Dark and portentous grew the
atmosphere, yesterday evening for
a time, when one of our townsmen
and a rancher living below town a
mile or so met and discussed the
blackberry question, and also cussed
some on the question. By great
good luck a personal encounter was
avoided and peace, sweet peace,
finally hovered over the direful
scene. [P. S.—If William had
divided his berries with us we
would have kept quiet.]

W. M. Toner has a sample of the
Rock Creek granite that he has had
ground and polished. The sample
is surprising. It takes a handsome
polish, the faces being as smooth as
glass and the edges almost as sharp.
There can be no question about the
value of this granite. When this
ledge is once opened up to some
reasonable means of transportation
this granite will speedily become a
valuable and much used building
material.

Mr. August Fischer, who is in
Toledo this week, informs us that
they will begin at an early date to
make some necessary and substan-
tial improvements on their property
in this place. They intend to
repair the building now occupied by
Mr. Gowell, by putting a good
foundation under the same, and by
building an addition of forty feet to
the rear of it. Good solid piling
will be driven wherever needed and
the buildings put into good repair.
The little shed on the rear of the
meat market building will be torn
down and that building put into
good repair, and if rent enough can
be obtained to justify it an addition
will also be built to that building.
The extension of the Gowell build-
ing will give that gentleman suf-
ficient and much needed room for
his large stock.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting, inci-
dent to these diseases, is instantly allayed
by applying Chamberlain's Eye and
Skin Ointment. Many very bad cases
have been permanently cured by it. It
is equally efficient for itching piles and
a favorite remedy for sore nipples,
chapped hands, chilblains, frost bites
and chronic sore eyes. 25 cts. per box.
