number of people will be there. The proceeds of the concert are also for the benefit of the hospital fund, and the committee especially desire that every British-born resident will go to that concert. The price of tickets has been put at 25 cents each, with children free when with their friends. This was done for the express purpose of allowing every British-born resident, however humble his station, to attend, and thereby take some part in a celebration that is not likely to occur again in their lives. While of course the concert is especially for the British-born residents, this does not mean that their American friends are not to come, as if they do they will be most heartily welcomed, and at the same time be sure of a most enjoyable entertainment.

On Tuesday evening, June 22, the celebration will be brought to a close by a banquet at the Portland hotel, which Mr. Bowers promises will surpass anything that has ever been held in that famous place for such entertainments. The menu cards are works of art, and will be treasured as souvenirs of the occasion. The dinner will commence promptly at 8:30, and after the material part has been disposed of speeches will be given by the best speakers in the city and state, including the governor and others equally well-known.

The committee appeals to all British-born residents in the state of Oregon to subscribe to the endowment of the hospital bed. This is not a city affair, but is known all over the state of Oregon as one of the most charitable institutions, where no one is ever refused, and no more worthy object could be found with which to celebrate the reign of one of the best and kindest of monarchs, than by giving something for the sick and needy. If you cannot give dollars do your best, and if you wish to subscribe so much a month for two or three years can make their payments in that way. Any of the committee will be pleased to acknowledge the receipt of any money sent them, or it can be sent to Mr. W. R. McKenzie, the secretary, Worcester block, Portland. The committee request that all non-residents, who intend being present at the banquet send in their names at once.

A BRILLIANT SOLDIER.

Gen. Forsyth Leaves the Army After Being Promoted.

Brigadier General James W. Forsyth was recently promoted to a major generalship by President McKinley, and a few days later resigned from the army. His promotion was for the purpose of giving him the highest title obtainable, and to reach it he was passed over the head of an officer who outranked him as a commanding officer. Forsyth has been a brilliant soldier and has seen much service in the West. He is 63 years old. He came out of West Point, when he was 22, a second lieutenant, and was bundled off to the West at once. He served in Washington Territory and was on the Pacific coast when the war came. Life now began to assume a bright hue for him, and he was made first lieutenant. He took ship, sailed for New York, and was

GEN. JAMES W. FORTSYTH.

ordered to Ohio, his native State. There he organized a company, became a captain of volunteers and marched off to the war. In less than a year he was in command of a brigade. Later he was placed on the staff of Gen. McClellan, and served in the peninsular and Maryland campaigns. He fought gallantly at Chickamauga and was brevetted major in the army as a reward. In 1863 he joined Gen. Sheridan on the Potomac, was made lieutenant colonel and inspector general of corps. He was again made brigadier general of volunteers for brave work at Richmond and Shenandoah, and in 1865 he was a captain in the regular army. He remained with Sheridan for some years after the war, and in 1886 he was promoted colonel at Fort Riley, and later given a brigadier generalship. He is a soldier of fine presence and is a strict disciplinarian.

AND IT DIDN'T FALL.

How a Big Chimney Was Moved Nearly 1,000 Feet.

There are two ways of moving a chimney. One way, and that usually followed, is to tear it down carefully and rebuild it in the desired place. This utilizes only the brick and means a great deal of labor. The other method of moving a chimney is to handle it much as a house would be handled and to move it bodily and without tearing it down by putting it on skids.

This latter method was followed by a firm of contractors of Bridgehampton, N. Y., in moving a chimney for the Mahanet Improvement Company at Mahanet, N. Y. The chimney is 85 feet high and 7 feet square at the base. It weighs nearly 100 tons, and yet it was moved a distance of 950 feet over rough roads and up and down steep grades without injury or accident. But six men were required to do the work. One horse attached to a windlass furnished the needed power.

The accompanying picture, made from a photograph reproduced in the Scientific American, shows the style of braces used and the sort of sled on which the chimney was moved. The skids were well greased on the bottom, and the rate of progress was so fast that but nine days elapsed from the time work was begun until the chimney was securely located on its new foundation.

A VEIL OF MIST

Rising at morning or evening from some low land, often carries in its folds the seeds of malaria. Where malarial fever prevails no one is safe, unless protected by some efficient medicinal safeguard. Hostetter's Stomach Bitters is both a protection and a remedy. No person who inhabits, or sojourns in a malarious region or country, should omit to procure this fortifying agent, which is also the finest known remedy for dyspepsia, constipation, kidney trouble and rheumatism.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

STRONG, YET WEAK

It seems almost out of place to say that a man may be a giant in physical development and yet that a strapping could outdo him in a simple test of nerve. But it's very often true. Look at the great, big, husky fellow; he could knock down an ox with his fist. But his big heart is soft, and he lacks "grit." His sympathies are as strong as his arm, but his nerve fails often and he is ashamed of himself. He does not understand it, and it does seem strange. Dr. Sanden explains the reason in his book, "Three Classes of Men."

DR. SANDEN'S ELECTRIC BELT.

This famous Belt corrects the trouble. It is worn during sleep mostly, and as nerve force or vital power is nothing but electricity, it gives the back the grit. It works altogether on the nerves and vital parts of the body, and, after it is worn six hours every day, it squeezes the forces of vitality and makes every part of the body strong. Now, drugs tear down one part to build up another, while Dr. Sanden's Electric Belt makes all parts strong. It furnishes its own power, while drugs simply drain the power that is in the body.

Railroad Trainmen

are especially liable to kidney disease, caused by the constant jolting and nervous strain to which they are subjected.

Warrant's Safe Cure

restores the kidneys to healthy action. Here is one of many testimonials on this point:

M. Nevin, 154 North Curtis Street, Chicago, Ill., says:

"I am an engineer on the Chicago and North-western Railroad, and have run an engine for the past twelve years. The constant jolting brought on kidney trouble. I tried various remedies, but not until I began the use of Warrant's Safe Cure and Warrant's Safe Pills, was I benefited. In my opinion it is the best remedy in existence for men employed on railroads and no remedy can equal it."

Warrant's Safe Cure is sold in large or (new size) small bottles, by all druggists.
